Social Psychology and Social Change in Nigeria Denis Chima E. Ugwuegbu,2021-03-23 Governments in the developing nations of Africa invest much of their countries' scarce resources in social and economic development programs, often without much evaluation of the programs or any knowledge of the potential outcomes. Social Psychology and Social Change in Nigeria offers a critical analysis and evaluation of government

development social policies and programs, written by a social psychology government consultant who has been involved with such programs for over fifteen years. The analyses and evaluations are conducted using social psychology methods and techniques, including experimental and longitudinal studies, field surveys, and national opinion approaches. Programs and public policies selected for study in the book are those that are guided by social psychology theories and principles, such as the contact hypothesis, ethnic orientation, attitude, behavior and value change, social mobilization, environmental health, and strengthening the youth and women entrepreneurs' contributions to national development. It is the author's hope that this book will be the first of many such studies, thus helping to improve the outcomes of economic development programs in Nigeria and other African nations.

Nice Girls Don't Get the Corner Office Lois P.

Frankel,2014-02-18 Before you were told to Lean In, Dr. Lois Frankel told you how to get that corner office. The New York Times bestseller, is now completely revised and updated. In this edition, internationally recognized executive coach Lois P. Frankel reveals a distinctive set of behaviors--over 130 in all--that women learn in

girlhood that ultimately sabotage them as adults. She teaches you how to eliminate these unconscious mistakes that could be holding you back and offers invaluable coaching tips that can easily be incorporated into your social and business skills. Stop making nice girl errors that can become career pitfalls, such as: Mistake #13: Avoiding office politics. If you don't play the game, you can't possibly win. Mistake #21: Multi-tasking. Just because you can do something, doesn't mean you should do it. Mistake #54: Failure to negotiate. Don't equate negotiation with confrontation. Mistake #70: Inappropriate use of social media. Once it's out there, it's hard to put the toothpaste back in the tube. Mistake #82: Asking permission. Children, not adults, ask for approval. Be direct, be confident.
