**A Gathering of Shadows** V. E. Schwab,2016-02-23 From #1 New York Times bestselling author V.E. Schwab Addictive and immersive, A Gathering of Shadows cements this series as a must-read. —Entertainment Weekly, grade A Four months have passed since the shadow stone fell into Kell's possession. Four months since his path crossed with Delilah Bard. Four months since Rhy was wounded and the Dane twins fell, and the stone was cast with Holland's dying body through the rift, and into Black London. In many ways, things have almost returned to normal, though Rhy is more sober, and Kell is now plagued by his guilt. Restless, and having given up smuggling, Kell is visited by dreams of ominous magical events, waking only to think of Lila, who disappeared from the docks like she always meant to do. As Red London finalizes preparations for the Element Games-an extravagant international competition of magic, meant to entertain and keep healthy the ties between neighboring countries-a certain pirate ship draws closer, carrying old friends back into port. But while Red London is caught up in the pageantry and thrills of the Games, another London is coming back to life, and those who were thought to be forever gone have returned. After all, a shadow that was gone in the night reappears in the morning, and so it seems Black London has risen again-and so to keep magic's balance, another London must fall...in V.E. Morse switched on the gramophone to 'play', and sought to switch his mind away from all the terrestrial troubles. Sometimes, this way, he almost managed to forget. But not tonight . . . Anne Scott's address was scribbled on a crumpled note in the pocket of Morse's smartest suit. He turned the corner of Canal Street, Jericho, on the afternoon of Wednesday, 3rd October. He hadn't planned a second visit. But he was back later the same day - as the officer in charge of a suicide investigation . . . The Dead of Jericho is followed by the sixth book in the detective series, The Riddle of the Third Mile.

True History of the Kelly Gang Peter Carey,2010-10-22 SOONTO BE A MAJOR MOTION PICTURE The international bestseller, Booker Prize winner, and winner of the 2001 Commonwealth Writers' Prize for Best Book. Out of 19th century Australia rides a hero of his people and a man for all nations: Ned Kelly, the son of poor Irish immigrants, viewed by the authorities as a thief (especially of horses) and, as a cold-blooded killer. To the people, though, he was a patriot hounded unfairly by rich English landlords and their stooges. In the end, Kelly and his so-called gang (his younger brother and two friends) led a massive police manhunt on a wild goose chase that lasted twenty months, in which Ned's talents as a bushman were augmented by bank robberies and the support of nearly everyone not in a uniform. His one demand - for which he would have surrendered himself was his jailed mother's freedom. Executed by hanging more than a century ago, speaking as if from the grave, Kelly still resonates as the most potent legend in the land down under.

Years ago, Peter Parker returned from the Beyonder's Battleworld sporting a sleek, new black costume — with a dark and sinister secret! But where did Hobby get these uncanny new powers? Hopefully Doctor Strange can answer that question — because reality

itself depends on it! Dread nightmares await as the mystery deepens and Peter’s world unravels — and the fate of the future lies in the hands of the Symbiote Spider-Man! Peter David and Greg Land return for the next thrilling installment woven between the classic issues of the Alien Costume Saga!

*The Teleportation Accident* Ned Beaman,2013-02-26 Long-listed for the 2012 Man Booker Prize, The Teleportation Accident is a hilarious sci-fi noir about sex, Satan, and teleportation devices. When you haven't had sex in a long time, it feels like the worst thing that could ever happen. If you're living in Germany in the 1930s, it probably isn't. But that's no consolation to Egon Loeser, whose carnal misfortunes will push him from the experimental theaters of Berlin to the absinthe bars of Paris to the physics laboratories of Los Angeles, trying all the while to solve two mysteries: Was it really a deal with Satan that claimed the life of his hero, Renaissance set designer Adriano Lavicini, creator of the so-called Teleportation Device? And why is it that a handsome, clever, modest guy like him can't-just once in a while-get himself laid? Ned Bauman has crafted a stunningly inventive, exceptionally funny, dangerously unsteady and (largely) coherent novel about sex, violence, space, time, and how the best way to deal with history is to ignore it.
