Ninja Tools and Weapons Michel Farivar, 2013-05-09 Warriors of myth and legend, ninja are a fascinating, mysterious presence in our world. Through generations of disinformation and, more recently, their place in popular culture, the origins, tools, and methodology of the ninja have been shrouded in secrecy to alternately terrify or entertain the populace. The weapons of Ninjutsu are unusual and unorthodox. Though they have been popularized by the public's expanding interest in the Ninja arts, they remain poorly understood. Glamorization of this method of defense has led to a publicly perceived disassociation from its origins as a peasant art. *Ninja Tools and Weapons* provides a reframing of the skills of Ninjutsu closer to the discipline's lower-class roots. Dr. Michel Farivar clarifies the origins of the weapons as well as supplies in-depth insight into the mindset that developed them. As Ninjutsu moves into the modern age, this clarification remains relevant to those interested in the history of the ninja as well as the anatomy and evolution of conflict.

Traditional Ninja Weapons Charles Daniel, 2022-12-03 **TRADITIONAL NINJA WEAPONS** Which weapon is the best? How should I train? What makes the fighting arts of the Ninja so effective? These are just a few of the questions answered in *Traditional Ninja Weapons*. It's all here, from knife fighting skills to wielding the sickle and chain! This is a comprehensive textbook on the variety of weapons utilized by the 'Ninja Spies of Japan', and a guide to the combat tools and forbidden secrets of Japan's ninja clans! You'll get a rare glimpse into the cleverly disguised weapons and tools created by this group of stealth warriors! The author, Charles Daniel, is a Yondan in Bujinkan Ninpo Taijutsu. He received his training directly from Dr. Masaki Hatsumi, the 34th Grandmaster of Togakure Ryu Ninjutsu.

THE KA-BAR KNIFE COMBAT MANUAL James Loriga,2020-04-02 The United States Marine Corps does not have this manual-or any manual on the combat use of the Ka-Bar knife. This, however, is not because they lack a structured knife combat method for training new recruits, or because the method is in any way secret or classified. They have a structured method, and it's not secret or classified. They just don't teach from a manual! Why? Simply because Marine Combat Instructors have their knife combat method internalized. They can teach it in their sleep, they can use the knife without even waking up-and they want Marine recruits to know this method in the same manner. Not to learn it-to internalize it. To own it! Because they won't have a manual with them when they need this knowledge to save their lives. Learn what they already know!
