Digital Disciplines Joe Weinman, 2015-07-24 Leverage digital technologies to achieve competitive advantage through market-leading processes, products and services, customer relationships, and innovation How does Information Technology enable competitive advantage? *Digital Disciplines* details four strategies that exploit today's digital technologies to create unparalleled customer value. Using non-technical language, this book describes the blueprints that any company, large or small, can use to gain or retain market leadership, based on insights derived from examining modern digital giants such as Amazon, Netflix, and Uber, established firms such as Burberry, GE, Nike, and Procter & Gamble, and lesser-known innovators such as Alvio, Fruition Sciences, Opower, and Quirky. Companies can develop a competitive edge through four digital disciplines—information excellence, solution leadership, collective intimacy, and accelerated innovation—that exploit cloud computing, big data and analytics, mobile and wireline networks, social media, and the Internet of Things. These four disciplines extend and update the value disciplines of operational excellence, product leadership, and customer intimacy originally defined by Michael Treacy and Fred Wiersema in their bestselling business classic *The Discipline of Market Leaders*. Operational excellence must now be complemented by information excellence—leveraging automation, information, analytics, and sophisticated algorithms to make processes faster, better, and more cost-effective, seamlessly fuse digital and physical worlds, and generate new revenue through techniques such as exhaust data monetization Product leadership must be extended to solution leadership—smart digital products and services ranging from wind turbines and wearables to connected healthcare, linked to each other, cloud services, social networks, and partner ecosystems, focused on customer outcomes and creating experiences and transformations Customer intimacy is evolving to

collective intimacy—as face-to-face relationships not only go online, but are collectively analyzed to provide individually targeted recommendations and personalized services ranging from books and movies to patient-specific therapies Traditional innovation is no longer enough—accelerated innovation goes beyond open innovation to exploit crowdsourcing, idea markets, innovation networks, challenges, and contest economics to dramatically improve processes, products, and relationships This book provides a strategy framework, empirical data, case studies, deep insights, and pragmatic steps for any enterprise to follow and attain market leadership in today's digital era. It addresses improved execution through techniques such as gamification, and pitfalls to beware, including cybersecurity, privacy, and unintended consequences. Digital Disciplines can be exploited by existing firms or start-ups to disrupt established ways of doing business through innovative, digitally enabled value propositions to win in competitive markets in today's digital era.

The 360° Corporation Sarah Kaplan, 2019-09-03 Companies are increasingly facing intense pressures to address stakeholder demands from every direction: consumers want socially responsible products; employees want meaningful work; investors now screen on environmental, social, and governance criteria; clicktivists create social media storms over company missteps. CEOs now realize that their companies must be social as well as

commercial actors, but stakeholder pressures often create trade-offs with demands to deliver financial performance to shareholders. How can companies respond while avoiding simple greenwashing or pinkwashing? This book lays out a roadmap for organizational leaders who have hit the limits of the supposed win-win of shared value to explore how companies can cope with real trade-offs, innovating around them or even thriving within them. Suggesting that the shared-value mindset may actually get in the way of progress, bestselling author Sarah Kaplan shows in *The 360° Corporation* how trade-offs, rather than being confusing or problematic, can actually be the source of organizational resilience and transformation.

Swing Like a Pro Ralph Mann, Fred Griffin, 1998-12-29 A leading biomechanics expert and a premier golf instructor share the secrets of the perfect swing using a breakthrough learning tool—for novice and advanced golfers alike. For seventeen years, CompuSport International's biomechanics expert Dr. Ralph Mann devoted himself to studying the swings of more than 100 PGA and LPGA Tour players to uncover the keys to a better game and a lower handicap. The results: the computer-generated composite Pro, which embodies the mechanical elements of the holy grail of the golf swing—efficient, effective, and now achievable. Illustrated with 175 animated 3-D stills of the Pro that pinpoint the exact motions of a body executing the perfect swing, *Swing Like a Pro* provides accurate, consistent information about how to play the game properly, breaking down the exact steps you can take to develop and refine your skills at performing every aspect of the shot. Mann teams up with renowned golf instructor Fred Griffin to examine and explain • Setup, including how to grip and align the club properly while finding the perfect balance for your body • The seven characteristics of a great backswing, with drills for improvement • How to achieve distance with accuracy through your downswing • How to put all these elements together with both timing and tempo • And much more! With its unique

cutting-edge, scientific approach, and the expertise of its authors, *Swing Like a Pro* promises to be the best golf Pro you ever consulted to help you improve your swing and shave strokes off your handicap—and proves that there is such a thing as a perfect swing.

Golf Tourism Simon Hudson, Louise Hudson, 2014-02-28 Golf continues to represent the largest sports-related travel market valued at £30 billion with over 50 million golf tourists travelling the world to play on some of the estimated 40,000 courses. *Golf Tourism* is the leading text for both students and practitioners and the completely updated and revised new edition discusses the latest issues

Out of the Rough Steve Williams, 2016-03-29 With 150 wins to his name, Steve Williams is one of the most successful caddies of the modern era. From his modest start in freelancing his way around the world's golf courses, he became a man in demand, working with some of the golfing world's best. Greg Norman, Raymond Floyd, Terry Gale, Ian Baker-Finch, and Adam Scott all benefitted from the knowledge, experience, and honesty for which Williams is known. Williams is perhaps best known, however, for his triumphant thirteen years on the bag of Tiger Woods. Together, Woods and Williams won more than 80 tournaments—with 13 major championships among them. But it wasn't all celebrations. Despite his best efforts, Williams could only watch as Woods fell from the podium, his game in decline—ignorant of the scandal about to make headlines around the world that would nearly ruin Tiger's pro career. In this candid book, Williams tells the stories of golf's elites that you won't hear anywhere else—the highs and lows of their careers, and the critical role of a caddie in both spots. Bold and entertaining, his story offers a rare insider's view of the professional golfing world.

Going Low Patrick Cohn, Patrick J. Cohn, 2002 Contains lessons which intend to help eliminate self-imposed limits, create a confident mindset, and play golf without letting mechanical

swing thoughts get in the way.

Two Good Rounds Titans Elisa Gaudet, 2014-11-18 Two Good Rounds Titans: Leaders in Industry & Golf is the third book in the Two Good Rounds series. This book continues the exploration of golf and the feel-good golf lifestyle by navigating the connection between golf and business as conveyed by an array of successful leaders from a variety of industries. Two Good Rounds Titans highlights different business leaders and their passion for business and golf. It explores what led to their success in their respective industries and how golf has played a role in their business and personal lives. All of these leaders have reached the top of their industry and own their own golf course, so they have gone beyond playing golf to being intricately involved in the golf industry. The book also explores well-known professional touring golfers who have leveraged their careers and turned them into brands and businesses that expand beyond their competitive playing purse winnings. Two Good Rounds Titans is a tribute to triumphant business people and pro golfers alike. Like a great nineteenth hole or favorite clubhouse, this book provides a means by which these individuals can share their stories of success and passion with family and friends.

Training for Speed, Agility, and Quickness, 3E Brown, Lee, Ferrigno, Vance, 2014-11-13 The ultimate training resource for athletes and coaches includes more than 262 exercises and drills, programming, and exclusive access to online video library. Assessments provide parameters for individual programs and sport-specific training.

TechTV's Guide to the Golf Revolution Andy Brumer, 2004 You've lifted weights to improve your strength. You've taken ballet classes to improve your grace. You've enrolled in putting clinics and driving seminars. You've even gone on golfing vacations. (How you suffer!) You've done everything you can think of to improve yourself in pursuit of a better golf game; why not see how technology can help? In these pages, noted golf author

(and darn good golfer himself) Andy Brumer provides fascinating insight into how technology is changing the game of golf and how you can improve your game because of it. You'll find a four-color, highly illustrated assessment of the latest technology being employed in clubs, balls, and every other golf-related item you can think of as well as an examination of how that technology is affecting the game. Peppered throughout are interviews with golf-world greats like Arnold Palmer, Gary Player, Phil Mickelson, Barney Adams (inventor of the Tight Lies fairway woods), Justin Leonard, Amy Alcott, a top ladies professional, and more.

Sports Marketing Sam Fullerton, 2006-07-25 'Sports Marketing' provides unique coverage of current topics such as sponsorship, including post-event evaluation, the growing global sports marketing industry, an assessment of legal and social environments, and a review of the increased participation and importance of the female market.

International Management Paul D. Sweeney, Dean B. McFarlin, 2014-09-19 As the economies of many countries become more interrelated, international managers are facing huge challenges and unique opportunities associated with their roles. Now in its fifth edition, Sweeney and McFarlin's *International Management* embodies a balanced and integrated approach to the subject, emphasizing the strategic opportunities available to firms on a global playing field, as well as exploring the challenges

of managing an international workforce. Integrating theory and practice across all chapter topics, this book helps students to learn, grasp, and apply the underlying principles of successful international management: Understanding the broad context of international business, including the critical trends impacting international management, the legal and political forces driving international business, and the ethical and cultural dilemmas that can arise Mastering the essential elements of effective interaction in the international arena, from cross-cultural understanding and communication to cross-border negotiation Recognizing and taking advantage of strategic opportunities, such as entering and operating in foreign markets Building and leading effective international teams, including personal and behavioral motivation, as well as taking an international perspective on the hiring, training, and development of employees These principles are emphasized in the text with current examples and practical applications, establishing a foundation for students to apply their understanding in the current global business environment. With a companion website featuring an instructor's manual, powerpoint slides, and a testbank, International Management, 5e is a superb resource for instructors and students of international management.

Corporate Reputation Leslie Gaines-Ross, 2010-01-26 Praise For Corporate Reputation: 12 Steps to Safeguarding and Recovering Reputation In a sea of business books, Corporate Reputation is a beacon of light for all leaders and future leaders looking for direction in the treacherous waters of a volatile business environment. It delivers a message that's provocative, insightful, and needs to be heard. —Heidi Henkel Sinclair, Director of Communications, Bill & Melinda Gates Foundation Every CEO, senior executive, and, increasingly, board member now appreciates the importance of building and protecting a company's reputation. Anyone who depends upon or shapes a

company's reputation—customers, employees, news media, NGOs, and bloggers—will benefit from reading Dr. Gaines-Ross's book and will learn more about the influence they wield over corporate reputations. —Dr. Robert G. Eccles, Senior Lecturer, Harvard Business School At a time when companies are facing unprecedented reputation crises comes a timely primer from Dr. Gaines-Ross that tells us what companies need to do to bring their reputations back from the brink. The book's 12-step reputation recovery model captures what we know about effective crisis management, and brings the process to life with a host of detailed case examples. It's right on the mark! —Dr. Charles Fombrun, CEO, Reputation Institute Finally, a book that clearly, realistically, and compellingly explains how companies of all types and sizes can protect and restore an invaluable company asset—corporate reputation. Brilliant insights and practical solutions leap from each page! A definite must-read for business professionals everywhere. —Anthony Sardella, CEO, Evolve24 and Adjunct Professor at the Olin School of Business, Washington University in St. Louis
