He really, truly does. But hiding sucks. It's not the life Jamie envisioned for himself, and the strain of keeping their secret is taking its toll. It doesn't help that his new job isn't going as smoothly as he'd hoped, but he knows he can power through it as long as he has Wes. At least apartment 10B is their retreat, where they can always be themselves. Or can they? When Wes's nosiest teammate moves in upstairs, the threads of their carefully woven lie begin to unravel. **If You're Reading This, It's Too Late** Pseudonymous Bosch, 2008-10-01  
Beware! Dangerous secrets lie between the pages of this book. OK, I warned you. But if you think I'll give anything away, or tell you that this is the sequel to my first literary endeavor, *The Name of This Book is Secret*, you're wrong. I'm not going to remind you of how we last left our heroes, Cass and Max-Ernest, as they awaited initiation into the mysterious Terces Society, or the ongoing fight against the evil Dr. L and Ms. Mauvais. I certainly won't be telling you about how the kids stumble upon the Museum of Magic, where they finally meet the amazing Pietro! Oh, blast! I've done it again. Well, at least I didn't tell you about the missing Sound Prism, the nefarious Lord Pharaoh, or the mysterious creature born in a bottle over 500 years ago, the key to the biggest secret of all. I really can't help myself, now can I? Let's face it - if you're reading this, it's too late.

Into Darkness Liz Braswell, 2021-05-04 No Stuffie has ever gone into the Darkness and returned.... Clark can't wait to go away to camp this year. For the first time ever, he has actual friends to hang out with. Catherine-Lucille and D. A. will both be at Camp I Can with Clark, and C. L. has already promised to induct him into her exclusive camp club—the one for campers who know everything there is to know about the world of Monsters and how Stuffies protect kids from them. And now that he knows (or suspects . . . very strongly) that his grandma-made Stuffie, Foon, heroically saved his own father from a horrible fate, Clark is obviously bringing Foon to camp along with him. But once Clark gets to camp, he and his friends discover things are off. There are strange, gooey findings in some of the bunks, the adults are acting weird, and, worst of all, their Stuffies and dolls go missing right at the moment they need them the most—when they go on the intersession camping trip and end up trapped in a creepy old cabin. What Clark and his friends don't know, and what the mighty Foon soon discovers, is that the Monsters have launched a revenge campaign against Foon—a campaign that entails sucking the very life out of Clark. Now it's up to Foon to enter the World of Darkness and take on the Monster in charge in order to stop the plot and save Clark's life. In the long tradition of Stuffies vs. Monsters, this one's a battle for the ages—one that will certainly go down in Stuffie history.

**The Angel of Darkness** Caleb Carr, 2017-08-24 The sequel to the internationally bestselling historical thriller *THE ALIENIST*, now a major Netflix series, starring Luke Evans, Dakota Fanning and Daniel Brühl. A year after the events that took place in the bestselling *THE ALIENIST*, the cast of characters are again brought together to investigate a crime committed in the heady days of New York in the 1890s, this time narrated by the orphan Stevie Taggart. A young child, the daughter of Spanish diplomats, disappears. It seems she has been abducted but no ransom note is received and the detectives Isaacson quickly discover that a nurse, Elspeth Hunter, is probably the kidnapper. They also discover that Hunter has been a little too closely connected with the death of three other infants. But what are her motives? She married a fortune, and although she is connected to some fairly rough villains this crime does not fit their *modus operandi*. Is it something as 'simple' as psychological disturbance due to her own inability to bear children, or something more sinister unguessed at?
