English Hammered Coinage. Volume 1 JJ North,2018-01-01 The third revised editions of Jeffrey North's two volume classic are newly reissued for 2018 to make them available to Spink customers for the first time in over ten years. Volume I includes hammered coins of the early Anglo Saxon, Viking, Regional Kings, Norman and Plantagenet periods up to the reign of Henry III, including 20 plates with hundreds of coin images, covering the dates c600 to 1272. Volume II covers the coinages of Edward I to Charles II from 1272-1662, the principal amendments to the third edition being in the coinages of 1279-1351 and the provincial issues of Charles 1; much new information was incorporated into the relevant sections in 2000 on the strength of important studies including the base shillings of Edward VI, the milled coinage of Elizabeth 1, the Tower shillings of Charles 1 and the mint of York of Charles 1.

The Histories Polybius,2010 AD 69, the year following Nero's suicide and marking the end of the first dynasty of imperial Rome, was one of the most dramatic and dangerous in the city's history. In the surviving books of his Histories, the great barrister-historian Tacitus gives a gripping account of the 'long but single year' that saw the reigns of four emperors; disciplinarian Galba; conspirator and dandy Otho; unambitious hedonist Vitellius; and pragmatic victor Vespasian, who went on to establish the Flavian dynasty. In a narrative that extends from Britain to Egypt and from the Caucasus to Morocco, taking in revolt, conspiracy, battles and murder, Tacitus portrays history in terms of human sagacity and folly, pathos and heroism - and, ultimately, chance and fate. Only the first four books and 26 chapters of the fifth book have survived, covering the year 69 and the first part of 70. The work is believed to have continued up to the death of Domitian on September 18, 96. As a prelude to the account of Titus's suppression of the Great Jewish Revolt, Book 5 features a short ethnographic survey of the ancient Jews as seen from the Roman point of view.
