New Arabian Nights Robert Louis Stevenson, 2010
The Annotated Arabian Nights: Tales from 1001 Nights Paulo Lemos Horta, 2021-11-16 "[A]n electric new translation . . . Each page is adorned with illustrations and photographs from other translations and adaptations of the tales, as well

as a wonderfully detailed cascade of notes that illuminate the stories and their settings. . . . The most striking feature of the Arabic tales is their shifting registers—prose, rhymed prose, poetry—and Seale captures the movement between them beautifully.” —Yasmine Al-Sayyad, *New Yorker*

A magnificent and richly illustrated volume—with a groundbreaking translation framed by new commentary and hundreds of images—of the most famous story collection of all time. A cornerstone of world literature and a monument to the power of storytelling, the *Arabian Nights* has inspired countless authors, from Charles Dickens and Edgar Allan Poe to Naguib Mahfouz, Clarice Lispector, and Angela Carter. Now, in this lavishly designed and illustrated edition of *The Annotated Arabian Nights*, the acclaimed literary historian Paulo Lemos Horta and the brilliant poet and translator Yasmine Seale present a splendid new selection of tales from the *Nights*, featuring treasured original stories as well as later additions including “Aladdin and the Wonderful Lamp” and “Ali Baba and the Forty Thieves,” and definitively bringing the *Nights* out of Victorian antiquarianism and into the twenty-first century. For centuries, readers have been haunted by the homicidal King Shahriyar, thrilled by gripping tales of Sinbad’s seafaring adventures, and held utterly, exquisitely captive by Shahrazad’s stories of passionate romances and otherworldly escapades. Yet for too long, the English-speaking world has relied on dated translations by Richard Burton, Edward Lane, and other nineteenth-century adventurers. Seale’s distinctly contemporary and lyrical translations break decisively with this masculine dynasty, finally stripping away the deliberate exoticism of Orientalist renderings while reclaiming the vitality and delight of the stories, as she works with equal skill in both Arabic and French. Included within are famous

tales, from "The Story of Sinbad the Sailor" to "The Story of the Fisherman and the Jinni," as well as lesser-known stories such as "The Story of Dalila the Crafty," in which the cunning heroine takes readers into the everyday life of merchants and shopkeepers in a crowded metropolis, and "The Story of the Merchant and the Jinni," an example of a ransom frame tale in which stories are exchanged to save a life. Grounded in the latest scholarship, *The Annotated Arabian Nights* also incorporates the Hanna Diyab stories, for centuries seen as French forgeries but now acknowledged, largely as a result of Horta's pathbreaking research, as being firmly rooted in the Arabic narrative tradition. Horta not only takes us into the astonishing twists and turns of the stories' evolution. He also offers comprehensive notes on just about everything readers need to know to appreciate the tales in context, and guides us through the origins of ghouls, jinn, and other supernatural elements that have always drawn in and delighted readers. Beautifully illustrated throughout with art from Europe and the Arab and Persian world, the latter often ignored in English-language editions, *The Annotated Arabian Nights* expands the visual dimensions of the stories, revealing how the Nights have always been—and still are—in dialogue with fine artists. With a poignant autobiographical foreword from best-selling novelist Omar El Akkad and an illuminating afterword on the Middle Eastern roots of Hanna Diyab's tales from noted scholar Robert Irwin, Horta and Seale have created a stunning edition of the Arabian Nights that will enchant and inform both devoted and novice readers alike.

The Thousand and One Nights Muhsin S. Mahdi, 2023-08-07 Almost three centuries have passed since the oldest manuscript of The Thousand and One Nights arrived in Europe. Since then, the Nights have occupied the minds of scholars worldwide, in particular the questions of origin, composition, language and literary form. In this book, Muhsin Mahdi, whose critical edition of the text brought so much praise, explores the complex literary history of the Nights, bringing to fruition the search for the archetype that constituted the core of the surviving editions, and treating the fascinating story of the growth of the collection of stories that we now know as The Thousand and One Nights.

The Arabian Nights Padraic Colum, 1923 Selections from the over 600 stories which, according to legend, Shaharazad told a mighty king as a way to save the lives of the girls of her land. Includes stories of the voyages of Es-Sindibad, the magic horse, the wonderful lamp, and Ali Baba and the thieves.

New Arabian Nights Robert Louis Stevenson, 2020-02-25 New Arabian Nights by Robert Louis Stevenson, first published in 1882, is a collection of short stories previously published in magazines between 1877 and 1880. The collection contains Stevenson's first published fiction, and a few of the stories are considered by some critics to be his best work, as well as pioneering works in the English short story tradition. The title is an allusion to the collection of tales known as the One Thousand and One Nights, which Stevenson had read and liked. Although Stevenson's stories were set in modern Europe, he was stylistically drawing a connection to the nested structure of the Arabian tales.

The Arabian Nights , 2009-08-26 Full of mischief, valor, ribaldry, and romance, The Arabian Nights has enthralled readers for centuries. These are the tales that saved the life of Shahrazad, whose husband, the king, executed each of his wives after a single night of marriage. Beginning an enchanting story each evening, Shahrazad always withheld the ending: A thousand and one nights later, her life was spared forever. This volume reproduces the 1932 Modern Library edition, for which Bennett A. Cerf chose the most famous and representative stories from Sir Richard F. Burton's multivolume translation, and includes Burton's extensive and acclaimed explanatory notes. These tales, including Alaeddin; or, the Wonderful Lamp, Sinbad the Seaman and Sinbad the Landsman, and Ali Baba and the Forty Thieves, have entered into the popular imagination,

demonstrating that Shahrazad's spell remains unbroken.
