Dark Matters Simone Browne,2015-10-02 In *Dark Matters* Simone Browne locates the conditions of blackness as a key site through which surveillance is practiced, narrated, and resisted. She shows how contemporary surveillance technologies and practices are informed by the long history of racial formation and by the methods of policing black life under slavery, such as branding, runaway slave notices, and lantern laws. Placing surveillance studies into conversation with the archive of transatlantic slavery and its afterlife, Browne draws from black feminist theory, sociology, and cultural studies to analyze texts as diverse as the methods of surveilling blackness she discusses: from the design of the eighteenth-century slave ship *Brooks*, Jeremy Bentham's Panopticon, and *The Book of Negroes*, to contemporary art, literature, biometrics, and post-9/11 airport security practices. Surveillance, Browne asserts, is both a discursive and material practice that reifies boundaries, borders, and bodies around racial lines, so much so that the surveillance of blackness has long been, and continues to be, a social and political norm.

A Song Called Home Sara Zarr, 2022-03-15 From award-winning author Sara Zarr comes a story of the small moments that show us who we are, and how family is not just something you're part of, but something you make. Lou and her family don't have much, but for Lou it's enough. Mom. Her sister, Casey. Their apartment in the city. Her best friend, Beth. It would be better if Dad could stop drinking and be there for her and Casey, and if they didn't have to worry about money all the time. But Lou doesn't need better—she only needs enough. What's enough for Lou, however, is not enough for Mom. Steve, Mom's boyfriend, isn't a bad guy, he's just...not what Lou is used to. And now, he and Mom are getting married, and that means moving. Packing up life as they've known it and storing it in Steve's garage. Lou will be separated from everything in her small but predictable life, farther from Dad than ever. Their last night in the city, Lou receives a mysterious birthday gift: A guitar, left for her by their front door. There's nothing saying who left it, but it must be from Dad. And as she leaves the only place she's ever known, she starts to believe that if she can learn how to play it, maybe she can bring a piece of him, and of her old life, home.
