Form, Fit, Fashion Jay Calderin, 2009-12-01 An indispensable primer for students and first-stop reference for professionals, *Form, Fit, and Fashion* guides the fashion designer through the entire design process, from conceiving a garment to marketing it. This handbook collects the information and ideas essential to planning and executing fashion projects of every scale and distills them in an easy-to-use format that is compact enough to slip into a tote. Linking six central phases in the cycle of fashion—"research, editing, design, construction, connection, and evolution"—*Form, Fit, and Fashion* will help designers to develop effective strategies for building a cohesive collection and communicating their vision.

*A History of Graphic Design* Philip B. Meggs, 1992 Here is the first definitive history of graphic communication. More than a thousand vivid illustrations chronicle our fascinating & unceasing quest to give visual form to ideas.

*In Praise of Copying* Marcus Boon, 2010 This book is devoted to a deceptively simple but original argument: that copying is an essential part of being human, that the ability to copy is worthy of celebration, and that, without recognizing how integral copying is to being human, we cannot understand ourselves or the world we live in. In spite of the laws, stigmas, and

anxieties attached to it, the word “copying” permeates contemporary culture, shaping discourse on issues from hip hop to digitization to gender reassignment, and is particularly crucial in legal debates concerning intellectual property and copyright. Yet as a philosophical concept, copying remains poorly understood. Working comparatively across cultures and times, Marcus Boon undertakes an examination of what this word means—historically, culturally, philosophically—and why it fills us with fear and fascination. He argues that the dominant legal-political structures that define copying today obscure much broader processes of imitation that have constituted human communities for ages and continue to shape various subcultures today. Drawing on contemporary art, music and film, the history of aesthetics, critical theory, and Buddhist philosophy and practice, *In Praise of Copying* seeks to show how and why copying works, what the sources of its power are, and the political stakes of renegotiating the way we value copying in the age of globalization.

Drawing Futures Bob Sheil, Frédéric Migayrou, Luke Pearson, Laura Allen, 2016-11-11 *Drawing Futures* brings together international designers and artists for speculations in contemporary drawing for art and architecture. Despite numerous developments in technological manufacture and computational design that provide new grounds for designers, the act of drawing still plays a central role as a vehicle for speculation. There is a rich and long history of drawing tied to innovations in technology as well as to revolutions in our philosophical understanding of the world. In reflection of a society now underpinned by computational networks and interfaces allowing hitherto unprecedented views of the world, the changing status of the drawing and its representation as a political act demands a platform for

reflection and innovation. Drawing Futures will present a compendium of projects, writings and interviews that critically reassess the act of drawing and where its future may lie. Drawing Futures focuses on the discussion of how the field of drawing may expand synchronously alongside technological and computational developments. The book coincides with an international conference of the same name, taking place at The Bartlett School of Architecture, UCL, in November 2016. Bringing together practitioners from many creative fields, the book discusses how drawing is changing in relation to new technologies for the production and dissemination of ideas.

**Tailgreat** John Currence, 2020-08-25 Bring home all the flavors and excitement of game day thanks to a lifetime of tailgating wisdom from James Beard Award winner and Top Chef Masters contestant John Currence. John Currence is one of the most celebrated and beloved chefs in America, but he's also a tailgating fanatic. For years he has prepared fans to go into battle before football games on his home turf in Oxford, Mississippi, supplying them with dishes that go way beyond the expected burgers and hot dogs. In Tailgreat he makes his case that tailgating food can be so much more than sad store-bought dips and chips, as we celebrate the spirit of coming together with friends and family to support a common cause: our team. The dishes are flavor-packed hits like Korean BBQ Wings, Grilled Corn Guacamole, Sweet Mustard Pulled Pork, and NOLA Roast Beef Po'Boy Bites. With these recipes you will surely lead your team, or at least your next meal, to victory.

Gestures Vilém Flusser, 2014-06-01 Throughout his career, the influential new media theorist Vilém Flusser kept the idea of gesture in mind: that people express their being in the world through a sweeping range of movements. He reconsiders familiar actions—from speaking and painting to smoking and telephoning—in terms of particular movement, opening a surprising new perspective on the ways we share and preserve meaning. A gesture may or may not be linked to specialized apparatus, though its form crucially affects the person who makes it. These essays, published here as a collection in English for the first time, were written over roughly a half century and reflect both an eclectic array of interests and a durable commitment to phenomenological thought. Defining gesture as “a movement of the body or of a tool attached to the body for which there is no satisfactory causal explanation,” Flusser moves around the topic from diverse points of view, angles, and distances: at times he zooms in on a modest, ordinary movement such as taking a photograph, shaving, or listening to music; at others, he pulls back to look at something as vast and varied as human “making,” embracing everything from the fashioning of simple tools to mass manufacturing. But whatever the gesture, Flusser analyzes it as the expression of a particular form of consciousness, that is, as a particular relationship between the world and the one who gestures.

*This Coven Won't Break* Isabel Sterling, 2021-08-31 Isabel Sterling's

gripping sequel to *These Witches Don't Burn* is equal parts sweet romance and thrilling mystery. Hannah Walsh just wants to finish high school. It's her senior year, so she should be focusing on classes and hanging out with her new girlfriend, Morgan. But it turns out surviving a murderous Witch Hunter doesn't exactly qualify as a summer vacation, and now the rest of the Hunters seem more intent on destroying her magic than ever. Of course, Hannah knows a thing or two about juggling romance and recon missions, so when she learns the Hunters have armed themselves with a serum capable of taking out entire covens at once, she doesn't think twice about helping. Hannah could be the best shot at finally defeating the Hunters. After all, she's one of the only Witches to escape a Hunter with her magic intact. Or so everyone believes... As the Hunters get dangerously close to their final target, and Hannah is at risk of losing everything she's ever known, will all the witches in Salem be enough to stop an enemy determined to destroy magic for good?

**The Philadelphia Reader** Robert Huber, Benjamin Wallace, 2006-07-21 Do you love Philadelphia? Do you love good writing? Well, this is the book for you. It's about the people of Philadelphia--the good, the fine, and the imperfect. Yes, the sports heroes are here--Mike Schmidt, Julius (Dr. J.) Erving. And the politicians--Ed Rendell, John Street. And the moguls--Brian Roberts, Comcast honcho. And the would-be moguls--Mark Yagalla, world-class embezzler. And so many more, including--writing in their own words--Terry Gross, Patti LaBelle, W. Wilson Goode, Sr., Judy Wicks, Judith Rodin, and Smarty Jones (proving that this horse is no one-trick pony). And so many more--25 of them in all. The people--and the horse--who have meant something to this city during the last 20 years. Ripped from the pages of Philadelphia magazine (well, OK, carefully removed and lovingly pasted into this book), here are profiles of the people who made an era.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes

to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**We Are Watching Eliza Bright** A.E. Osworth, 2021-04-13 Named a Best Book of 2021 by NPR • Harper's Bazaar • CrimeReads • Electric Literature • Autostraddle • The Globe and Mail In this thrilling story of survival and anger, a woman has her whole life turned upside down after speaking out against workplace hostility-and inadvertently becomes the leader of a cultural movement. Eliza Bright was living the dream as an elite video game coder at Fancy Dog Games when her private life suddenly became public. But is Eliza Bright a brilliant, self-taught coder bravely calling out the toxic masculinity and chauvinism that pervades her workplace and industry? Or, is Eliza Bright a woman who needs to be destroyed to protect the sanctity of gaming culture? It depends on who you ask... When Eliza reports an incident of workplace harassment that is quickly dismissed, she's forced to take her

frustrations to a journalist who blasts her story across the Internet. She's fired and doxxed, and becomes a rallying figure for women across America. But she's also enraged the beast that is male gamers on 4Chan and Reddit, whose collective, unreliable voice narrates our story. Soon Eliza is in the cross-hairs of the gaming community, threatened and stalked as they monitor her every move online and across New York City. As the violent power of an angry male collective descends upon everyone in Eliza's life, it becomes increasingly difficult to know who to trust, even when she's eventually taken in and protected by an under-the-radar Collective known as the Sixsterhood. The violence moves from cyberspace to the real world, as a vicious male super-fan known only as The Inspectre is determined to exact his revenge on behalf of men everywhere. We watch alongside the Sixsterhood and subreddit incels as this dramatic cat-and-mouse game plays out to reach its violent and inevitable conclusion. This is an extraordinary, unputdownable novel that explores the dark recesses of the Internet and male rage, and the fragile line between the online world and real life. It's a thrilling story of female resilience and survival, packed with a powerful feminist message.

Metagestures Dominic Pettman, Carla Nappi, 2019-05-16 What kinds of knowledge and understandings of the world can be generated - and shared - when we use para-academic techniques and sensibilities to decode or respond to relatively orthodox intellectual objects? And what worlds might be possible if we practiced scholarly work from a place of collaboration and pleasure, as joyful fellow explorers? In METAGESTURES, historian Carla Nappi and cultural theorist Dominic Pettman explore the use of fiction as a tool to write and think with works of theory. Taking Vilém Flusser's GESTURES as its point of inspiration and departure, METAGESTURES collects 16 pairs of short stories in

which Pettman and Nappi make fictional worlds that animate and enliven each of the major gestures in Flusser's book. Nappi and Pettman focus on Flusser's mediations on the gestures of filming, planting, loving, smoking a pipe, turning a mask around, and much more, with their own creative explorations of each theme, in a gathering of short fictions that test, expand, and further the social scientific claims of the original text with new scenarios and occasions. Here, Flusser's reflections on physical gesture serve as an inspiration for new ways of conceiving and conducting theory, and for thoughtful creative scholarly imagining, with and alongside one another. Carla Nappi is a historical pataphysicist and Mellon Chair in History at the University of Pittsburgh. She has published widely in the history of bodies, medicine, and translation in early modern China, and you can explore her recent shenanigans at [carlanappi.com](http://carlanappi.com). Dominic Pettman is Professor of Culture & Media at the New School for Social Research and Eugene Lang College, and the author of numerous books on technology, humans, and other animals; including the recent *Creaturely Love* (Minnesota University Press) and *Sonic Intimacy* (Stanford University Press).
