“Veer Naris are India’s Heart” Priya,2021-06-07 As a writer, I am always fascinated towards the Books and my surroundings. I am a poet so I love to compose. I feel that my imagination is my best world. In the imaginative world of my poems, I can feel the beauty of the entire world, but this topic “VEER NARIS ARE INDIA’S HEART” is very special work in my writing career. This works reflects the realities of army men wives and also of veer Naris. To write this work I got inspiration from Ms India woman of dignity a national level beauty pageant having the motto “beauty with heart of gold. “when I became the finalist of this Platform I came to know about this social cause round. The social cause of veer naris touched my heart deeply. I came to know about the life of “VEER NARIS” and the issues they face in their life. As a writer, I feel that I can create awareness among the people with my article,” VEER NARIS ARE INDIA’S HEART.” This article reflects the life of the army. Men wives and veer naris. I feel that impression of words always remains forever in our heart. I am Inspired by Ms India Woman of dignity, Such a creative pageant in which I got such a social cause, which is a social cause of our nation. This article is my little step towards empowering Veer Naris.

Prince Naris - a Siamese Designer Chittawadi Chitrabongs,2017-10 Prince Naris' design skills were both visionary and multi-faceted; his ideas, sketches, plans and drawings came to life as temples and other buildings, interiors, murals, ceiling and other paintings, fans and even a royal banquet menu... This beautifully crafted volume offers readers an opportunity to see and examine his preliminary workings - from blueprints and

elevations through to sketches and paintings - for the first time and to gain an insight into his soul as a Royal Prince whose true calling is art and design.

(2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Vertebrates features a unique emphasis on function and evolution of vertebrates, complete anatomical detail, and excellent pedagogy. Vertebrate groups are organized phylogenetically, and their systems discussed within such a context. Morphology is foremost, but the author has developed and integrated an understanding of function and evolution into the discussion of anatomy of the various systems.
