Tuttle English-Vietnamese Dictionary Nguyen Dinh Hoa,Phan Van Giuong,2006-12-15 This is the most up-to-date and complete English to Vietnamese dictionary available. It is designed primarily for the growing number of students of Vietnamese who need a good and reliable English-Vietnamese dictionary. Although it is targeted mainly at English speakers and other non-native users who need to learn Vietnamese, it can also be used by Vietnamese speakers who are learning or need to know English. Along with 18,000 entries—covering contemporary words and phrases used in educational, business and tourist settings—the attractive and user-friendly layout is organized effectively, making it easy to locate words and phrases quickly. It also includes many valuable pointers and information about the Vietnamese language. Completely revised and updated with over 18,000 entries. Clear, user-friendly text with idioms, expressions and sample sentences. The ideal dictionary for students and business people. The first edition, published as Essential English-Vietnamese Dictionary, was by Professor Nguyen Dinh Hoa and his daughter Patricia Nguyen Thi Huong. It became a classic in the teaching of Vietnamese. This edition, completely revised and updated, is the work of Professor Phan Van Giuong who was a distinguished professor of Vietnamese Studies at Victoria University, Melbourne. Professor Phan, who has many years' experience teaching Vietnamese and English, is also the author of many Vietnamese teaching/learning materials and editor for several Vietnamese magazines and newspapers. He was awarded the Order of Australia Medal and the International Educator of the Year award for his outstanding contributions to teaching language and culture. Professor Phan is now retired but continues to teach on a part-time basis.

THE ART OF PACKAGING Dr. NGUYEN THI HOP,2021-06-21 One of a few books about the art of packaging in Vietnam, its history, and transformations over time. What is its theoretical framework and implementation in practice? How are the design and the art of packaging in Vietnam impacted by Western thinking on industrial arts and what traditions it is still upholding? What are important developments of modern packaging art in Vietnam? How are the social and economical changes reflected in the packages of consumer goods in the country? And how the new look of these goods create a new consumerism culture in the ex-Stalinism nation? This book sums up what has happened with the aesthetic aspect of packaging in Vietnam, theoretically and practically, in the last half century and tries to answer parts of these questions.
