Adventures of the Clumsy Ninja Zac Tyler, 2015-02-05 From The Back Cover He was going to give the flowers to her. But here?! In front of everyone? Again doubt entered his mind. He was still in a quandary when he didn't notice and tripped over something and fell face down on the floor. A shot of laughter rose up in the corridor. Tony turned around instinctively to see what had caused him to trip. What he saw made his blood boil: leering and sticking out his foot was Toby Duhamel. Toby. He was an eighth grader who had had an axe to grind with Tony ever since Tony beat him in a game of ping pong. "Oops," he sneered. "Maybe you'll watch where you are going next time." Tony got up angrily, red in the face. His eyes instinctively looked for Emma. She wasn't there. Good, maybe she didn't see that. That jerk, Toby. A few weeks have breezed by since my last entry, but things don't stay quiet at my school for long. The science fair is coming up, and everyone's been working crazy hard to get their projects finished on time. But at the beginning of the week, projects started disappearing only to be found later completely destroyed. Did I mention the anonymous invitation I got that sent me on a messed up treasure hunt in search of the missing projects? Yeah, that happened too. Now the fate of the science fair rests in my hands as I try to stay one step ahead of the culprit in the most bizarre week of my life. *Diary of a 6th Grade Ninja 4: A Game of Chase* is a funny thriller that's entertaining for children, middle school students, and adults.

Middle School Ninja Marcus Emerson, Noah Child, 2015-07-29 Age Level: 9 and up | Grade Level: 4 and up My name is Max, and I'm a totally bored middle schooler. My life is so lame that every day has started to feel like the same exact day... that is, except for today. The school science club dug up a hundred-year-old time capsule filled with all the usual stuff like books, movies, CDs... a letter that was addressed to me... from my great-great-granddad, Chase Cooper. Crazy, right? His message sent my friends and me on the weirdest scavenger hunt ever, taking us to parts of the school we didn't even know existed, all to find stuff he had hidden when he was a student. It was the epic adventure I always wanted, but everything spiraled out of control and put my friends in horrible danger. Now I'm the only one who can save them before it's too late... hopefully it's not too late. From the author that brought you the Diary of a 6th Grade Ninja series comes an action-packed new adventure series with more laughs than a handful of laughs. Middle School Ninja: Legacy is a highly illustrated adventure novel that's entertaining for children ages 9-12, middle school students, and adults (who secretly never grew up).

The Internet Playground Ellen Seiter, 2005 Based on four years of experience teaching computers to 8-12 year olds, media scholar Ellen Seiter offers parents and educators practical advice on what children need to know about the Internet and when they need to know it. The Internet Playground argues that, contrary to the promises of technology boosters, teaching with computers is very difficult. Seiter points out that the Internet today resembles a mall more than it does a library. While children love to play online games, join fan communities, and use online chat and instant messaging, the Internet is also an appallingly aggressive marketer to children and, as this book passionately argues, an educational boondoggle.
