Samantha Schmehl Hines,Kathryn Moore Crowe

*Net Nanny* Net Nanny Ltd,1995

**Maximum PC** ,2007-07 Maximum PC is the magazine that every computer fanatic, PC gamer or content creator must read. Each and every issue is packed with punishing product reviews, insightful and innovative how-to stories and the illuminating technical articles that enthusiasts crave.

**Framing Internet Safety** Nathan W. Fisk,2016-12-12 An examination of youth Internet safety as a technology of governance, seen in panics over online pornography, predators, bullying, and reputation management. Since the beginning of the Internet era, it has become almost impossible to discuss youth and technology without mentioning online danger—pornography that is just a click away, lurking sexual predators, and inescapable cyberbullies. In this book, Nathan Fisk takes an innovative approach to the subject, examining youth Internet safety as a technology of governance—for information technologies and, by extension, for the forms of sociality and society they make possible. He argues that it is through the mobilization of various discourses of online risk that the everyday lives of youth are increasingly monitored and policed and the governing potentials of information technologies are explored. Fisk relates particular panics over youth Internet safety to patterns of technological adoption by young people, focusing on the policy response at the federal level aimed at producing future cybercitizens. He describes pedagogies of surveillance, which position parents as agents of surveillance; the evolution of the youth Internet safety curricula, as seen through materials on cyberbullying and online reputation management; and, drawing on survey results and focus groups, parent and child everyday practice. Finally, Fisk offers recommendations for a “cybersafety of everyday life,” connecting youth Internet safety to trends in national infrastructure protection and corporate information assurance.

**Accounting** Paul D. Kimmel,Jerry J. Weygandt,Donald E. Kieso,2009 Offering a unique approach in the field, this book presents the principles of accounting from a corporate perspective. This provides readers with a real-world understanding of the concepts.

The Complete Idiot's Guide to Computer Basics Joe Kraynak,2004-01-06 The computer how-to that's actually coherent... Now in its third edition, this book puts the reader in charge of the computer, rather than the other way around. It identifies practical uses for the computer, and shows how to get the most out of your machine, simply and step-by-step. □ New information on going digital with music, photos, and video □ Updates for Windows XP □ Updates for soon-to-be-released Microsoft Office 2003 □ Step-by-step instructions for backing up data □ Advice for troubleshooting common problems □ Latest info on upgrades, components, and accessories □ Ideal for any new user, including the large numbers of senior citizens teaching themselves how to use the computer

**Lost in Trans Nation** Miriam Grossman,2023-07-18 Throughout our country, atrocities are taking place in doctor’s offices and hospital operating rooms. Physically healthy children and adolescents are being permanently disfigured and sometimes sterilized. Those youth say they’re transgender, and we—their parents, teachers, therapists, and doctors—are supposed to agree with their self-diagnosis and take a back seat as they make the most consequential decision of their lives: to alter their bodies in order to, we are told, “align” them with their minds. Medical, educational, and government authorities advise us to support the “gender journeys” of still developing kids, including medical interventions with poor evidence of long-term improvement. This would not be acceptable in any other field of medicine. Indeed, the treatments our medical authorities and Washington call “crucial” and “life-saving” have been banned in progressive Sweden, Finland, and Britain. Dr. Miriam Grossman is a child and adolescent psychiatrist whose practice consists of trans-identified youth and their families. In *Lost in Trans Nation*, she implores parents to reject the advice of gender experts and politicians and trust their guts—their parental instincts—in the face of an onslaught of ideologically driven misinformation that steers them and their children toward risky decisions they may end up mourning for the rest of their lives. The beliefs that male and female are human inventions; that the sex of a newborn is arbitrarily “assigned”; and that as a result the child requires “affirmation” through medical interventions—these ideas are divorced from reality and therefore hazardous, especially to children. The core belief—that biology can and should be denied—is a repudiation of reality and a mockery of what hard science teaches about being male and female. Dr. Grossman believes that parents know their child best; they especially know if they have a son or daughter. But currently in our country when it comes to gender identity, everyone knows better than mom and dad. Schools enable students to live double lives—Patrick at home, Patti at school. Activists tell kids their loving homes are “unsafe” when parents voice doubts about the child’s new identity. For refusing to see their son as their daughter, parents might be reported to protective services, a development that can lead to a family’s destruction. *Lost in Trans Nation* arms parents with the ammunition to avoid, or, if necessary, fight what many families describe as the most difficult challenge of their lives. Parents will learn what to say and how—at home, at school, and if necessary, to police when they appear at the door. “Don’t be blindsided like so many parents I know,” warns Grossman, “be proactive and get educated. Feel prepared and confident to discuss trans, nonbinary, or whatever your child brings to

the dinner table.” Whether it’s the “trans is as common as red hair” claim, or the “I’m not your son, I’m your daughter” proclamation, or the “do you prefer a live son or a dead daughter’ threat, says Grossman, no family is immune, and every parent must be prepared. No child is born in the wrong body, Dr. Grossman reassures us, their bodies are just fine; it’s their emotional lives that need healing. Whether you’re facing a gender identity battle in your home right now, or want to prevent one, you need this book to guide you and your loved ones out of the madness.

**Using the Internet Safely For Seniors For Dummies** Nancy C. Muir,Linda Criddle,2011-06-13 The Internet is amazing, but the risks you’ve heard about are real, too. You can avoid being a victim of online crime with the simple steps for staying safe online that you’ll find in Using the Internet Safely For Seniors For Dummies. Here’s the guide you need to steer safely through the hazards so you can shop, visit, invest, explore, pay bills, and do dozens of other things online – more securely. Learn to protect yourself from online predators, create strong passwords, find reliable information, spot e-mail and phishing scams, and much more. Find out how to share photos and videos, chat with others, and participate in online discussions—securely See how, with strong passwords and reasonable caution, online banking and bill-paying might be safer than the old way Learn to install and set up a browser, use search engines effectively, and sidestep suspicious ads Discover how personal information is collected and used by legitimate companies – and by crooks Be able to spot risks, find out how online criminals think, and know what makes you vulnerable Enjoy social networking sites without putting yourself at risk Spot reputable healthcare sites and avoid medical ID theft and scams There’s even a glossary of common computer terms and a guide to your rights when using the Internet. Using the Internet Safely For Seniors For Dummies helps you feel more secure by showing you how to protect yourself while enjoying the Web.

**PC Mag** ,1997-04-08 PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

*Financial Accounting* Paul D. Kimmel,Jerry J. Weygandt,Donald E. Kieso,2010-10-25 This successful book continues to provide accountants with an understanding of the fundamental concepts necessary to use accounting effectively. The sixth edition offers new discussions on IFRS, including new codification numbers, examples of IFRS financial statements, and additional exercises. A look at more recent frauds such as the Bernie Madoff scandal have been added. Enhanced discussions of ethics and international accounting are presented. The coverage of non-cash items and their impact on decision making has been expanded. In addition, comprehensive case studies and problems help accountants tie the material together.

*Financial & Managerial Accounting* Jerry J. Weygandt,Paul D. Kimmel,Donald E. Kieso,2015-01-07 Financial and Managerial Accounting, 2nd Edition provides students with a clear introduction to fundamental accounting concepts. The Second Edition helps students get the most out of their accounting course by making practice simple. Both in the print text and online in WileyPLUS with ORION new opportunities for self-guided practice allow students to check their knowledge of accounting concepts, skills, and problem solving techniques and receive personalized feedback at the question, learning objective, and course level. Newly streamlined learning objectives help students use their study time efficiently by creating a clear connections between the reading and video content, and the practice, homework, and assessments questions. Weygandt, Financial and Managerial Accounting is ideal for a two-semester Financial and Managerial Accounting sequence where students spend equal time learning financial and managerial accounting concepts, and learn the accounting cycle from a corporate perspective. This program begins by introducing students to the building blocks of the accounting cycle and builds to financial statements. \*WileyPLUS with ORION is sold separately from the text.

**Financial Accounting** Jerry J. Weygandt,Paul D. Kimmel,Jill E. Mitchell,2022-11-01 Maximize understanding and prepare students for future learning and careers in accounting and business. Financial Accounting, Twelfth Edition enhances its focus on real-world decision-making processes with data analytics and insights while retaining the pedagogy on which users have come to rely. Thorough coverage of procedures, early introduction of the Accounting Cycle from a corporate perspective, and robust assignment content provide a solid foundation for learning the essential concepts, techniques, and methods of financial accounting.
