iPhone 13 Pro Max Photography User Guide Wendy Hills, 2021-11-20 Now that you have got the iPhone 13 Pro Max, you are probably wondering what next? How do you make the most of this flagship phone and learn to use some of the hidden features of the phone? If you thought iPhone 12 or any other previous iPhone to have come from Apple is the bomb, wait till you start using your iPhone 13 Pro. On this phone, Apple took it to a new level that will be difficult for competitors to catch up with any time soon. Anyone on the Apple Ecosystem should consider him or herself fortunate to be alive to witness the advanced technology behind the hood that makes life when using the iPhone 13. With more and more people using video technology for their everyday use, Apple has included a whole new lot of video-related features that can help you use your iPhone for cinematography purposes. The iPhone camera has so many hidden features and tricks that you probably don't know about and only a book like this can help to expose those hidden features for you. If you have an iPhone 11 Pro and want to be able to take stunning photos with it, then this book is for you. This time with the launch of the iPhone 13, they have included camera upgrades like Portrait mode video, updated filter systems, ProRes, and so much more, but will require that you master the camera setting for you to be able to use it to capture great shots, which is why you

should be ordering this book right away because it is going to tell you how to do just that. Very often the manuals and user guides that accompany devices tend to be basic on providing the best tricks and tips required to get the best from such devices which is why this book was written to help you get the most out of your iPhone 13 Pro Camera app. In this book, you will learn: How to use the iPhone 13 Pro exclusive feature called ProRes The meaning of Cinematic mode and how they improve your iPhone videography Why manual camera settings can improve your picture quality How to access some hidden camera functions that you probably did not expect a phone camera to have The different functions of the three lenses and how you should use them Why you should not use the digital zoom and use the optical zoom instead to get the best from your photos This book shows many more functions than you would expect to find on a phone and helps you better utilize your iPhone 13 Pro Max when next you go on a trip, visit the airport, go on vacation, capture important moments, and document the different stages of your child's life. This book is so valuable that this present price is not likely to stay for long as it will be reviewed soon, only those who make an early decision to buy now will benefit from this bargain as it is a real gem of a book. The Saturday Night Everlasting David Alan Dedin,2021-09-23 Thirty years ago, Alan, Patrick, and Guinevere-the Trio-became the best of friends while stealing from Checker's Casual Cafe, the busiest restaurant in town. But the trio didn't just take money-what happened in '91 was no less than diabolical. Cicadas attacked customers, out-of-hand pranks collapsed the kitchen ceiling, and the Phantom of the Restaurant brought havoc to the dining room-all against a background of blaring eighties music. Sharon Donovan, the restaurant's general manager, was literally ready to kill someone when police were finally called. Fifteen years later, Guinevere is mortally wounded in a horrific car accident. As Alan and Patrick rush to her side, her deathbed confession is chilling: The worst thing about my depression is that it has a sense of humor. In her dying breath, Gwen asks Alan to take care of Stephanie, her teenage daughter-As you once took care of me, when we all worked together at Checker's. And as Steph brings back memories of the best time in his life, Alan makes a

very bad decision... But karma is a bitch, and Patrick's arrest on returning to his Nevada home makes national news. His frantic cry for help sends Alan and Stephanie on a cross-country trip- where evidence reveals a disturbing connection between the Trio that began years before Checker's. It's eerie how current events mirror those from decades ago, and past-and-present stories play out side by side. Without Alan's help, Patrick will go to prison...but as Sharon Donovan learned the hard way, it's often those you trust the most who blindside you with their behaviors... No matter how far you run, the past will always catch up with you. And once it does, it will serve a dish best cold.

Last Couple Standing Matthew Norman, 2021-03-02 A couple determined not to end up like their divorced friends try a radical experiment—and get in way over their heads—in this hilarious, heartfelt novel from the author of *We're All Damaged*. New York Post's Best Books to Read in Our Age of Social Isolation • "[Matthew] Norman's funny and feeling writing makes for an irresistible read."—Esquire (Best Books of 2020) The Core Four have been friends since college: four men, four women, four couples. They got married around the same time, had kids around the same time, and now, fifteen years later, they've started getting divorced around the same time, too. With three of the Core Four unions crumbling to dust around them, Jessica and Mitch Butler take a long, hard look at their own marriage. Can it be saved? Or is divorce, like some fortysomething zombie virus, simply inescapable? To maximize their chance at immunity, Jessica and Mitch try something radical. Their friends' divorces mostly had to do with sex—having it, not having it, wanting to have it with other people—so they decide to relax a few things. Terms are discussed, conditions are made, and together the Butlers embark on the great experiment of taking their otherwise happy, functional marriage and breaking some very serious rules. Jessica and Mitch are convinced they've hit upon the next evolution of marriage. But as lines are crossed and hot bartenders pursued, they each start to wonder if they've made a huge mistake. What follows is sexy, fun, painful, messy, and completely surprising to them both. Because sometimes doing something bad is the only way to get to the heart of what's really good.
