Unshackled Soundarya Balasubramani, Sameer Khedekar, 2023-07-22 "Immigration in America is simple," said no one, ever. Here's why: the immigration laws in America have not been updated significantly in over four decades. The chance of getting picked in the H-1B lottery was less than 10% in 2023. And, there are over a million immigrant workers waiting in a green card backlog today. Yet, despite these constraints, immigrants have done extraordinary things. With Unshackled, we aim to lower the barrier so you can too. Unshackled will give you a friendly map of the legal immigration system as it exists today in the United States. Whether you want to start companies, obtain a talent visa like the O-1 and EB-1, or decide that this country is not a fit, the book will be your trusted companion. Through vivid stories and personal accounts, the book also unearths the raw emotions of frustration, loneliness, and self-doubt that underscore every immigrant's journey to remind you that you're not alone. With beautiful illustrations and infographics, Unshackled is as much a treat to your eyes, as it is to your mind. Go on and take a look inside! When you purchase Unshackled, you get access to the following: - Guidance to navigate 11 visa pathways, including the O-1, EB-1A, EB-1B, L-1, H-1B, F-1 OPT, and more. We've shared insights from some of the best lawyers out there, written in simple, engaging language. - Stories of 11 high-skilled immigrants, each of whom had walked an unconventional path and remind you that you're not alone. Expect to tear up at some point! - Access to free resources on top of the book, including a Notion tracker to build your O-1 or EB-1 profiles, short videos answering top questions around EB-1A, a list of VC funds that support immigrant founders, and more. - Free invites to all future webinars and events conducted within the Unshackled online community! We spent over 2000 hours creating Unshackled. Get it within a few seconds now and begin taking control of your future as an immigrant in the United States!

Welcome to the club DJ Paulette, 2024-01-23 In Welcome to the club, Manchester legend DJ Paulette shares the highs, lows and lessons of a thirty-year music career, with help from some famous friends. One of the Hacienda's first female DJs, Paulette has scaled the heights of the music industry, playing to crowds of thousands all around the world, and descended to the lows of being unceremoniously benched by COVID-19, with no chance of furlough and little support from the government. Here she tells her story, offering a remarkable view of the music industry from a Black woman's perspective. Behind the core values of peace, love, unity and respect, dance music is a world of exclusion, misogyny, racism and classism. But, as Paulette reveals, it is also a space bursting at the seams with powerful women. Part personal account, part call to arms, Welcome to the club exposes the exclusivity of the music industry while seeking to do justice to the often invisible women who keep the beat going.

Some New Chapters S. H. Wkrishind, 2021-01-25 The new ideas of the new era give some new feeling to the human being. If there is something missing in this Kali-yuga, it is trust. Do not understand who is right and who is wrong. If you look from the wrong side, everyone looks wrong and on the other hand, if you look at the right side, everyone looks right. Now the biggest thing is how to identify who is right and who is wrong. In this competition, a person sometimes argues with someone and sometimes trusts someone blindly.

THO' S R. AUGUSTA HAMMOND, 2013-06-27 Hello My name is R. Augusta Hammond. I would like to try to give you some insight as to the contents of this book. I have

been a lover of books ever since I was a little boy in grade school. I have my fourth grade teacher to thank for that. Mrs. Jones, her real name, was a wonderful teacher and very patient. When I became a teenager, I fell in love with science fiction and history and math. Let me say, and of course you know this, that Edgar Rice Burroughs, Isaac Asimov, Robert Heinlein and many of the other writers of my age gave me so many enjoyous hours of reading and adventure. I thought the time had come to give something back. Only a few people in my book are real. All the people that we rescued are real. All the rest are fictitious and any similarity to anyone living or dead is not intended. I made up the names.

Introduction to Singapore Gilad James, PhD, Singapore is a small island city-state located in Southeast Asia with a diverse population of people from different ethnic backgrounds such as Chinese, Malay, and Indian. It is widely known for its high standards of living, impeccable cleanliness, and booming economies. Singapore has also been ranked as one of the most livable cities in the world by various surveys over the years. It is a highly developed country with a highly educated workforce, advanced infrastructure, and excellent health care systems. The country's economy is heavily dependent on exports, mainly electronics, chemicals, and pharmaceuticals. Singapore is also a popular tourist destination showcasing their vibrant culture, cuisine, and iconic landmarks such as Marina Bay Sands, Gardens by The Bay, and Sentosa Island. However, Singapore's journey towards growth has not been without challenges. The country's strategic location led to it being a colony of several different countries over the years, Chinese dialects and Malay are the official languages, but English is commonly used as a medium of communication due to its role in international trade. The country's size has also been a significant challenge, leading to government initiatives such as reclaiming land from the sea to make more land available for development. Despite these challenges, Singapore has overcome many odds to become one of the most successful and progressive countries in the world. It is an example to many other countries on how to prioritize education, infrastructure, and innovation to drive national growth and development.

The Eternal Audience of One Rémy Ngamiye, 2022-06-14 Reminiscent of Zadie Smith and Michael Chabon, this gorgeous, wildly funny and, above all, profoundly moving and humane (Peter Orner, author of *Am I Alone Here*) coming-of-age tale follows a young man who is forced to flee his homeland of Rwanda during the Civil War and make sense of his reality--

Trudy Jessica Lee Anderson, 2005 Trudy's having a hard time at school: math class isn't going well, and her best friend, the one she pinky-swore she would always be friends with, has found a new group to hang out with. To top things off, her parents are old -- really old -- and while she loves them with all her heart, she dislikes it when other people mistake them for her grandparents. When Trudy's father starts acting strangely, Trudy and her mother can't figure out what the problem is. But when he forgets to pick Trudy up from school and starts to put groceries away in the wrong place, they decide to take him to the doctor. Once Trudy's father has been diagnosed with Alzheimer's, Trudy and her mother are faced with some tough decisions. This is a touching, beautifully told story that young people relate to, particularly those who have parents or grandparents dealing with an illness. Trudy's challenges and her strength in dealing with them make her a heroine with whom young readers identify.
