The Widow of Wellsbury Hall Allyson Jeleyne, 2021-07-01

Fences may make good neighbors, but some lines are meant to be crossed... Newcomer Ben Morris' ambitious plans bring chaos to the countryside surrounding Wellsbury Hall and upsets the status quo, for he intends to pull down Oakheart Farm and build a grander house in its place. Lady Perceval's neighbor is clearing trees on the adjacent property, and she can see the work being done from her bedroom window! Frustrated with the noise and intrusion, Imogen pays Mr. Morris a visit, but the young widow is shocked to discover a charming, handsome gentleman with a passion for his new home. Soon, the two cannot keep away from one another—paying polite calls by day only to sneak across the boundary by moonlight. When their secret friendship is exposed, Imogen must risk the comfort of her past at Wellsbury Hall for the promise of a future with Ben at Oakheart Farm.

Japan's Cultural Code Words Boye Lafayette De

Mente, 2011-07-12 *Japan's Cultural Code Words* is a study of Japanese society through the understanding of the key terms and concepts that define their attitudes and behaviors. Japan's traditional culture is still so powerful that it continues to be the prevailing force in molding and tuning the national character of the Japanese, with the result that they still have two faces—one modern and rational, the other traditional and emotional. The best and fastest way to an understanding of the traditional and emotional side of Japanese attitudes and behavior is through their business and cultural code words—key terms that reveal, in depth, their psychology and philosophy. In 234 essays, arranged alphabetically from Ageashi / Tripping on Your Own Tongue to Zenrei / Breaking the Molds of the Past. Long term expatriate and internationally renowned expert on Japan, Boye Lafayette De

Mente offers personal insights into the extremes of Japanese behavior and into the dynamics of one of the world's most fascinating societies.

Intellectual Property and Access to Im/material Goods

Jessica C. Lai, Antoinette Maget Dominicé, 2016-07-27

Traditionally, in order to be protected intellectual property goods have almost always needed to be embodied or materialised (and – to a certain extent – to be used and enjoyed), regardless of whether they were copyrighted works, patented inventions or trademarks. This book examines the relationship between intellectual property and its physical embodiments and materialisations, with a focus on the issue of access and the challenges of new technologies. Expert contributors explore how these problems can re-shape our theoretical notion of the intangible and the tangible and how this can have serious consequences for access to intellectual property goods.

Magical Elements of the Periodic Table Presented

Alphabetically by the Elemental Dragons Sybrina

Durant, 2024-03-08 In this unique alphabet book, members of the Elemental Dragon Clan, present 26 Magical Elements of the Periodic Table in alphabetical order. Each member of the clan has an element tipped tail. They also have magical powers based on the properties of their metals. There are no more perfect groups than unicorns and dragons to familiarize with elements from the Periodic Table. Their theme is No Metal, No Magic. . .and No Technology. In this book, Antz starts out the book by introducing the very necessary metal, Antimony on his element page. Zora rounds out the alphabet by presenting scientific facts and other

fun information about the metal, Zirconium, on her elemental page. In all, readers will get some great insight into the properties of 26 elements from the periodic table. Each Page is Full of Amazing Facts and Tons of Fun. There's A Magical Elemental Themed Periodic Table, Too! This unique book will help tweens, teens and anyone else quickly absorb the elements of the Periodic Table. REMEMBER. . . No Metal, No Magic And No Technology. It's Techno-Magical.

The Eye of the Storm Clara Miller,2005-06 The Eye of the Storm, the tenth book in the Brothers Series and sixth in the Shamrocks Saga, continues the story begun in Shamrocks in the Heather with the on-going adventures of the younger members of the Quigley clan. World War II is over and the Quigley cousins (by whatever name they're known) are learning to live in the new, emerging world. 'The Kennison-Quigley family, now living on Long Island, is still coping with mobs attempting a takeover of Shamrocks Ltd. USA property resulting in violence and death. Will the Angels take a hand? A pleasant surprise awaits the twin

couples when they discover old and new relatives in an unexpected place. This discovery will cause widespread ramifications. There's also a new wrinkle in the battle with the netherworld as the pregnant members of the family find themselves targets of demons hoping to ingratiate themselves to their boss by kidnapping a Quigley child. Each of the women is tested in a different way with sometimes unexpected results. As usual, births, deaths and completely unbelievable events test the family's resolve and courage again and again. Birth is something the Archangel Za'aphi'el never imagined having to cope with. To his secret chagrin, the twins find themselves looking forward to motherhood and all that entails. What kind of mothers will the alter-egos of a high-ranking Archangel make? Their mysterious friend Andr Giroux returns and plays an important part in their ongoing story. Speculation about him continues but those in the know refuse to divulge his secret. Who is he and what effect will he have on the family? Another surprising development is the growing friendship between the twins and their supposed enemy, Beelzebub. The little demon has grown quite attached to the whole family, not to mention his growing bond with the indomitable Glory. How will this change affect the outcome of the battle with Lucifer? Even Bub doesn't know. This is not a religious book nor meant to endorse or promote any type of belief. It is intended to provide a verbal roller-coaster ride. Plus, I've grown to quite like 'The Old Man. Enjoy

Evicted from Eternity Michael Herzfeld, 2009-08-01 Modern Rome is a city rife with contradictions. Once the seat of ancient glory, it is now often the object of national contempt. It plays a significant part on the world stage, but the concerns of its residents are often deeply parochial. And while they live in the seat of a world religion, Romans can be vehemently anticlerical. These tensions between the past and the present, the global and the local, make Rome fertile ground to study urban social life, the construction of the past, the role of religion in daily life, and how

a capital city relates to the rest of the nation. Michael Herzfeld focuses on Rome's historic Monti district and the wrenching dislocation caused by rapid economical, political, and social change. *Evicted from Eternity* tells the story of the gentrification of Monti—once the architecturally stunning home of a community of artisans and shopkeepers now displaced by an invasion of rapacious real estate speculators, corrupt officials, dithering politicians, deceptive clerics, and shady thugs. As Herzfeld picks apart the messy story of Monti's transformation, he ranges widely over many aspects of life there and in the rest of the city, richly depicting the uniquely local landscape of globalization in Rome.

Cultural Anthropology Alexander Moore, 1998 [TofC cont.] Anthropology of modern life: Market and the modern metropolis, a new system of exchange and the rise of commercial industrial cities; Corporate bureaucracy and the culture of modern work; Modernity and culture; Epilogue, applied anthropology and the policy process. ... The framework on which this book hangs is an updated version of the community study method as network, discerned at the expanding gas phase of our species' random walk over the earth, through our settling down into trading and warring tribal societies through the mesolithic and neolithic transitions, into our densification into urban states and civilizations, and finally at our emergence as a metropolitan species of unparalleled population aggregations. -Pref.
