Unicorn vs. Goblins (Phoebe and Her Unicorn Series Book 3) Dana Simpson,2016-02-23 School's out! That means no more teachers, no more books, and lots of time to compliment Marigold Heavenly Nostrils on her good looks. In this third volume, Phoebe and her obligational best friend, Marigold, learn that summer still has plenty of surprises for the both of them. All of our old friends are back—Phoebe's part-time “frenemy” Dakota, upon whom Marigold has bestowed sentient hair, Phoebe's goofy parents, and even Lord Splendid Humility (but please, ignore his magnificence if you can)! Have fun as Phoebe and Marigold continue the “Phoebegold Detective Agency,” spend a week at Wolfgang Music Camp, and find themselves in more misadventures, thanks to Marigold's enchanted sparkles! Along the way, Phoebe makes some new friends, such as Sue—her unique clarinet-playing bunkmate, Florence Unfortunate Nostrils, Marigold's estranged sister, and Camp Wolfgang's lake monster who enjoys tacos and Wi-Fi. When school resumes, read along as Phoebe enjoys (or suffers from) a brief case of popularity, mentally catalogs her grievances against dodge ball, and, with Marigold's help, rescues Dakota and her hair from the queen of the goblins. Through these wacky adventures, Phoebe and Marigold learn that their friendship is the second most magical thing of all, after Marigold's beauty, of course. Includes an introduction by Cory Doctorow and his daughter Poesy!

Cyberpl@y Brenda Danet,2020-05-28 The Internet is changing the way we communicate. As a cross between letter-writing and conversation, email has altered traditional letter-writing conventions. Websites and chat rooms have made visual aspects of written communication of greater importance, arguably, than ever before. New communication codes continue to evolve with unprecedented speed. This book explores playfulness and artfulness in digital writing and communication and answers penetrating questions about this new medium. Under what conditions do old letter-writing norms continue to be important, even in email? Digital greetings are changing the way we celebrate special occasions and public holidays, but will they take the place of paper postcards and greeting cards? The author also looks at how new art forms, such as virtual theatre, ASCII art, and digital folk art on IRC, are flourishing, and how many people collect and display digital fonts on handsome Websites, or even design their own. Intended as a time capsule documenting developments online in the mid- to late 1990s, when the Internet became a mass medium, this book treats the computer as an expressive instrument fostering new forms of creativity and popular culture.

The Knights of Boo'Gar Art Roche,2017-04-04 Storm clouds hang over the kingdom of Boo'Gar. The cantaloupe crop has failed. There is no money in the treasury. Even kind old King Mewkus has started to doubt himself. Can things get any worse? Of COURSE they can! When Princess Phlema's beloved goat is kidnapped, King Mewkus and his trusted wizard must assemble those fearsome warriors for justice—The Knights of Boo'Gar! There are just a few small problems. Sir Justin ditched the knights to start a boy band. Sir Daphne traded in her sword for a real estate license. Sir John shed his armor to become a tax attorney. That just leaves young (and short) Sir Rowland and his trusty pet turtle, Angelina. Okay ... so maybe there's a LOT of problems. The Knights of Boo'Gar is a fast-paced adventure filled with monsters, nose goblins, a spunky princess, and an ostrich named Tulip. Can Rowland conquer his fears in time to rescue the royal goat and expose a diabolical plot against his kingdom?

Animation Chris Pallant,2021-01-01 Animation: Critical and Primary Sources is a major multi-volume work of reference that brings together seminal writings on animation studies. Gathering historical and contemporary texts from a wide-ranging number of sources, the volumes provide a key resource in understanding and studying the past and future directions of animation studies. The four volumes thematically trace animation studies from its many definitions, or a lack thereof, to the institutional nature of animation production, to establishing greater space within animation discourse for the consideration of broadcast and interactive animation, and finally, giving greater contextual understanding of the field of animation studies, by focusing on 'Authorship', 'Genre', 'Identity Politics', and 'Spectatorship', thus enabling readers to engage more deeply with the ideas discussed in the final volume. Ordering the collection in this way avoids imposing an overly simplistic chronological framework, thereby allowing debates that have developed over years (and even decades) to stand side by side. Each volume is separately introduced and the essays structured into coherent sections on specific themes--
