Sunset in a Glass Gerry Dawes, 2021-12-16 Sunset in a Glass: Adventures of a Food and Wine Road Warrior Volume I (of IV) is a collection of non-fiction stories about the adventures of recognized Spanish food, wine and travel authority Gerry Dawes, recipient of the prestigious Spanish National Gastronomy Prize. Sunset in a Glass is

illustrated with more than 150 color and black-and-white photographs chronicling adventures from decades of living and traveling in Spain. Foreword by José Andrés. This book is perfect for armchair travelers deprived of their ability to travel because of the COVID pandemic and those undergoing Spain withdrawal. *Sunset in a Glass* is a great holiday gift for those who love travel, adventure, Spain and Spanish food and wine. The stories in this *Sunset in a Glass* are from decades of crisscrossing Spain accumulating adventures with the likes of José Andrés, Anthony Bourdain, James Earl Jones, Kenneth Tynan, Keith Hernandez, Thomas Keller, Ferran Adria, top chefs and restaurateurs, star winemakers and down home artisan wine producers, professional Ibérico ham carvers, bullfighters, flamenco artists, friends of Ernest Hemingway and a marvelous collection of women in Spain. Gerry Dawes, the unbridled Spanish food and wine enthusiast cum expert whose writing, photography, and countless crisscrossings of the peninsula have done the most to introduce Americans--and especially American food professionals--to my country's culinary life. He has connected with all manner of people working at every level and in every corner of Spain. You can step into a restaurant in the smallest town in Spain, and it turns out they know Gerry somehow.-- José Andrés, chef-restaurateur-humanitarian, Nobel Prize nominee. In his decades of wandering the back roads of Spain Gerry Dawes has built up a much stronger bank of experiences than I had to rely on when I started writing *Iberia*...His adventures far exceeded mine in both width and

depth.--James A. Michener, author of *Iberia: Spanish Travels and Reflections*. Before the golden age of food travel media, and long before Spain became the world's most exciting food destination, there was Gerry Dawes. A walking (and eating) encyclopedia of Spanish food and culture--from tapas to the culinary innovators, from artisan winemakers and cheesemakers to the sites only the locals know--Gerry has chronicled them all. Like few others, he continues to inspire and inform a generation of food writers, travelers and chefs like me.--Dan Barber, Chef-owner, Blue Hill New York and Blue Hill at Stone Barns, author of *The Third Plate: Field Notes on the Future of Food*. Thanks for your artistry. If I had not seen your photography, I would not have known you as well. --James Earl Jones, during *The Great White Hope* filming in Barcelona. Gerry Dawes has lived, analysed, argued, savoured, prodded, tested, teased and loved his way through Spain's extraordinary gastronomic heritage for decades. Food as friendship is at the core of this wild, passionate road trip through Spain. This is a masterclass in storytelling - delicious and addictive.--Gijs van Hensbergen, *Guernica: The Biography of a Twentieth-Century Icon* and *Gaudí: A Biography*. Prowling through the bodegas, tapas bars, and markets of Spain with Gerry Dawes is an educational experience, sure, but more than that it's an inside look at one of the world's great gastronomic cultures, and more than that, it's just a whole lot of fun. Gerry knows almost anyone you'd want to know in this delicious world, and those he doesn't know, once he meets them,

aren't strangers for long. Sunset in a Glass will give you a tantalizing taste of the experience.-- Colman Andrews, author of Catalan Cuisine, co-founder of Saveur. Spain wouldn't be as known to Americans without the stories Gerry tells and writes.--Chef Ferran Adrià, elBulli.

Akelare Pedro Subijana, 2017-09-22 After nearly forty years, Pedro Subijana, the three star Michelin chef and his world-famous restaurant, Akela'e, is at the forefront of the New Basque Cuisine, championed in the 70s by Juan Mari Arzak. In the words of Subijana, 'New Basque Cuisine aims to focus on seasonal products but adding a large dose of imagination and pushing back the frontiers'. Above all, he says, 'Throughout the meal, we take care of every last detail to ensure that the occasion is a memorable one'. His restaurant Akelare (a Basque word that has entered the Spanish language, meaning a coven of witches) is in a spectacular location on the slopes of the Monte Igueldo, one of the symbols of the beautiful city of San Sebastian, and looks over the Bay of Biscay; it has got to be one of the most special places for a meal anywhere in the world. Here in this visually stunning production you will find some of the culinary creations of Pedro Subijana from the last ten years and you will find excellence, innovation and the avant garde, three terms that could define Akela'e's style, as well as an insight into the work of the kitchen and its extensive team.

**Basque Gender Studies** Margaret Bullen, 2003

Bullen provides an overview of gender theory, then focuses on Basque women as agents of cultural transmission in the context of the nationalist movement, and in the diaspora. The myths surrounding Basque matriarchy and the extent of women's rule fixed in a mythical past are questioned. While the powerful mother figure has a vital role in handing down Basque language and culture, contemporary women are also breaking old stereotypes and carving out new niches for themselves, at times coming into conflict with the force of tradition. Distributed for the Center for Basque Studies.

Reales, travel to fascinating, less-visited places. Here are the best festivals, including Pamplona's famous, bull-running San Fermin. Learn how the handing-over of three cows has kept the peace for centuries, or where you can see the annual 'Benediction of the Red Pepper'. Join the walkers on the Caminos de Santiago, the pilgrim routes which still sustain the local economy, 1,000 years after they began. **Invasive Alien Species** Thammineni Pullaiah, Michael R. Ielmini, 2021-04-21 INVASIVE ALIEN SPECIES Invasive Alien Species: Observations and Issues from Around the World Volume 1: Issues and Invasions in Africa Invasive alien species are spreading into new ecosystems each year. The impacts caused by these invaders can be swift and devastating. The topic of invasive alien species

is large, complex, and globally significant at various scales, exacerbated by the globalization of world economies and increased trade and commerce that has overcome natural barriers to species movement. Invasive alien species threaten global food supplies, water quality and availability, and energy production and delivery. With the added risks associated with global climate change, the global homogenization of plants, animals, and microbes is a major factor in the decline in ecosystem health and ecosystem services worldwide. To counter this trend, there is a critical need to unify governments, cultures, and programs to improve cross-boundary coordination to effectively address the wide range of invasive alien species threats to the environment, economies, and to plant and animal health; particularly human health. This 4-volume work is the first to compile a set of useful material for key topics, to provide a better understanding of the overall global threat of invasive alien species and the diverse array of problems faced around the world, and assemble material that includes potential replicable solutions to overcome these threats. The books also highlight the threat posed by invasive alien species in terms of a global 'call to action'. Since invasive species know no boundaries, it is our hope that by compiling material from different scientific and social perspectives around the world, and sharing knowledge and examples of a diverse array of associated topics, we can advance global awareness and improve unified national responses to the threat posed by invasive alien

species.
