Dyno Don Doug Boyce, 2018-07-16 Many fans of drag racing consider the most interesting era to be from the 1950s through the 1970s, the years when the sport really took off. During that period, so much changed from a speed and technology standpoint that people often refer to this time as the golden age of drag racing. Drivers often became associated with a particular manufacturer, such as Chevy, Ford, or Chrysler through sponsorship, factory team rides, or sometimes simply their own preference. The more successful drivers became household names in the drag racing community. Chevy had Grumpy Jenkins, Pontiac had Arnie the Farmer Beswick, Mopar had Sox & Martin and Dandy Dick Landy, and Ford's most successful driver of the era was the legendary Dyno Don Nicholson. Nicholson's first wins on a national level were actually in the early 1960s in Chevrolet products. He became extremely successful on the match-race circuit. Then, in 1964, he switched over to Mercury with the new Comet after General Motors enacted a factory ban on racing activities. He won 90 percent of his match races that year. He stuck with Ford and Mercury products and won throughout the 1960s and 1970s, even after Ford also pulled the plug on factory team sponsorship. He made it to the final rounds in nearly 50 national events during that period, in addition to winning championships, awards, and match races along the way. If you are a fan of a certain era of racing, a Ford fan, or certainly a Dyno Don fan, this book will be a welcome addition to your library.

Classic Chevrolet Dealerships Jon G.

Robinson, 2003 Since its founding in 1912, Chevrolet has weathered the Great Depression, two World Wars, confused markets, and fuel crises to become an American motoring icon. Chevy's success would not have been possible without the network of dealerships that sold and marketed the company's cars and trucks, first to wary customers unconvinced of the new contraptions' practicality, then to nine decades of consumers ranging from cash-strapped, to cash-flush, to confused, to increasingly fuel-conscious. This book examines that network by profiling several longstanding dealerships that have thrived and sometimes just barely survived on the frontlines of the car business. Readers will be entertained by anecdotes of early dealerships that took livestock and crops as trade-ins, coped with and thrived under Chevy's stringent Quality Dealer Program in the 1930s, weathered World War II on the income generated by service departments, and corrected backward engineering of the immediate postwar era. Specific Dealerships featured include: William L. Morris (Fillmore, California); Whitney's (Montesano, Washington); Webster Motors (Cody, Wyoming); Felix (Los Angeles, California); Holz (Janesville, Wisconsin); Smith (Atlanta, Georgia); Mandeville (North Attleboro, Massachusetts); and Culberson-Stowers (Pampas, Texas)

Law and the Balance of Power Stewart

Macaulay,1966-12-31 Stewart Macaulay teaches contracts at the University of Wisconsin Law School and is interested in the part the legal system plays in implementing, regulating, and hindering economic relationships, and how it does these things. This book is a descriptive analysis of organizational change that has resulted from automobile dealers' attempts to find a legal remedy for what they consider unfair practices of the manufacturers. It advances our understanding of the limitations and the positive functions of formal rules in the regulation of human conduct, and shows how informal procedures can develop as a result of pressure for changes in the formal rules.

Phil Alan Shipnuck,2022-05-24 LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE

'Terrific fun' David Walsh, Sunday Times * *

'Thoroughly engaging' Washington Post A frank and revealing biography of legendary golf champion Phil Mickelson - who has led a big, controversial life - as reported by longtime Sports Illustrated writer and bestselling author Alan Shipnuck. Phil Mickelson is one of the most compelling figures in sports. For more than three decades he has been among the best golfers in the world, and his unmatched longevity was exemplified at the 2021 PGA Championship, when Mickelson, on the cusp of turning fifty-one, became the oldest player in history to win a major championship. In this raw and unauthorised biography, Shipnuck captures a singular life defined by thrilling victories, crushing defeats and countless controversies. Mickelson is a multi-faceted character, and all his warring impulses are on display in these pages: he is a smart-ass who built an empire on being the consummate professional; a loving husband dogged by salacious rumours; a high-stakes gambler who knows the house always wins but can't tear himself away. Mickelson's career and public image have been defined by the contrast with his lifelong rival, Tiger Woods. Where Woods is robotic and reticent, Mickelson is affable and

extroverted, an incorrigible showman. In their early years together on Tour, Mickelson lacked Tiger's laser focus and discipline, yet as Tiger's career has been curtailed by scandal, addiction and a broken body, Phil sails on, still relevant on the golf course and in the marketplace. Phil is the perfect marriage of subject and author. Shipnuck delivers numerous revelations, from the true scale of Mickelson's massive gambling losses to the secretive backstory of the Saudi golf league that Mickelson championed. But Phil also celebrates Mickelson's random acts of kindness and generosity of spirit, to which friends and strangers alike can attest. Shipnuck has covered Mickelson for his entire career, allowing him to take readers inside the ropes with a thrilling immediacy and intimacy. The result is the juiciest and liveliest golf book in years - full of heart, humour and unexpected turns.
