The Hacienda Isabel Cañas, 2022-05-03 Mexican Gothic meets Rebecca in this debut supernatural suspense novel, set in the aftermath of the Mexican War of Independence, about a remote house, a sinister haunting, and the woman pulled into their clutches... During the overthrow of the Mexican government, Beatriz's father was executed and her home destroyed. When handsome Don Rodolfo Solórzano proposes, Beatriz ignores the rumors surrounding his first wife's sudden demise, choosing instead to seize the security that his estate in the countryside provides. She will have her own home again, no matter the cost. But Hacienda San Isidro is not the sanctuary she imagined. When Rodolfo returns to work in the capital, visions and voices invade Beatriz's sleep. The weight of invisible eyes follows her every move. Rodolfo's sister, Juana, scoffs at Beatriz's fears—but why does she refuse to enter the house at night? Why does the cook burn copal incense at the edge of the kitchen and mark the doorway with strange symbols? What really happened to the first Doña Solórzano? Beatriz only knows two things for certain: Something is wrong with the hacienda. And no one there will save her. Desperate for help, she clings to the young priest, Padre Andrés, as an ally. No ordinary priest, Andrés will have to rely on his skills as a witch to fight off the malevolent presence haunting the hacienda and protect the woman for whom he feels a powerful, forbidden attraction. But even he might not be enough to battle the darkness. Far from a refuge, San Isidro may be Beatriz's doom.

Gilt Jamie Brenner,2023-06-13 A luxurious and richly compelling new novel from the bestselling author of Blush, about a famous family jewelry dynasty and the hidden past that could topple it all. One perfect diamond is all it takes to divide a family. Could one summer be enough to fix it? The Pavlin family built an empire on love. As the first jewelers to sell diamond engagement rings, they started a tradition that has defined the industry ever since. But when an ill-fated publicity stunt pits the three Pavlin sisters against one another for a famous family jewel, their bond is broken. No ordinary diamond ring, the Electric Rose splinters the sisters, leaving one unlucky in love, one escaping to the shores of Cape Cod, and the other, ultimately, dead. Now, more than a decade later, the only Pavlin granddaughter, Gemma Maybrook is still reconciling the reality of her mother's death. Left orphaned and cast out by her family after the tragic accident, Gemma is ready to reclaim what should have been hers: the Electric Rose. And, as a budding jewelry designer in her own right, Gemma isn't just planning on recovering her mother's lost memento, she's coming back for everything....

The Third Industrial Revolution Jeremy Rifkin, 2011-10-04 The Industrial Revolution, powered by oil and other fossil fuels, is spiraling into a dangerous endgame. The price of gas and food are climbing, unemployment remains high, the housing market has tanked, consumer and government debt is soaring, and the recovery is slowing. Facing the prospect of a second collapse of the global economy, humanity is desperate for a sustainable economic game plan to take us into the future. Here, Jeremy Rifkin explores how Internet technology and renewable energy are merging to create a powerful Third Industrial Revolution. He asks us to imagine hundreds of millions of people producing their own green energy in their homes, offices, and factories, and sharing it with each other in an energy internet, just like we now create and share information online. Rifkin describes how the five-pillars of the Third Industrial Revolution will create thousands of businesses, millions of jobs, and usher in a fundamental reordering of human relationships, from hierarchical to lateral power, that will impact the way we conduct commerce, govern society, educate our children, and engage in civic life. Rifkin's vision is already gaining traction in the international community. The European Union Parliament has issued a formal declaration

calling for its implementation, and other nations in Asia, Africa, and the Americas, are quickly preparing their own initiatives for transitioning into the new economic paradigm. The Third Industrial Revolution is an insider's account of the next great economic era, including a look into the personalities and players – heads of state, global CEOs, social entrepreneurs, and NGOs – who are pioneering its implementation around the world.

No Sleep DJ Stretch Armstrong, Evan Auerbach, 2016-11-23 No Sleep is a visual history of the halcyon days of New York City club life as told through flyer art. Spanning the late 80s through the late 90s, when nightlife buzz travelled via flyers and word of mouth, No Sleep features a collection of artwork from the personal archives of NYC DJs, promoters, club kids, nightlife impresarios, and the artists themselves. Club flyers, by design, were ephemeral objects distributed on street corners, outside of nightclubs and concert halls, in barbershops and retail shops, and were not intended to be preserved for posterity. Through the 90s, they became both increasingly prevalent and more sophisticated as printing technology evolved. Overnight, however, with the advent of the internet, the flyer essentially disappeared, despite it being common at one time for promoters to print thousands of flyers for any given event. Recently, these flyers have become sought-after collector's items.
