Featuring more than 300 full color, detailed photos and illustrations of action figures, playsets, vehicles and more, with descriptions and today's market values for each, this guide is perfect for the collector on the go!

*Race and the Obama Administration* Andra Gillespie, 2019-01-14 The election of Barack Obama marked a critical point in American political and social history. Did the historic election of a black president actually change the status of blacks in the United States? Did these changes (or lack thereof) inform blacks' perceptions of the President? This book explores these questions by comparing Obama's promotion of substantive and symbolic initiatives for blacks to efforts by the two previous presidential administrations. By employing a comparative analysis, the reader can judge whether Obama did more or less to promote black interests than his predecessors. Taking a more empirical approach to judging Barack Obama, this book hopes to contribute to current debates about the significance of the first African American presidency. It takes care to make distinctions between Obama's substantive and symbolic accomplishments and to explore the significance of both.

**Gus and Duncan's Comprehensive Guide to Star Wars Collectibles** Duncan Jenkins, Gus Lopez, 2008-11

AS Media Studies Antony Bateman, 2011 This full colour, highly illustrated textbook is designed to support students through their WJEC AS in Media Studies. It introduces the course, tackles useful approaches to study, key content covered in the specification, and guides the student in approaching and planning the exam and production work through analysis, prompts and activities.

Barack Obama is Brazilian Emanuelle K. F. Oliveira-Monte, 2017-11-27 This book examines US President Barack Obama's characterizations in the Brazilian media, with a specific focus on political cartoons and internet memes. Brazilians celebrate their country as a racial democracy; thus the US works as its nemesis. The rise of a black president to the office of the most prominent country in the global, political, and economic landscape led some analysts to postulate that the US was living in a post-racial era. President Obama's election also had a tremendous impact on the imaginary of the African Diaspora, and this volume investigates how the election of the first black US president complicates Brazilians' own racial discourses. By focusing on three events—Barack Obama's election in 2008, his visit to Brazil in March 2011, and the aftermath of the US espionage on the Brazilian government in 2013—Emanuelle K. F. Oliveira-Monte analyzes Barack Obama's shifting portrayals that confirm and challenge Brazilian racial conceptions projected upon his figure.

**Who We Be** Jeff Chang, 2014-10-21 Race. A four-letter word. The greatest social divide in American life, a half-century ago and today. During that time, the U.S. has seen the most dramatic demographic and cultural shifts in its history, what can be called the colorization of America. But the same nation that elected its first Black president on a wave of hope—another four-letter word—is still plunged into endless culture wars. How do Americans see race now? How has that changed—and not changed—over the half-century? After eras framed by words like multicultural and post-racial, do we see each other any more clearly? *Who We Be* remixes comic strips and contemporary art, campus protests and corporate marketing campaigns, Martin Luther King, Jr. and Trayvon Martin into a powerful, unusual, and timely cultural history of the idea of racial progress. In this follow-up to the award-winning classic *Can't Stop Won't Stop: A History of the Hip-Hop Generation*, Jeff Chang brings fresh energy, style, and sweep to the essential American story.

The Twilight of Social Conservatism John Dombrink, 2015-08-14 Despite many Americans' triumphant proclamations that Barack Obama's 2008 and 2012 elections signified a post-partisan, post-racial society, it seems that the United States is more divided than ever. From the rise of the Tea Party, to strident anti-immigration and anti-welfare movements, to the so-called "war on women", the United States on its surface appears to be caught in the turmoil of a culture war that has not relented since the Reagan era. But, as John Dombrink writes in *The Twilight of Social Conservatism*, the conservative backlash seen during Obama's presidency is indicative not of a rising social conservative force in society, but of a waning one. Drawing on demographic research, political polls, contemporary media, and internet commentary, Dombrink demonstrates that the vitality of major social conservative ideas from the culture war era has faded. Support for once-divisive wedge issues, like same-sex marriage and reproductive rights, has increased dramatically, and Americans, particularly young Americans, are less religious and more libertarian than ever before. As he traces the end of the culture wars and the "unwedging" of American politics over the last eight years, Dombrink is quick to caution that social conservatism has not disappeared entirely from view. Nevertheless, the once-prominent "Moral Majority" pushing for dominance in American culture is now reconsidering itself as a minority, and Dombrink argues that it is unlikely that social conservative forces will ever regain the power and potency they once held in American politics. A comprehensive and insightful work, *The Twilight of Social Conservatism* deftly analyzes the liberalizing trends that created the social and political culture America has today and that portend to the culture America will have in years to come.

### **The Granite Cutters' Journal**, 1949

Networks of Outrage and Hope Manuel Castells, 2013-05-08 This book is an exploration of the new forms of social movements and protests that are erupting in the world today, from the Arab uprisings to the indignadas movement in Spain, and the Occupy Wall Street movement in the US. While these and similar social movements differ in many important ways, there is one thing they share in common: they are all interwoven inextricably with the creation of autonomous communication networks supported by the Internet and wireless communication. In this timely and important book, Manuel Castells – the leading scholar of our contemporary networked society – examines the social, cultural and political roots of these new social movements, studies their innovative forms of self-organization, assesses the precise role of technology in the dynamics of the movements, suggests the reasons for the support they have found in large segments of society, and probes their capacity to induce political change by influencing people's minds. Based on original fieldwork by the author and his collaborators as well as secondary sources, this book provides a path-breaking analysis of the new forms of social movements, and offers an analytical template for advancing the debates triggered by them concerning the new

forms of social change and political democracy in the global network society.

**Novel 11, Book 18** Dag Solstad, 2021-06-01 A brilliant novel by the Norwegian master Dag Solstad Bjorn Hansen, a respectable town treasurer, has just turned fifty and is horrified by the thought that chance has ruled his life. Eighteen years ago he left his wife and their two-year-old son for his mistress, who persuaded him to start afresh in a small, provincial town and to devote himself to an amateur theater. In time that relationship also faded, and after four years of living alone Bjorn contemplates an extraordinary course of action that will change his life forever. He finds a fellow conspirator in Dr. Schiotz, who has a secret of his own and offers to help Bjorn carry his preposterous plan through to its logical conclusion. But the sudden reappearance of his son both fills Bjorn with new hope and complicates matters. The desire to gamble with his comfortable existence proves irresistible, however, taking him to Vilnius in Lithuania, where very soon he cannot tell whether he's tangled up in a game or reality. Dag Solstad won the Norwegian Critics Prize for Literature for Novel 11, Book 18, a concentrated uncompromising existential novel that puts on full display the author's remarkable gifts and wit.

**Persuasion and Power** James P. Farwell, 2012-11-27 Now more than ever, in the arenas of national security, diplomacy, and military operations, effective communication strategy is of paramount importance. A 24/7 television, radio, and Internet news cycle paired with an explosion in social media demands it. According to James P. Farwell, an expert in communication strategy and cyber war who has advised the U.S. SPECIAL OPERATIONS COMMAND and the Department of Defense, and worked nationally and internationally as a media and political consultant, this book examines how colorful figures in history from Julius Caesar to Winston Churchill, Napoleon to Hugo Chavez, Martin Luther to Barack Obama and Ronald Reagan, have forged communication strategies to influence audiences. Mark Twain said that history doesn't repeat itself, but rhymes. In showing how major leaders have moved audiences, Farwell bears out Twain's thesis. Obama and Luther each wanted to reach a mass audience. Obama used social media and the Internet. Luther used the printing press. But the strategic mindset was similar. Hugo Chavez identifies with Simon Bolivar, but his attitude towards the media more closely echoes Napoleon. Caesar used coins to build his image in ways that echo the modern use of campaign buttons. His triumphs, enormous parades to celebrate military victories, celebrated his achievements and aimed to impress the populace with his power and greatness. Adolph Hitler employed a similar tactic with his torchlight parades. The book shows how the US government's approach to strategic communication has been misguided. It offers a colorful, incisive critical evaluation of the concepts, doctrines, and activities that the US Department of Defense and Department of State employ for psychological operations, military information support operations, propaganda, and public diplomacy. Persuasion and Power is a book about the art of communication strategy, how it is used, where, and why. Farwell's adroit use of vivid examples produce a well-researched, entertaining story that illustrates how its principles have made a critical difference throughout history in the outcomes of crises, conflicts, politics, and diplomacy across different cultures and societies.

Powell -- The Obama portraits and the National Portrait Gallery as a site of secular

pilgrimage / Kim Sajet -- The presentation of the Obama portraits : a transcript of the unveiling ceremony.

The Presidential Image Iwan Morgan, Mark White, 2020-04-02 Presidential Image has become an integral part of the campaign, presidency and legacy of Modern American presidents. Across the 20th century to the age of Trump, presidential image has dominated media coverage and public consciousness, winning elections, gaining support for their leadership in office and shaping their reputation in history. Is the creation of the presidential image part of a carefully conceived public relations strategy or result of the president's critics and opponents? Can the way the media interpret a president's actions and words alter their image? And how much influence do cultural outputs contribute to the construction of a presidential image? Using ten presidential case studies, this edited collection features contributions from scholars and political journalists from the UK and America, to analyse aspects of Presidential Image that shaped their perceived effectiveness as America's leader, and to explore this complex, controversial, and continuous element of modern presidential politics.

**Born Along the Color Line** Eben Miller, 2012-02 This book chronicles the 1933 Amenia Conference in upstate New York which brought together a young group of African-American activists who would shape the ongoing civil rights movement during the Depression, World War II, and beyond.

**The New Yorker**, 1951-06

John B. Jeffery, 1889

*The Presidency of Barack Obama* Julian E. Zelizer, 2018-03-13 An original and engaging account of the Obama years from a group of leading political historians Barack Obama's election as the first African American president seemed to usher in a new era, and he took office in 2009 with great expectations. But by his second term, Republicans controlled Congress, and, after the 2016 presidential election, Obama's legacy and the health of the Democratic Party itself appeared in doubt. In *The Presidency of Barack Obama*, Julian Zelizer gathers leading American historians to put President Obama and his administration into political and historical context. These writers offer strikingly original assessments of the big issues that shaped the Obama years, including the conservative backlash, race, the financial crisis, health care, crime, drugs, counterterrorism, Iraq and Afghanistan, the environment, immigration, education, gay rights, and urban policy. Together, these essays suggest that Obama's central paradox is that, despite effective policymaking, he failed to receive credit for his many achievements and wasn't a party builder. Provocatively, they ask why Obama didn't unite Democrats and progressive activists to fight the conservative counter-tide as it grew stronger. Engaging and deeply informed, *The Presidency of Barack Obama* is a must-read for anyone who wants to better understand Obama and the uncertain aftermath of his presidency. Contributors include Sarah Coleman, Jacob Dlamini, Gary Gerstle, Risa Goluboff, Meg Jacobs, Peniel Joseph, Michael Kazin, Matthew Lassiter, Kathryn Olmsted, Eric Rauchway, Richard Schragger, Paul Starr, Timothy Stewart-Winter, Thomas Sugrue, Jeremi Suri, Julian Zelizer, and Jonathan Zimmerman.

This book delves into New Hope Poster Hd 18. New Hope Poster Hd 18 is a vital topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into New Hope Poster Hd 18, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to New Hope Poster Hd 18
- Chapter 2: Essential Elements of New Hope Poster Hd 18
- Chapter 3: New Hope Poster Hd 18 in Everyday Life
- Chapter 4: New Hope Poster Hd 18 in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of New Hope Poster Hd 18. This chapter will explore what New Hope Poster Hd 18 is, why New Hope Poster Hd 18 is vital, and how to effectively learn about New Hope Poster Hd 18.
3. In chapter 2, the author will delve into the foundational concepts of New Hope Poster Hd 18. This chapter will elucidate the essential principles that need to be understood to grasp New Hope Poster Hd 18 in its entirety.
4. In chapter 3, the author will examine the practical applications of New Hope Poster Hd 18 in daily life. This chapter will showcase real-world examples of how New Hope Poster Hd 18 can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of New Hope Poster Hd 18 in specific contexts. This chapter will explore how New Hope Poster Hd 18 is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about New Hope Poster Hd 18. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of New Hope Poster Hd 18.
