Cosmic Crossroad Countdown Dr. Peter

Hofmann, 2017-08-04 This book brings light into the fog of the mind and heart, makes sense of the obscurity in our present turmoil and in history, and reveals Truth that will give you hope and a deeper faith. Seeing, they do not see, is a warning for all of us. Are we being tested and guided by hands beyond our world for our good? Why now and why so much turmoil? Do the answers lie in the mysteries of the Prophetic Generation and Wheels of Time, or in a mysterious Fig Tree and Wilderness Experience? Or do they point to a profound Sign, a Crossroad, that we need to grasp before it is too late?

Counter-hegemonic Resistance in China's Hong Kong

Daniel Garrett, 2014-11-09 This book and associated collection of visual data and sociological observations examine how the Hong Kong Special Administrative Region (SAR) has been visually re-imagined, transformed, and utilized by its subalterns in the post-Handover period to reproduce their aspirations and demands for greater democracy and social justice while simultaneously

contesting the hegemonic pressure exerted by China under the “One Country, Two Systems” ideology. It provides a rich visual description and narrative of how Hong Kong’s many repressed social and political actors have struggled to make their voices heard under its competitive authoritarian political system. The book addresses the growing scholarly interest in the visual analysis of global protests and social movements as salient sources of sociological data and on the creation of meaning. By innovatively tackling the visual culture and visibility of subaltern resistance in Hong Kong it contributes to our understanding of contentious SAR-China politics and the New Social Movement, and will be of great interest to Hong Kong, resistance, social movement, and visual studies scholars.

Fake Putin, me, and the hidden crocodile Thomas

Brackmann, 2020-08-23 Thomas Brackmann has lived and worked in Saudi Arabia since 2010. In his spare time he travels around the world (2018 he finished all 193 UN member states), teaches Judo to Kids, organizes charity events, and writes short stories about all his adventures. In 2013 he discovered running as an additional hobby and shifted slowly to become a triathlete. Between 2014 and 2018 he finished 1 Double Ironman, 6 full Ironman, several shorter triathlons, different Marathons and Ultra Marathons. However, travelling was always his major passion. In the recent years he planned to travel to each country to have ticked off all 193 UN member states. This book is about his travel adventures around the globe. It consists of short stories from Ironman triathlons in Australia, interviews with semi-professional travelers from Sweden, fun reports from German submarines, and insights of other fellow globe trotters. Most importantly each chapter represents one country and is filled with tips, tricks and lessons learned to travel easier, better, and more intense. After reading the book you might know how penguin poo is smelling, what is the taste of a one dollar omelet in Nepal, why Tuvalu will disappear, and how the Germans know everything better. Definitely this book

is not a detailed travel advice work. You will not find specific travel details about each country, it is rather filled with funny stories of a highly motivated average talented triathlete conquering the world by travelling. Therefore this book is for everyone who is infected by wanderlust and also has the desire for sports, party, new places, and interesting people around the world. It is a great guide for finding the best way to have fun in travel life. Worry we can tomorrow. Today we travel and discover new places and meet new people.

Strangling Aunty: Perilous Times for the Australian Broadcasting Corporation Virginia Small,2021-09-24 Drawing on a wealth of academic research, statistics and interviews with key Australian media people including present and former Australian Broadcasting Corporation staffers, this book explores

the transitions of the ABC under various types of organisational re-strategising, governance and political shifts. The book provides the reader with an authoritative narrative as to how the ABC has lost its iconic status in Australian society, and unfolds how the ABC has strayed from its respected public charter which endowed the ABC with a distinctive and important role in informing, educating and entertaining the Australian public. Successive federal government funding cuts have shrunk staffing levels and services while it has pursued a corporatist model that mimics the trappings and practices of commercial media. In that process it has become politicised and trivialised, thereby threatening its demise. The book is a unique and timely contribution at a time of dwindling interest for the funding of public assets everywhere. There is no other book in the market that addresses the decline of the organisation (the ABC) and analyses the reasons for its demise within an organisational theoretical framework. The book is written for an educated general audience, with academics and media practitioners specifically in mind, and has everyday applications for business organisations operating in the public sector by bringing together important findings of public funding, budgets, management and organisational strategies and evolution.

Gurmit Singh, then you need this book. The actor, host, singer and entrepreneur shares not just his funny moments in life but also bares his personal moments in *What Was I Thinking?* and proves that the funnyman image is just one of his many facets. Read about the first car he drove as a child, the neighbour with the EYE, the rat that almost ate his finger when he was a baby, how he dealt with the loss of his parents and many more stories. Incandescence Anvi Tuteja, 2021-10-04 The cards are on the table; you're holding and I'm folding. I don't want to play this game, but it doesn't change the fact that I am. THEY know what I am. THEY know what I've done. BUT do they know who I am? Or do they see what everyone else sees? A broken enigmatist with nowhere to run? Well, if I can't run, I'll hide... this is the story of fourteen years and the fourteen months that changed it all. *Incandescence* paints a picture of the teenage psyche - confused, alone and scared. It talks about being brilliant, beautiful and different by simply being yourself. By bringing together an anthology of poems, *Incandescence* embodies what it truly means to be human; what it means to feel scared; what it means to feel loved. And what it means to feel like you were meant for something more. Because you were. And you are. Relatable to all ages, all *Incandescence* needs is a cup of coffee, a reliable window seat and the will to imagine.
