The Complete Idiot's Guide to Conducting Music Michael Miller,2012-06-05 The complex art of conducting may look effortless to the casual onlooker, however, it requires a great deal of knowledge and skill. The success of a performance hinges on the director's ability to keep the group playing together and interpreting the music as the composer intended. The Complete Idiot's Guide® to Conducting Music shows student and novice conductors how to lead bands, orchestras, choirs, and other ensembles effectively through sight-reading, rehearsals, and performances.

The Negro Motorist Green Book Victor H. Green, The idea of The Green Book is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
