The Abacus and the Cross Nancy Marie Brown,2010-12-07 The medieval Catholic Church, widely considered a source of intolerance and inquisitorial fervor, was not anti-science during the Dark Ages -- in fact, the pope in the year 1000 was the leading mathematician and astronomer of his day. Called The Scientist Pope, Gerbert of Aurillac rose from peasant beginnings to lead the church. By turns a teacher, traitor, kingmaker, and visionary, Gerbert is the first Christian known to teach math using the nine Arabic numerals and zero. In *The Abacus and the Cross*, Nancy Marie Brown skillfully explores the new learning Gerbert brought to Europe. A fascinating narrative of one remarkable math teacher, *The Abacus and the Cross* will captivate readers of history, science, and religion alike.

People who pray before they go to bed suffer less from pain, depression, anger and they are generally happier people. Earth Weeps, Saturn Laughs 'Abd al-'Aziz Fārisī,Abdulaziz Al Farsi,2013 *Earth Weeps, Saturn Laughs* opens with the return of Khalid Bakhit, a government employee, to his hometown in Oman after a time away in the big city, and concludes with his return to the city with a new maturity born of a series of wrenching encounters with reality. Khalid's return home, sparked by his flight from a painful love affair, coincides with events that reveal the force of long-established traditions that have a stranglehold on the town: from racial prejudice, to religious bigotry, to ossified patterns of leadership. Khalid's awakening and transformation are catalyzed by his encounters with a certain Saturnine poet who, in the course of chasing after an elusive ode, has stumbled upon this unnamed village. For a period of time the Saturnine becomes Khalid's closest companion: listening to his woes, helping him see himself with new eyes, and imparting to him a wisdom from a world beyond untainted by human smallness. As the full moon listened in, Walad Sulaymi said, 'Thirty years ago I heard my grandfather say to my father (God have mercy on them both), If God allows a country to be chastised, He causes everyone who has left it to come back. So here you are again, and with your return, that completes the number of those who left the village and have come back. Mark my words: the chastisement will descend soon.'

The Night Offices Phyllis Tickle,2006-11-13 Phyllis Tickle's inspirational trilogy *The Divine Hours*™ was the first major literary and liturgical reworking of the sixth-century Benedictine Rule of fixed-hour prayer--an age-old discipline of saying prayers at certain times of the day. This highly regarded trilogy has become one of America's best-loved and most frequently consulted manuals for observing this ancient form of Christian worship. Now, in *The Night Offices*, Tickle offers the perfect complement to *The Divine Hours*™, bringing together prayers, psalms, hymn texts, religious poetry and other readings not included in the original trilogy, covering the offices for the hours from late evening (Compline) to early morning (Prime). Fans of the *Divine Hours*™ will recognize Tickle's simple, elegant format, her use of a modern calendar rather than a liturgical one, and the single ribbon in the binding, to track one's progress through the year. As in the trilogy, Tickle makes primary use of the Book of Common Prayer and the writings of the Church Fathers, and she draws all the scriptural readings from the Revised Standard Version. The book includes a set of Matins,

Lauds, and Prime specific to each day of the week and varied only by month. Thus, the Monday reading for January would be used every Monday in January, but Monday in February would have new offices for it. The cumulative total, being 84 Matins, 84 Lauds, and 84 Prime (252 offices), fits neatly into a single, nightstand edition, a small, compact book that can be comfortably held in the hand. Easy to use, poetically rich, with a superb sampling of devotional works, *The Night Offices* will be welcomed by a broad readership, Christian and non-Christian alike.

All Through the Night Michael Counsell,2000 Night time signifies many things. Apart from the rest and refreshment that sleep brings, the night is a time for gazing at the stars, dreaming and loving. For some it means keeping vigil as they tend the very young, or the sick. For others, it means working so that others may rest peacefully. For most people, there are occasions when the night brings no relief: when we are worried or afraid, trouble never looms larger than in the early sleepless hours. Yet such times can lead to a richer experience of intercession, meditation and contemplation. These experiences of the night are universal and have inspired poetry, prayers, lullabies, songs and stories down the ages. This wide-ranging collection is the perfect bedside companion and will help soothe us to sleep, dispel night time fears and attune us to the gifts and opportunities that each new day brings.

There is something about the night prayers that is so powerful and the enemy knows this. Witches, Satanists and devil worshippers have discovered this secret and are using it daily to destroy people's lives. It's time for you to rise and counter attack their arrows. God awaits you tonight. You can never be same after this. I have included powerful spirit filled prayers to assist you as you pray. Read this book together with 'Marine spirits exposed' for more insight. I look forward to see your life progress as you learn, pray and command your mornings and destiny.
