Granville Allen Mawer

Art and Politics under Modern Dictatorships Caterina Preda, 2017-07-19 This book analyzes the relationship between art and politics in two contrasting modern dictatorships. Through a detailed look at the Chilean and Romanian dictatorships, it compares the different ways in which political regimes convey their view of the world through artistic means. It examines how artists help \ convey a new understanding of politics and political action during repressive regimes that are inspired by either communism or anti-communism (neoliberalism, traditionalist, conservative). This book demonstrates how artistic renderings of life during dictatorships are similar in more than one respect, and how art can help better grasp the similarities of these regimes. It reveals how dictatorships use art to symbolically construct their power, which artists can consolidate by lending their support, or deconstruct through different forms of artistic resistance.

Historical contributions ,1996

Fantasies of Salvation Vladimir Tismaneanu, 2009-06-28 Eastern Europe has become an ideological battleground since the collapse of the Soviet Union, with liberals and authoritarians struggling to seize the ground lost by Marxism. In *Fantasies of Salvation*, Vladimir Tismaneanu traces the intellectual history of this struggle and warns that authoritarian nationalists pose a serious threat to democratic forces. A leading observer of the often baffling world of post-Communist Europe, Tismaneanu shows that extreme nationalistic and authoritarian thought has been influential in Eastern Europe for much of this century, while liberalism has only shallow historical roots. Despite democratic successes in places such as the Czech Republic and Poland, he argues, it would be a mistake for the West to assume that liberalism will always triumph. He backs this argument by showing how nationalist intellectuals have encouraged ethnic hatred in such countries as Russia, Romania, and the former Yugoslavia by reviving patriotic myths of heroes, scapegoats, and historical injustices. And he shows how enthusiastically these myths have been welcomed by people desperate for some form of salvation from political and economic uncertainty. On a theoretical level, Tismaneanu challenges the common ideas that the ideological struggle is between right and left or between nationalists and internationalists. In a careful analysis of the conflict's ideological roots, he argues that it is more useful and historically accurate to view the struggle as between those who embrace the individualist traditions of the Enlightenment and those who reject them. Tismaneanu himself has been active in the intellectual battles he describes, particularly in his native Romania, and makes insightful use of interviews with key members of the dissident movements of the 1970s and 1980s. He offers original observations of countries from the Baltic to the Black Sea and expresses his ideas in a vivid and forceful style. *Fantasies of Salvation* is an indispensable book for both academic and nonacademic readers who wish to understand the forces shaping one of the world's most important and unpredictable regions.

Stalinism for All Seasons Vladimir Tismaneanu, 2003-10-15 This history of the Romanian Communist Party (RCP) traces its origins as a tiny, clandestine revolutionary organization in the 1920s, to its years in national power from 1944 to 1989, and to the post-1989 metamorphoses.

Transitional Justice in Eastern Europe and the former Soviet Union Lavinia Stan, 2009-01-13 During the last two decades, the countries of Eastern Europe and the former Soviet Union have attempted to address the numerous human rights abuses that characterized the decades of communist rule. This book examines the main processes of transitional justice that permitted societies in those countries to come to terms with their recent past. It explores lustration, the banning of communist officials and secret political police officers and informers from post-communist politics, ordinary citizens' access to the remaining archives compiled on them by the communist

secret police, as well as trials and court proceedings launched against former communist officials and secret agents for their human rights trespasses. Individual chapters explore the progress of transitional justice in Germany, the Czech Republic, Slovakia, Poland, Hungary, Romania, Bulgaria, Albania, Slovenia and the successor states of the former Soviet Union. The chapters explain why different countries have employed different models to come to terms with their communist past; assess each country's relative successes and failures; and probe the efficacy of country-specific legislation to attain the transitional justice goals for which it was developed. The book draws together the country cases into a comprehensive comparative analysis of the determinants of post-communist transitional justice, that will be relevant not only to scholars of post-communist transition, but also to anyone interested in transitional justice in other contexts.

Inventing the Jew Andrei Oisteanu, 2009-05-01 *Inventing the Jew* follows the evolution of stereotypes of Jews from the level of traditional Romanian and other Central-East European cultures (their legends, fairy tales, ballads, carols, anecdotes, superstitions, and iconographic representations) to that of high cultures (including literature, essays, journalism, and sociopolitical writings), showing how motifs specific to folkloric antisemitism migrated to intellectual antisemitism. This comparative perspective also highlights how the images of Jews have differed from that of other strangers such as Hungarians, Germans, Roma, Turks.

Uncommon Valour Granville Allen Mawer, 2019-03-30 A military historian presents a provocative study of the Victoria Cross, the heroes it honors, and the ethics of the British honors system. What is the nature of courage? How and when should it be recognized? How has our appreciation of it changed over time? These are among the questions Granville Allen Mawer seeks to answer in this absorbing history of the Victoria Cross, the highest honor awarded to members of the British Armed Forces for valor in the presence of the enemy. *Uncommon Valor* is both an analytical account of the institution of the Victoria Cross and a fascinating study of the ethics of rewarding bravery. It explores the origin of the award, the rationale behind individual awards, and the ways in which the institution has evolved over its long history. Historian Granville Allen Mawer compares individual actions that led to a Victoria Cross, analyzing the circumstances in which they took place, the character of the individual concerned, and the shifting criteria for giving awards. This unconventional treatment of the Victoria Cross may be controversial, but it should stimulate a deeper understanding of the history of the medal and of the heroism of those to whom it has been awarded.

From Francis Bacon to William Golding Minodora Barbul, Ramona Demarcsek, Ligia Tomoiagă, 2012-04-25 This volume is dedicated to Francis Bacon, to William Golding and to the tradition of writing utopias and dystopias. Although some of the articles contained herein were presented at the conference from which this book originated, there are also other contributions which join these to complete a 21st century vision on utopia, from the point of view of specialists in philology, philosophy, anthropology, etc. The novelty of such an undertaking comes from the fact that the editors enabled researchers from different fields to come together and create an interdisciplinary volume which contains very rigorous academic work alongside more relaxed essays.

Church and State Cristian Romocea, 2011-04-21 Twenty years have passed since the fall of the Iron Curtain, yet emerging democracies continue to struggle with a secular state which does not give preference to churches as major political players. This book explores the nationalist inclinations of an Eastern Orthodox Church as it interacts with a politically immature yet decisively democratic Eastern European state. Discussing the birth pangs of extreme nationalist movements of the twentieth century, it offers a creative retelling of the ideological idiosyncrasies which have characterized Marxist Communism and Nazism. Cristian Romocea provides a constant

juxtaposition of the ideological movements as they interacted and affected organized religion, at times seeking to remove it, assimilate it or even imitate it. Of interest to historians, theologians and politicians, this book introduces the reader, through a case study of Romania, to relevant and contemporary challenges churches worldwide are facing in a context characterized by increased secularization of the state and radicalization of religion.

Transitional Justice in Post-Communist Romania Lavinia Stan, 2013 This is the first volume to overview the complex Romanian transitional justice effort, detail the political negotiations that have led to the adoption and implementation of relevant legislation, and assess these processes in terms of their timing, sequencing, and impact on democratization.

Science Fiction George Slusser, 2022-01-04 In this work, renowned scholar George Slusser analyzes science fiction's history by focusing on important thinkers, overlooked by other critics, who made key contributions to the development of science fiction as a global literature.

Dijalog Povjesničara-Istoričara 8 Hans-Georg Fleck, Igor Graovac, 2004

John Steinbeck in East European Translation Danica Čerče, 2017-05-11 This volume narrows a huge gap in regard to Steinbeck translations in Eastern Europe, here considered in terms of the political division between Western Europe and the Soviet-dominated East. As the only book of its kind, and although intended for both literature scholars and the broader arts community, it makes an important contribution to Steinbeck and American literature studies, and is useful for scholars of the languages discussed here. Although Steinbeck is regarded as an American writer of high repute, his appeal and influence extend far beyond the borders of North America. As documented here, he was particularly popular in Eastern Europe, where he inadvertently served political purposes. Evaluated through an ideological lens, the sole value of his works was seen to reside in their utility to oppressive political regimes. Even works that clearly showed Steinbeck venturing into new topics and forms could not escape an ideological burden, whereas several others that lacked social necessity and documentary integrity were unjustifiably marginalised or consigned to oblivion. As this study also shows, only recently, following the fall of totalitarian rule, have Steinbeck's works started to be approached from the various angles of contemporary criticism. The acknowledgement that there is much more to recommend in his books than that which was praised by those who, blinded by their commitment or because of imposed limitations on expectations, showed no appreciation for the variety and subtlety of Steinbeck's writing, explains the recent renaissance of interest in the whole of Steinbeck's oeuvre. Indeed, viewed without preconceived ideas and accepted for what they are, it is impossible not to respond to Steinbeck's exploration of issues of freedom, individual choice, and relationships, and not to notice that he was much more than merely a proletarian writer.

Rjecnik hrvatskoga ili srpskoga jezika na svijet, izdaje Jugoslavenska akademija znanosti i umjetnosti , 1916

Violence as a Generative Force Max Bergholz, 2016-11-29 During two terrifying days and nights in early September 1941, the lives of nearly two thousand men, women, and children were taken savagely by their neighbors in Kulen Vakuf, a small rural community straddling today's border between northwest Bosnia and Croatia. This frenzy—in which victims were butchered with farm tools, drowned in rivers, and thrown into deep vertical caves—was the culmination of a chain of local massacres that began earlier in the summer. In *Violence as a Generative Force*, Max Bergholz tells the story of the sudden and perplexing descent of this once peaceful multiethnic community into extreme violence. This deeply researched microhistory provides provocative insights to questions of global significance: What causes intercommunal violence? How does such violence between neighbors affect their identities and relations? Contrary to a widely held view that sees nationalism leading to violence, Bergholz reveals how the upheavals wrought by local killing actually created dramatically new perceptions of ethnicity—of oneself, supposed brothers, and those perceived as others. As a consequence, the violence forged new communities, new forms and configurations of power, and new practices of nationalism. The history of this community was marked by an unexpected explosion of locally executed violence by the few, which functioned as a generative force in transforming the identities, relations, and lives of the many. The story of this largely unknown Balkan community in 1941 provides a powerful means through which to rethink fundamental assumptions about the interrelationships among ethnicity, nationalism, and violence, both during World War II and more broadly throughout the world.

Unveiling the Power of Verbal Art: An Emotional Sojourn through **Nemira 12**

In a global inundated with displays and the cacophony of instant connection, the profound energy and psychological resonance of verbal beauty often fade into obscurity, eclipsed by the regular onslaught of sound and distractions. Nemira 12 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nemira 12 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nemira 12 has opened up a world of

possibilities. Downloading Nemira 12 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nemira 12 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nemira 12. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for

undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nemira 12. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nemira 12, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nemira 12 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the

vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Nemira 12 Books

1. Where can I buy Nemira 12 books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Nemira 12 book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Nemira 12 books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Nemira 12 audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on

social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Nemira 12 books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
