News from Home Sefi Atta, 2012-10-19 Winner of the 2009 NOMA Award for Publishing in Africa From Zamfara up north to the Niger delta down south, with a finale in Lagos, this collection of stories and a novella respond to and amplify the newspaper headlines in a range of Nigerian voices. Men, women, and children speak out to us from these stories, from immigration centers and police barracks, from street corners and maternity wards. Ghanaian writer Mohammed Naseehu Ali says, Sefi Atta writes like one who has lived the life of each single character in her dazzling collection of short stories.

N101 Ola Opekan, 2015-10 This volume provides a history of Nigeria based on an amalgamation of 101 news headlines.

My Nigeria Peter Cunliffe-Jones, 2010-09-14 His nineteenth-century cousin, paddled ashore by slaves, twisted the arms of tribal chiefs to sign away their territorial rights in the oil-rich Niger Delta. Sixty years later, his grandfather helped craft Nigeria's constitution and negotiate its independence, the first of its kind in Africa. Four decades later, Peter Cunliffe-Jones arrived as a journalist in the capital, Lagos, just as military rule ended, to face the country his family had a hand in shaping. Part family memoir, part history, *My Nigeria* is a piercing look at the colonial legacy of an emerging power in Africa. Marshalling his deep knowledge of the nation's economic, political, and historic forces, Cunliffe-Jones surveys its colonial past and explains why British rule led to collapse at independence. He also takes an unflinching look at the complicated country today, from email hoaxes and political corruption to the vast natural resources that make it one of the most powerful African nations; from life in Lagos's virtually unknown and exclusive

neighborhoods to the violent conflicts between the numerous tribes that make up this populous African nation. As Nigeria celebrates five decades of independence, this is a timely and personal look at a captivating country that has yet to achieve its great potential.

The Pan-African Nation Andrew Apter, 2008-10-01 When Nigeria hosted the Second World Black and African Festival of Arts and Culture (FESTAC) in 1977, it celebrated a global vision of black nationhood and citizenship animated by the exuberance of its recent oil boom. Andrew Apter's *The Pan-African Nation* tells the full story of this cultural extravaganza, from Nigeria's spectacular rebirth as a rapidly developing petro-state to its dramatic demise when the boom went bust. According to Apter, FESTAC expanded the horizons of blackness in Nigeria to mirror the global circuits of its economy. By showcasing masks, dances, images, and souvenirs from its many diverse ethnic groups, Nigeria forged a new national culture. In the grandeur of this oil-fed confidence, the nation subsumed all black and African cultures within its empire of cultural signs and erased its colonial legacies from collective memory. As the oil economy collapsed, however, cultural signs became unstable, contributing to rampant violence and dissimulation. *The Pan-African Nation* unpacks FESTAC as a historically situated mirror of production in Nigeria. More broadly, it points towards a critique of the political economy of the sign in postcolonial Africa.

Reforming the Unreformable Ngozi Okonjo-Iweala, 2014-08-29 A report on development economics in action, by a crucial player in Nigeria's recent reforms. Corrupt, mismanaged, and seemingly hopeless: that's how the international community viewed Nigeria in the early 2000s. Then Nigeria implemented a sweeping set of economic and political changes and began to reform the unreformable. This book tells the

story of how a dedicated and politically committed team of reformers set out to fix a series of broken institutions, and in the process repositioned Nigeria's economy in ways that helped create a more diversified springboard for steadier long-term growth. The author, Harvard- and MIT-trained economist Ngozi Okonjo-Iweala, currently Nigeria's Coordinating Minister for the Economy and Minister of Finance and formerly Managing Director of the World Bank, played a crucial part in her country's economic reforms. In Nigeria's Debt Management Office, and later as Minister of Finance, she spearheaded negotiations with the Paris Club that led to the wiping out of \$30 billion of Nigeria's external debt, 60 percent of which was outright cancellation. *Reforming the Unreformable* offers an insider's view of those debt negotiations; it also details the fight against corruption and the struggle to implement a series of macroeconomic and structural reforms. This story of development economics in action, written from the front lines of economic reform in Africa, offers a unique perspective on the complex and uncertain global economic environment.

Wahala Nikki May,2022-01-11 Contemporary female friendship goes glam in this lively debut novel with remarkable depth. -- Washington Post Great fun and extremely smart. -- npr.org NAMED A MOST ANTICIPATED BOOK OF 2022 BY Vogue * Marie Claire * Glamour * Essence * Oprah Daily * Entertainment Weekly * Bustle * PopSugar * CrimeReads * and more! An incisive and exhilarating debut novel following three Anglo-Nigerian best friends and the lethally glamorous fourth woman who infiltrates their group—the most unforgettable girls since Carrie, Miranda, Charlotte, and Samantha. Ronke wants happily ever after and 2.2. kids. She’s dating Kayode and wants him to be “the one” (perfect, like her dead father). Her friends think he’s just another in a long line of dodgy Nigerian boyfriends. Boo has everything Ronke wants—a kind husband, gorgeous child. But she’s frustrated, unfulfilled, plagued by guilt, and desperate to remember who she used to be. Simi is the golden one with the perfect lifestyle. No one knows she’s crippled by impostor syndrome and tempted to pack it all in each time her boss mentions her “urban vibe.” Her husband thinks they’re trying for a baby. She’s not. When the high-flying, charismatic Isobel explodes into the group, it seems at first she’s bringing out the best in each woman. (She gets Simi an interview in Shanghai! Goes jogging with Boo!) But the more Isobel intervenes, the more chaos she sows, and Ronke, Simi, and Boo’s close friendship begins to crack. A sharp, modern take on friendship, ambition, culture, and betrayal, *Wahala* (trouble) is an unforgettable novel from a brilliant new voice.

Nigeria International Monetary Fund. African Dept.,2021-02-08 The Nigerian economy is at a critical

uncture. A weak pre-crisis economy characterized by falling per capita income, double-digit inflation, significant governance vulnerabilities and limited buffers, is grappling with multiple shocks from the COVID-19 pandemic. Real output is projected to contract by 3.2 percent in 2020, with a weak recovery likely to keep per capita income stagnant and no higher than the 2010 level in the medium term. Policy adjustment and reforms are urgently needed to navigate this crisis and change the long-running lackluster course.

Salafism in Nigeria Alexander Thurston, 2016-09-22 The spectre of Boko Haram and its activities in Nigeria dominates both media and academic analysis of Islam in the region. But, as Alexander Thurston argues here, beyond the sensational headlines this group generates, the dynamics of Muslim life in northern Nigeria remain poorly understood. Drawing on interviews with leading Salafis in Nigeria as well as on a rereading of the history of the global Salafi movement, this volume explores how a canon of classical and contemporary texts defines Salafism. Examining how these texts are interpreted and - crucially - who it is that has the authority to do so, Thurston offers a systematic analysis of curricula taught in Saudi Arabia and how they shape religious scholars' approach to religion and education once they return to Africa. Essential for scholars of religion and politics, this unique text explores how the canon of Salafism has been used and refined, from Nigeria's return to democracy to the jihadist movement Boko Haram.

Interactivity and the Online Media Sphere in Nigeria Joseph Wilson, 2019-01-15 In today's age of extraordinary technological development, the mass media industry must constantly innovate and adopt emerging concepts to keep up with the demand of online visibility and prominence. Interactivity is a distinguishing feature of the current online environment, and is a necessity in maintaining relevance in digital media sphere. The growing impact of new media technologies and the resulting pressure on mass media organizations to incorporate more audience involvement have made interactivity a particularly sought-after phenomenon throughout the industry. The prominence of online interactivity has resulted in anxiety throughout the mass media industry regarding the ways in which media organisations can engage with their audience and maintain a high level of traffic on their websites. Attaining these heights largely depends on the quality and nature of interactivity on a given site. This book provides insights into the interactivity basics of an ideal media website, and highlights the nature of interactivity in the Nigerian online media sphere vis-a-vis the basics of interactivity.

Political Spiritualities Ruth Marshall, 2009-08-01 After an explosion of conversions to Pentecostalism over the past three decades, tens of millions of Nigerians now claim that “Jesus is the answer.” But if Jesus is the answer, what is the question? What led to the movement’s dramatic rise and how can we make sense of its social and political significance? In this ambitiously interdisciplinary study, Ruth Marshall draws on years of fieldwork and grapples with a host of important thinkers—including Foucault, Agamben, Arendt, and Benjamin—to answer these questions. To account for the movement’s success, Marshall explores how Pentecostalism presents the experience of being born again as a chance for Nigerians to realize the promises of political and religious salvation made during the colonial and postcolonial eras. Her astute analysis of this religious trend sheds light on Nigeria’s contemporary politics, postcolonial statecraft, and the everyday struggles of ordinary citizens coping with poverty, corruption, and inequality. Pentecostalism’s rise is truly global, and *Political Spiritualities* persuasively argues that Nigeria is a key case in this phenomenon while calling for new ways of thinking about the place of religion in contemporary politics.
