Paper Towns John Green,2013 Quentin Jacobson has spent a lifetime loving Margo Roth Spiegelman from afar. So when she cracks open a window and climbs into his life - dressed like a ninja and summoning him for an ingenious campaign of revenge - he follows. The Voice of the Night Dean Koontz,1991-07-01 #1 New York Times bestselling author Dean Koontz gives a new meaning to "blood brothers" in this chilling novel of friendship gone awry... No one could understand why Colin and Roy were best friends. Colin was so shy; Roy was so popular. Colin was nervous around girls; Roy was a ladies' man. Colin was fascinated by Roy—and Roy was fascinated by death. Then one day Roy asked his timid friend: "You ever killed anything?" And from that moment on, the two were bound together in a game too terrifying to imagine...and too irresistible to stop.

Cultures of War: Pearl Harbor / Hiroshima / 9-11 / Iraq John W.

Dower,2010-09-17 Finalist for the 2010 National Book Award in Nonfiction: The Pulitzer Prize-winning historian returns with a groundbreaking comparative study of the dynamics and pathologies of war in modern times. Over recent decades, John W. Dower, one of America's preeminent historians, has addressed the roots and consequences of war from multiple perspectives. In *War Without Mercy* (1986), winner of the National Book Critics Circle Award, he described and analyzed the brutality that attended World War II in the Pacific, as seen from both the Japanese and the American sides. *Embracing Defeat* (1999), winner of numerous honors including the Pulitzer Prize and the National Book Award, dealt with Japan's struggle to start over in a shattered land in the immediate aftermath of the Pacific War, when the defeated country was occupied by the U.S.-led Allied powers. Turning to an even larger canvas, Dower now examines the cultures of war revealed by four powerful events—Pearl Harbor, Hiroshima, 9-11, and the invasion of Iraq in the name of a war on terror. The list of issues examined and themes explored is wide-ranging: failures of intelligence and imagination, wars of choice and "strategic imbecilities," faith-based secular thinking as well as more overtly holy wars, the targeting of noncombatants, and the almost irresistible logic—and allure—of mass destruction. Dower's new work also sets the U.S. occupations of Japan and Iraq side by side in strikingly original ways. One of the most important books of this decade, *Cultures of War* offers comparative insights into individual and institutional behavior and pathologies that transcend "cultures" in the more traditional sense, and that ultimately go beyond war-making alone.

What Video Games Have to Teach Us About Learning and Literacy. Second Edition James Paul Gee, 2014-12-02 James Paul Gee begins his classic book with I want to talk about video games--yes, even violent video games--and say some positive things about them. With this simple but explosive statement, one of America's most well-respected educators looks seriously at the good that can come from playing video games. In this revised edition of *What Video Games Have to Teach Us About Learning and Literacy*, new games like *World of Warcraft* and *Half Life 2* are evaluated and theories of cognitive development are expanded. Gee looks at major cognitive activities including how individuals develop a sense of identity, how we grasp meaning, how we evaluate and follow a command, pick a role model, and perceive the world.

Nobody's Fool Richard Russo, 2011-11-09 From the Pulitzer Prize-winning author of *Empire Falls*, this slyly funny, moving novel about a blue-collar town in upstate New York--and about Sully, one of its unluckiest citizens, who has been doing the wrong thing triumphantly for fifty years--is a classic American story. Remarkable.... A revelation of the human heart. --The Washington Post Divorced from his own wife and carrying on halfheartedly with another man's, saddled with a bum knee and friends who make enemies redundant, Sully now has one new problem to cope with: a long-estranged son who is in imminent danger of following in his father's footsteps. With its uproarious humor and a heart that embraces humanity's follies as well as its triumphs, *Nobody's Fool*, from Pulitzer Prize-winning author, Richard Russo, is storytelling at its most generous. *Nobody's Fool* was made into a movie starring Paul Newman, Bruce Willis, Jessica Tandy, and Melody Griffith. Look for *Everybody's Fool*, available now, and *Somebody's Fool*, coming soon.
