Using Images to Teach Critical Thinking Skills Diane M.

Cordell, 2015-11-10 Learn how to teach visual literacy through

photography—an easy way for you to combine student interest with resources at hand to enhance a key learning skill. Research indicates that 75 to 90 percent of classroom learning occurs through the visual system, making visual literacy a key component of information literacy and of critical thinking—a requirement throughout the Common Core standards. It's no surprise then that visual literacy is increasingly recognized as a competency that should be part of every student's skill set. Fortunately, this critical skill can be incorporated into existing curriculum, and this book shows you how to do just that. Written for K-12 classroom teachers and librarians, this all-you-need-to-know volume discusses the importance of visual literacy in education and examines how it helps address current learning standards. The book shows you how to use photography and digital images to cultivate critical thinking, inquiry, and information literacy; provides examples of the use of photographic images in the classroom and in real life; and addresses how students can be ethical practitioners in a digital world. In addition, the book includes sample lessons you can easily implement, regardless of your level of technical and photographic expertise. A resource list of photo editing, curation, and museum sites is included.

Dame Traveler Nastasia Yakoub,2020-03-03 A breathtaking celebration of Instagram's premier solo female travel community, featuring 200 striking photographs—most of them all-new—plus empowering messages and practical tips for solo travelers. “For those with passports full of stories, this book carries you away to every dreamy corner of the earth. I can’t stop flipping through these visually incandescent pages to see where I’m capable of traveling to next!”—Caila Quinn, The Bachelor contestant and lifestyle and travel influencer From backpackers in Peru to artists in Berlin to storytellers in Morocco, Dame Traveler celebrates the diversity and bravery of women from around the world who are not afraid to think (and live) outside the box. The revolutionary Dame Traveler Instagram account was founded by Nastasia Yakoub, who was born into a strict Chaldean-Middle Eastern community where women are expected to marry young and put aside other personal ambitions. But at the age of twenty, Nastasia embarked on a solo trip to South Africa to volunteer at an orphanage in Cape Town, which sparked a love of world travel. Recognizing a void in the

travel industry, she founded Dame Traveler, the first female travel community on Instagram, now more than half a million strong. Nastasia herself has traveled to sixty-three countries on solo adventures, sharing colorful photos of her tantalizing travels along the way. Dame Traveler celebrates these women with a photographic collection of 200 stunning images paired with inspiring captions, 80% of which have never been seen on the Instagram account. Organized into sections on architecture, culture, nature, and water, each entry features travel information, plus tips, advice, unique solo-travel experiences, and wisdom from contributing globe-trotters to embolden the next generation of Dame Travelers.

On the Farm Aliza Eliazarov,2020-11-17 A collection of moving and soulful portraits of beloved farm animals, alongside surprising facts, entertaining anecdotes, and captivating histories of these heritage breeds on American farms. "The beauty and breadth of heritage animal breeds is on full display in this delightful and gorgeous book."—Isabella Rossellini, actress and author of *My*

Chickens and I Animal lovers, homesteaders, eco-conscious consumers, and fans of beautiful photography alike will cherish the charm of On the Farm's stunning portraits and stories. With over 150 photographs, renowned animal photographer Aliza Eliazarov invites us to take a closer look at the animal breeds taking center stage in the regenerative farming movement. Along with fun facts about the domesticated animals who have shaped and changed our world—goats, sheep, cows, horses, donkeys, llamas, alpacas, pigs, chickens, turkeys, ducks, geese, and farm dogs—On the Farm features sometimes quirky, sometimes harrowing personal tales of amazing animals. Meet Bilbo, the donkey in love with truck tires; Kurt, the diminutive Angora goat with a miraculous birth story; and Princess Peppermint, an anxious pig with a taste for cocktails. The focus on rare and heritage breeds will enlighten and inform you about the astonishing variety of livestock and poultry, as well as the impact that the loss of this biodiversity is having on global food security. Equal parts fine art and field guide, shot entirely on location at small farms and homesteads, On the Farm delivers us to the pastoral with an enjoyable meditation on the animals that civilization has grown alongside.

Dear Photograph Taylor Jones, 2012-04-24 We all have moments we wish we could relive. We'd give anything to skid down the toboggan hills of our youth, to breathe in the smell of our children as babies or to spend just one more minute with a loved one we've lost. Dear Photograph provides a way to link these memories from the past to the present. The idea is simple: hold a photograph from the past up in front of the place where it was originally taken; take a second photograph; add a sentence of dedication about what the photograph means to you. The results, however, are astounding, which is why millions have flocked to the site, and thousands have submitted their own Dear Photographs. This stunning visual compilation includes more than 140 never-before-seen Dear Photographs. By turns nostalgic, charming and poignant, Dear Photograph evokes childhood memories, laments

difficult losses and, above all, celebrates the universal nature of love.

Loving Hugh Nini, Neal Treadwell, 2020-10-14 *Loving: A Photographic Story of Men in Love, 1850-1950* portrays the history of romantic love between men in hundreds of moving and tender vernacular photographs taken between the years 1850 and 1950. This visual narrative of astonishing sensitivity brings to light an until-now-unpublished collection of hundreds of snapshots, portraits, and group photos taken in the most varied of contexts, both private and public. Taken when male partnerships were often illegal, the photos here were found at flea markets, in shoe boxes, family archives, old suitcases, and later online and at auctions. The collection now includes photos from all over the world: Australia, Bulgaria, Canada, Croatia, France, Germany, Japan, Greece, Latvia, the United States, the United Kingdom, Russia, and Serbia. The subjects were identified as couples by that unmistakable look in the eyes of two people in love - impossible to manufacture or hide. They were also recognized by body language - evidence as subtle as one hand barely grazing another - and by inscriptions, often coded. Included here are ambrotypes, daguerreotypes, glass negatives, tin types, cabinet cards, photo postcards, photo strips, photomatics, and snapshots - over 100 years of social history and the development of photography. *Loving* will be produced to the highest standards in illustrated book publishing, The photographs - many fragile from age or handling - have been digitized using a technology derived from that used on surveillance satellites and available in only five places around the world. Paper and other materials are among the best available. And *Loving* will be manufactured at one of the world's elite printers. *Loving*, the book, will be up to the measure of its message in every way. In these delight-filled pages, couples in love tell their own story for the first time at a time when joy and hope - indeed human connectivity - are crucial lifelines to our better selves. Universal in reach and overwhelming in impact,

Loving speaks to our spirit and resilience, our capacity for bliss, and our longing for the shared truths of love.

Van Gogh Starry Night Vincent van Gogh, Federico Castelli Gattinara, 2004 This title is one in a series presenting four masterpieces by four immortal nineteenth-century French painters. Each miniature book faithfully reproduces its title painting on the front cover, and is packaged in a handsome slipcase that doubles as a picture frame. The frame can stand up on a desk or tabletop or be hung on the wall to display the book cover's striking painting. Each book's interior discusses its title painting, describing the artist's approach to his work, analyzing the picture's fine points, and showing close-up details from the painting. A final two-page spread presents a timeline capsule biography that lists significant events in the painter's life. Van Gogh--Starry Night shows and discusses Vincent Van Gogh's masterpiece, which is a mystically glowing nighttime landscape, and ranks today as one of the artist's most popular and beloved paintings.

Found, Not Lost Elliot Erwitt, 2021-06 This book has been an opportunity for Erwitt to revisit the photographs he made in his early career and to uncover meaning upon second glance which was not apparent when the image was originally taken. The master of visual one-liners--bold statement images replete with humour, irony and acknowledged absurdity--the photographs selected for this book are quieter, more subtle and suggest Erwitt's increasing confidence in his own eye. By selecting these photographs he has begun to both examine and challenge how his younger self saw the world.
