*The Oxford Handbook of Music Censorship* Patricia Ann Hall, 2018 Addresses censorship as a worldwide issue from its earliest recorded form to the modern day ; Includes unique case studies of music censorship unfamiliar to Western audiences ; Documents censorship through a necessarily intersectional lens. --Oxford University Press.

*The Penguin History of Modern Vietnam* Christopher Goscha, 2016-06-30 WINNER OF THE AMERICAN HISTORICAL ASSOCIATION'S JOHN K. FAIRBANK PRIZE SHORTLISTED FOR THE CUNDHILL HISTORY PRIZE 2017 'This is the finest single-volume history of Vietnam in English. It challenges myths, and raises questions about the socialist republic's political future' Guardian 'Powerful and compelling. Vietnam will be of growing importance in the twenty-first-century world, particularly as China and the US rethink their roles in Asia. Christopher Goscha's book is a brilliant account of that country's history.' - Rana Mitter 'A vigorous, eye-opening account of a country of great importance to the world, past and future' - Kirkus Reviews Over the centuries the Vietnamese have been both colonizers themselves and the victims of colonization by others. Their country expanded, shrunk, split and sometimes disappeared, often under circumstances far beyond their control. Despite these often overwhelming pressures, Vietnam has survived as one of Asia's most striking and complex cultures. As more and more visitors come to this extraordinary country, there has been for some years a need for a major history - a book which allows the outsider to understand the many layers left by earlier emperors, rebels, priests and colonizers. Christopher Goscha's new work amply fills this role. Drawing on a lifetime of thinking about Indo-China, he has created a narrative which is consistently seen from 'inside' Vietnam but never loses sight of the connections to the 'outside'. As wave after wave of invaders - whether Chinese, French, Japanese or American - have been ultimately expelled, we see the terrible cost to the Vietnamese themselves. Vietnam's role in one of the Cold War's longest conflicts has meant that its past has been endlessly abused for propaganda purposes and it is perhaps only now that the events which created the modern state can be seen from a truly historical perspective. Christopher Goscha draws on the latest research and discoveries in Vietnamese, French and English. His book is a major achievement, describing both the grand narrative of Vietnam's story but also the byways, curiosities, differences, cultures and peoples that have done so much over the centuries to define the many versions of Vietnam.

*Dave Gahan - Depeche Mode & The Second Coming* Trevor Baker, 2009-11-05 THE FIRST AND ONLY BIOGRAPHY OF ONE OF MUSIC'S MOST INFLUENTIAL AND ENIGMATIC CHARACTERS. Dave Gahan's extraordinary life as the frontman of one of modern music's most successful bands is a tale unrivalled in rock and roll folklore. From a colourful childhood and youth in Essex, Gahan went on to become a huge star all over the world. For years each Depeche Mode album was more successful than the one before but in 1995 the increasing pressures on the band and within Gahan's personal life almost killed him. From this harrowing abyss, Gahan has bounced back and forged a new acclaimed career as a solo artist. Gahan's stunning rehabilitation as a songwriter and rejuvenated frontman means he deserves his own chapter in music history - this unauthorised biography includes new and exclusive interviews with numerous people who've worked with and around Gahan. Aside from recounting his turbulent private battles, this first ever book on Gahan examines his musical legacy and suggests he is arguably Britain's most under-rated and interesting rock vocalist. Recounted for the very first time, Gahan's tale away from his band-mates overshadows even the remarkable story of Depeche Mode - the combination of his difficult yet triumphant story plus the thrilling music he has recorded, make this a story like no other in rock and roll history.

**The Deception (Animorphs #46)** K. A. Applegate, 2017-09-26 The Animorphs have managed to contact the Andalite home world, but the battle is far from over. Visser Two has arrived on Earth, and he's not happy about the state of things. He decides the best way to take over Earth is to have the humans destroy each other, exhausting their weapons in the process. He's going to start World War III. Ax and his friends know that Visser Two means business. There are only two ways to keep him from destroying everything they know: Find a way to stop the war, or find a way to stop him forever...

*Life and Teaching of the Masters of the Far East* Baird Thomas Spalding, 1964 2010 Reprint of 1924 Edition. In 1924 Spalding published this first and most important volume of Life and Teaching of the Masters of the Far East. It describes the travels to India and Tibet of a research party of eleven scientists in 1894. During their trip they claim to have made contact with the Great Masters of the Himalayas, immortal beings with whom they lived and studied, gaining a fascinating insight into their lives and spiritual message. This close contact enabled them to witness many of the spiritual principles evinced by these Great Masters translated into their everyday lives, which could be described as 'miracles'. Such examples are walking on water, or manifesting bread to feed the hungry party. These books have remained consistently popular with spiritual seekers, those interested in the philosophy of the East and those who enjoy a good story because of their accessible nature and easy-to-follow format. However, despite most of the action taking place in India, the Great Masters make it clear that the greatest embodiment of the Enlightened state is that of the Christ (as personified by Jesus): The Masters accept that Buddha represents the Way to Enlightenment, but they clearly set forth that Christ IS Enlightenment, or a state of consciousness for which we are all seeking - the Christ light of every individual; therefore, the light of every child born into the world.

*The Wisdom of Oz* Roger Connors,Tom Smith,2016-02-02 Why does the story of Dorothy, the Scarecrow, the Tin Man, and the Cowardly Lion touch us? Like all great entertainment, their journey resonates. We see ourselves in the characters and likewise wish we possessed the power, the brains, the heart, and the courage to make our own dreams come true. So what are your dreams? What do you want? Is it a promotion? Improving a relationship? Rescuing a child? Finding a new job? Saving a marriage? Getting a degree? Finding the love of your life? Making a difference in your community? This book will help you get whatever you consider worthwhile in life. Simply put, when you unleash the power of personal accountability it will energize you in lifealtering ways, giving you a concrete boost that enhances your ability to think, to withstand adversity, to generate confidence, and to increase your own natural emotional, mental, and intellectual strength. Roger Connors and Tom Smith know this because they’ve seen it work in their own lives and witnessed it in the lives of some of the most successful and influential people in the world. The authors first introduced this powerful accountability philosophy in the New York Times bestseller *The Oz Principle*. Since then, millions have come to know them as “The Oz Guys” and they have gone on to help leaders all over the world teach and apply the principles you’re about to learn. Principles that have generated billions of dollars of wealth—along with a host of even more important results. Devotees of *The Oz Principle* have brought lifesaving medications to market, created better education in community colleges, greatly surpassed charity fund-raising goals, and improved medical practices in battlefield hospitals. In *The Wisdom of Oz*, Connors and Smith present the practical and powerful principles of personal accountability in simple, down-to-earth terms that you can apply in your homes, schools, communities, churches, and volunteer groups. The book will help you strengthen family relationships, improve friendships, motivate children, increase value on the job, improve health and financial well-being, or achieve whatever it is you most desire. Drawing on engaging stories about those who have overcome great odds—including South African president Nelson Mandela, Polish WWII hero Irena Sendler, and everyday men and women—Connors and Smith demonstrate that by taking personal ownership of your goals and accepting responsibility for your performance, you also take control of your success. You will read stories about people just like you who learned to beat their struggles, like the New York area fisherman who fell off his lobster boat and was adrift at sea for twelve hours in the chilly Atlantic . . . but survived. You will learn the traits that allowed a college senior who landed flat on her face in a 600-meter race to jump up and win. Or a thirteen-year-old soccer player who moved from the bench to the starting lineup. You will discover that while no one will ever wave a wizard’s wand and magically solve all your problems, there is a way to experience the near magical impact of personal accountability.
