**Josh Mattiola**

*The Traffic Ticket Handbook* David N. Jolly, 2011-11 *The Traffic Ticket Handbook* How to Beat your Traffic Ticket More than 100,000 people receive a speeding ticket in the United States on a daily basis. This translates into more than 36,500,000 tickets every single year being issued to drivers in the United States. It has been concluded that the average fine for a traffic ticket is approximately \$150 which translates into nearly \$5.4 billion in revenue for the government (or branches of) annually. However, anyone who has received a speeding ticket or two understands that the financial pain is not restricted to the dollar amount on the face of the ticket. The collateral consequences of traffic tickets also impact a driver's insurance. The insurance companies in the United States seek billions of dollars per year in raised premiums from drivers who have committed traffic violations. It should therefore be obvious that the government (and insurance companies) benefits from driver indiscretions and the dutiful work of thousands of police officers. Whether the government admits it or not traffic tickets are a wonderful way to raise revenue. And with the Country in an undeniable financial panic and near bankruptcy, what better way to quash the financial fears than by robbing its citizens. If you have recently received a traffic ticket you are well aware of how expensive they are. Further, the costs of some individual traffic tickets are illogical and offensive. The manner in which officers are quietly informed to fill their quota of traffic tickets is the modern equivalent of the Roman Empire's tax collectors. Therefore, if you have received a traffic ticket, particularly one that is considered a moving violation, why wouldn't you fight it? Some states consider such minor violations criminal, so you must fight these allegations to preserve your record. Too much is at stake. For those states that consider traffic violations mostly civil, you should still fight as there undoubtedly will be negative impact if you do not. More to the point, the financial penalties are arbitrarily set so at the very least fight the amount indicated on the face of the ticket. We all try to limit our taxes (lawfully), and ultimately this is simply another form of taxation. *The Traffic Ticket Handbook* is specifically dedicated to those individuals who have been cited for speeding tickets or any moving violation and wish to learn more about the traffic ticket process and how to fight and beat the ticket. If you have been cited and need to protect your insurance and driving privilege, this book is for you. *The Traffic Ticket Handbook* will explain how the different speed measuring devices work and how they can fail. You will learn how to structure an argument and raise legal issues like a lawyer. In addition to speeding tickets *The Traffic Ticket Handbook* looks at the major moving violations that will harm your insurance and potentially suspend your driver's license. If you are considering hiring an attorney to help fight your ticket, *The Traffic Ticket Handbook* also gives advice on how to hire a well qualified traffic ticket attorney. And finally, *The Traffic Ticket Handbook* gives you practical tips on how to avoid a future traffic ticket. *The Traffic Ticket Handbook* is a valuable resource for any driver who has ever received a traffic ticket and wants to beat the charge. Learn from a traffic defense attorney who has personally handled more than 10,000 traffic tickets in court.

Those methods could waste even more time and money than your first options. We have better ideas, and we will share them with you in this book. Why should you read this book instead of others? There are many books that deal with the traffic tickets and how to fight them but this is the ONLY book that gives you the best road map of your options on how to fight your ticket. Wouldn't it be great if there were a system that provided drivers all of their exact same rights under the law to contest a traffic ticket, but also did not waste the court's precious time and money? Well, we have good news for you. There is such a system, and it's called a Trial by Written Declaration. It's been around since 1978 and provides unlucky or unfortunate drivers with a very quick, very simple, and very effective solution for fighting traffic tickets. The Trial by Written Declaration process can be found on the back of every single ticket issued and gives drivers an option to contest their traffic ticket in writing. Drivers complete the documents and submit them to the court by mail instead of going into court to contest the traffic ticket in person. This by mail option - the Trial by Written Declaration - is the best way to contest a traffic ticket in California and eliminates the need for you to waste your time fighting your ticket in court. Before we move on, we would like to make a bold prediction right here, right now. In the not-so-distant future, the day will come when you will not even be able to go to court to contest your traffic ticket in California. We believe that this prediction will come true within the next 10 years. Why do we believe this? Our prediction is centered on two fundamental principles: TIME and MONEY. Now back to our prediction: The Trial by Written Declaration process is the only way for the court to save time and money and will take contesting traffic tickets out of the courts due to simple necessity. This will be done to reduce costs while still ensuring the taxpayer's rights. There is no other way. Period. The GetDismissed App facilitates the process for completing and filing a Trial by Written Declaration with the court. Simply take a picture of your traffic ticket and another picture of your driver license, answer a few questions, download the documents and voila, your Trial by Declaration is completed for you and ready for you to file with the court. Like we said earlier, this is why you need this book and why you need the GetDismissed App; together, they will save you TIME and MONEY.

**The Art of Deception** Kevin D. Mitnick, William L. Simon, 2003-10-17 The world's most infamous hacker offers an insider's view of the low-tech threats to high-tech security Kevin Mitnick's exploits as a cyber-desperado and fugitive form one of the most exhaustive FBI manhunts in history and have spawned dozens of articles, books, films, and documentaries. Since his release from federal prison, in 1998, Mitnick has turned his life around and established himself as one of the most sought-after computer security experts worldwide. Now, in *The Art of Deception*, the world's most notorious hacker gives new meaning to the old adage, It takes a thief to catch a thief. Focusing on the human factors involved with information security, Mitnick explains why all the firewalls and encryption protocols in the world will never be enough to stop a savvy grifter intent on rifling a corporate database or an irate employee determined to crash a system. With the help of many fascinating true stories of successful attacks on business and government, he illustrates just how susceptible even the most locked-down information systems are to a slick con artist impersonating an IRS agent. Narrating from the points of view of both the attacker and the victims, he explains why each attack was so successful and how it could have been prevented in an engaging and highly readable style reminiscent of a true-crime novel. And, perhaps most importantly, Mitnick offers advice for preventing these types of social engineering hacks through security protocols, training programs, and manuals that address the human element of security.
