**Australia - Culture Smart!** Barry Penney,Gina Teague,2016-01-07 Australia is differenta vast island-continent with distances so great that the capital of Western Australia is closer to Singapore than it is to Sydney. The landscape embraces magnificent tropical rainforests and deserts the size of several European states; temperate areas that sustain a flourishing wine industry, making Australia the world s fourth largest wine exporter; a sixteen-thousand-mile coastline of breathtaking beaches; and its unique fauna is testament to the country s down-underness. Indigenous Australians have inhabited the continent for more than fifty thousand years, yet European settlement is just over two hundred years old. Since the end of the Second World War the country has opened its doors to a hugely diverse immigrant population and slowly shaken off the mantle of British influence, transforming what was perhaps one of the dullest nations into one of the most stimulating. The Australians old settler mentalityregarding themselves as battlers, and embarrassed by their lack of sophisticationhas given way to a new national confidence. The achievements of Australia s artists, sportspeople, entertainers, scientists, and businesspeople puts them on the global stage. Despite the diversity of ethnicities there is a pervasive homogeneity among Australians: a generosity of spirit and a forthrightness, sometimes disarming for the visitor. A sense of fairness and equality is valued, as is the ability not to take oneself too seriously. Culture Smart! Australia introduces you to a young nation with one of the world s highest standards of living, where people work to live in order to enjoy a lifestyle that many across the globe covet, and in which Australians take great pride (and don t mind telling you about).

**Enough** Gabrielle Giffords,Mark Kelly,2014-09-30 Former Congresswoman Gabrielle Giffords and her husband, astronaut Mark Kelly, share their impassioned argument for responsible gun ownership. After the 2011 Tucson shooting that nearly took her life, basic questions consumed Gabby Giffords and her family: Would Gabby survive the bullet through her brain? Would she walk again? Speak? Her hard-won recovery, though far from complete, has now allowed her and Mark to ask larger questions that confront us as a nation: How can we address our nation’s epidemic of gun violence? How can we protect gun rights for law abiding citizens, while keeping firearms out of the hands of criminals and the mentally ill? What can we do about gun trafficking and other threats to our communities? Enough goes behind the scenes of Gabby and Mark’s creation of Americans for Responsible Solutions, an organization dedicated to promoting responsible gun ownership and encouraging lawmakers to find solutions to gun violence, despite their widespread fear of the gun lobby. As gun owners and strong supporters of the Second Amendment, Gabby and Mark offer a bold but sensible path forward, preserving the right to own guns for collection, recreation, and protection while taking common-sense actions to prevent the next Tucson, Aurora, or Newtown. Poll after poll shows that most Americans agree with Gabby and Mark’s reasonable proposals. As the book follows Gabby and Mark from the halls of Congress to communities across the country, it provides an intimate window into the recovery of one of our nation’s most inspiring public figures and reveals how she and her husband have taken on the role of co-advocates for one of the defining issues of our time.

Dollar Bill Joy,2014-12-01 Dareese Dollar Bill Blake is one of those bad guys that women love to hate. In an effort to escape the hood life and dabble in the good life, Dollar quickly grows from a small pup to a big dawg. After carefully critiquing the game, he chooses a concrete type of hustle that he's sure will offer him an early retirement from the workforce. If you ask his home girl, Thomasena, she'd say it's been nothing but love for Dollar since day one. In Dollar's eyes, however, Thomasena is just one of the boys, so it's no surprise that he tends to overlook her for every other piece of tail that wags by him. When Dollar calls on Thomasena to help him in the ultimate come-up, will she be able to put her feelings of rejection on the back burner, or will Dollar get burned?

Million Dollar Screw Up TJ Lee,2023-04-15 Special Agent Stacey Lennings always had a talent for acting. Her parents used to tease her that she was a chameleon, able to take on any persona. Yet, it still took convincing for her to nag her supervisor into letting her be the one to be the bait to catch one of the most notorious human traffickers out there. Andre. Ever since she rescued Elizabeth, and failed to convince her that she was still playing the role of the victim, she dreamed of taking down the man responsible. 5 Years ago, Ricky's sister disappeared. Maybe if her skin was lighter, and her hair blonder, the cops would have tried harder. As her older brother, it fell to him to find his sister before it was too late. He had to dive deep into the belly of the beast, but he was going to get her back, and no one was going to stop him. Not the beast himself, and certainly not the agent who made the mistake of underestimating the beast. Read the nail-biting conclusion of the Million Dollar Duet

**Stephen King - Dollar Baby: The Book** Anthony Northrup, Stephen King Dollar Baby: The Book by Anthony Northrup In the late 1970s, Stephen King had the idea of selling his short stories for ONE DOLLAR and a contract to let young filmmakers make their own films based on his works. After King's approval, these films were only available for viewing at film festivals around the world. For the last forty-plus years and over hundreds of films made, The Dollar Baby program has made a serious impact not only on the Stephen King world, but the film industry itself. Unfortunately, for Stephen King fans, unless you attended these film festivals, you basically would never be able to see them. In fact, most Stephen King fans have never even heard of the Dollar Baby program. Well, that's where I come in. I have been interviewing Dollar Baby filmmakers and reviewing their films for eight years. During that time, not only have I also hosted two Dollar Baby Film fests at Crypticon Horror Con in Minnesota, but I also built a trust, a bond, and a friendship with all of the Dollar Baby community. As a major Stephen King fan, I decided it was time to pull the curtain back and show the fans just what they have been missing. In this book, readers will learn all about the Dollar Baby program, fun facts, trivia, personal stories from the fans themselves, special guests contributors, essays, Where Are They Now?, 55 exclusive interviews with the Dollar Baby filmmakers and reviews of their films, and a whole lot more! I cover every possible angle of the Dollar Baby program and it's all here to enjoy! So, sit back, relax, and get ready to go behind the exclusive curtain and prepare yourselves to enter...Stephen King Dollar Baby: The Book!
