*Notable Black American Women* Jessie Carney Smith, Shirelle Phelps, 1992 Arranged alphabetically from Alice of Dunk's Ferry to Jean Childs Young, this volume profiles 312 Black American women who have achieved national or international prominence.

Call Me Athena Colby Cedar Smith, 2021-08-17 This enchanting novel in verse captures one young woman's struggle for independence, equality, and identity as the daughter of Greek and French immigrants in tumultuous 1930s Detroit. *Call Me Athena: Girl from Detroit* is a beautifully written novel in verse loosely based on author Colby Cedar Smith's paternal grandmother. The story follows Mary as the American-born daughter of Greek and French immigrants living in Detroit in the 1930s, creating a historically accurate portrayal of life as an immigrant during the Great Depression, hunger strikes, and violent riots. Mary lives in a tiny apartment with her immigrant parents, her brothers, and her twin sister, and she questions why her parents ever came to America. She yearns for true love, to own her own business, and to be an independent, modern American woman—much to the chagrin of her parents, who want her to be a “good Greek girl.” Mary's story is peppered with flashbacks to her parents' childhoods in Greece and northern France; their stories connect with Mary as they address issues of arranged marriage, learning about independence, and yearning to grow beyond one's own culture. Though *Call Me Athena* is written from the perspective of three profoundly different narrators, it has a wide-reaching message: It takes courage to fight for tradition and heritage, as well as freedom, love, and equality.

**Notable American Women** Susan Ware, 2004 This latest volume brings the project up to date, with entries on almost 500 women whose death dates fall between 1976 and 1999. You will find here stars of the golden ages of radio, film, dance, and television; scientists and scholars; civil rights activists and religious leaders; Native American craftspeople and world-renowned artists. For each subject, the volume offers a biographical essay by a distinguished authority that integrates the woman's personal life with her professional achievements set in the context of larger historical developments.

**A Thousand and One Notable Nativities** Alan Leo, 1998-12-31 *The Astrologer's Who's Who*. Contents: Alphabetical Index of Names; House Cusps & Planets (in numerical order); Some Explanatory Notes; on the Tabulation of Horoscopes; Notes to Second Edition.

*The Faraway Nearby* Rebecca Solnit, 2013-06-13 A New York Times Notable Book Finalist for the National Book Critics Circle Award A personal, lyrical narrative about storytelling and empathy, from the author of *Orwell's Roses* *Apricots*. Her mother's disintegrating memory. An invitation to Iceland. Illness. These are Rebecca Solnit's raw materials, but *The Faraway Nearby* goes beyond her own life, as she spirals out into the stories she heard and read—from fairy tales to Mary Shelley's *Frankenstein*—that helped her navigate her difficult passage. Solnit takes us into the lives of others—an arctic cannibal, the young Che Guevara among the leprosy afflicted, a blues musician, an Icelandic artist and her labyrinth—to understand warmth and coldness, kindness and imagination, decay and transformation, making art and making self. This captivating, exquisitely written exploration of the forces

that connect us and the way we tell our stories is a tour de force of association, a marvelous Russian doll of a book that is a fitting companion to Solnit's much-loved *A Field Guide to Getting Lost*.

**Notable American Women** Barbara Sicherman, Carol Hurd Green, 1980 Modeled on the Dictionary of American Biography, this set stands alone but is a good complement to that set which contained only 700 women of 15,000 entries. The preparation of the first set of Notable American Women was supported by Radcliffe College. It includes women from 1607 to those who died before the end of 1950; only 5 women included were born after 1900. Arranged throughout the volumes alphabetically, entries are from 400 to 7,000 words and have bibliographies. There is a good introductory essay and a classified list of entries in volume three.

Notable Books, Notable Lessons Andrea S. Libresco, Jeannette Balantic, Mary Battenfeld, 2017-09-21 This book provides teachers, librarians, and education methods professors with strategies, lesson plans, and activities that enable them to use literature as a springboard to social studies thematic instruction. With the amount of time and resources allocated to teaching social studies being significantly reduced, social studies lessons need to be incorporated into other subjects. *Notable Books, Notable Lessons: Putting Social Studies Back in the K-8 Curriculum* offers the tools to teach students social studies concepts that are increasingly relevant and essential in today's diverse, globalized world—lessons that are vital in order to prepare students to think critically and participate in our multicultural democracy. Providing information that elementary and middle school teachers and librarians, district-level curriculum directors and principals, staff developers, and social studies and literacy methods professors will find extremely useful, this book uses the National Council for the Social Studies (NCSS)/Children's Book Council (CBC)'s current and past lists of Notable Books at the elementary and middle school levels to offer easy-to-follow lesson plans that integrate social studies instruction with reading and language arts. The lesson plans pose compelling questions to facilitate discussion and critical thinking and suggest engaging activities that are connected to the social studies concepts. The book also includes sample student handouts for the selected pieces of literature.

**Notable Encounters** Chris Adams, 2019-01-28 The author characterizes the book as a memoir, entitled, *Notable Encounters*. As such, he has diligently documented his recollection of dozens of memorable special people that he enjoyed the unique opportunity of meeting over the years of his professional experiences. Many of the names of those whom he had the pleasure of meeting are easily recognized, while others are introduced to the reader for the first time. Beyond identifying and characterizing his meeting opportunities and the interaction with those encountered, he has for the benefit of the reader, provided an in-depth biographical background summary of each personage. As such, his treatise serves also to recall history, significant times and events in many instances. A number of those whom he had the pleasure of meeting became friends for life, while other introductions were the

first and last. An interesting perspective that he also introduces in the opening of his writing is one of the history and importance of the handshake. He characterizes that virtually every encounter, greeting, or meeting between two people is initiated with a handshake. The handshake, a practice that has existed in some form or another for thousands of years, most often engaged upon an initial meeting or greeting. The purpose of clasping hands to convey trust, respect, balance, and equality. Join Chris Adams in encountering, exchanging handshakes and engaging some noteworthy and incredible personalities along his life's journey.

**Notable Native People** Adrienne Keene, 2021-10-19 An accessible and educational illustrated book profiling 50 notable American Indian, Alaska Native, and Native Hawaiian people, from NBA star Kyrie Irving of the Standing Rock Lakota to Wilma Mankiller, the first female principal chief of the Cherokee Nation An American Indian Library Association Youth Literature Award Young Adult Honor Book! Celebrate the lives, stories, and contributions of Indigenous artists, activists, scientists, athletes, and other changemakers in this beautifully illustrated collection. From luminaries of the past, like nineteenth-century sculptor Edmonia Lewis—the first Black and Native American female artist to achieve international fame—to contemporary figures like linguist Jessie Little Doe Baird, who revived the Wampanoag language, **Notable Native People** highlights the vital impact Indigenous dreamers and leaders have made on the world. This powerful and informative collection also offers accessible primers on important Indigenous issues, from the legacy of colonialism and cultural appropriation to food sovereignty, land and water rights, and more. **Notable American Women** Ben Marcus, 2007-12-18 Ben Marcus achieved cult status and gained the admiration of his peers with his first book, *The Age of Wire and String*. With **Notable American Women** he goes well beyond that first achievement to create something radically wonderful, a novel set in a world so fully imagined that it creates its own reality. On a farm in Ohio, American women led by Jane Dark practice all means of behavior modification in an attempt to attain complete stillness and silence. Witnessing (and subjected to) their cultish actions is one Ben Marcus, whose father, Michael Marcus, may be buried in the back yard, and whose mother, Jane Marcus, enthusiastically condones the use of her son for (generally unsuccessful) breeding purposes, among other things. Inventing his own uses for language, the author Ben Marcus has written a harrowing, hilarious, strangely moving, altogether engrossing work of fiction that will be read and argued over for years to come.

**Notable Speeches in Contemporary Presidential Campaigns** Robert V. Friedenberg, 2002-03-30 Though many studies of contemporary campaigns focus on brief political advertisements and the growing impact of technology on contemporary campaigns, the definitive statements of most candidates are still made in public addresses. Friedenberg examines the first public address made by an American presidential candidate on his own behalf. The circumstances giving rise to William Henry Harrison's 1840 address, and the themes that he developed in that address are strikingly contemporary, serving as an appropriate prelude to the examinations of contemporary political speaking that follow. Those examinations focus on notable campaign speeches by John F. Kennedy, Barry

Goldwater, Richard Nixon, Ronald Reagan, Bill and Hillary Clinton, and George W. Bush. Each study examines a key event that foreshadowed the speech studied. Each study presents a rhetorical biography of the speaker including a discussion of the speechwriting team and preparation techniques utilized by the speaker. Each study presents a thorough study of the campaign context in which the speeches were presented. Each also presents a close reading and rhetorical analysis of the speech itself and observations on the impact of the speech. Cumulatively, Friedenbergs studies help to illustrate how, even in today's high-tech political environment of 30-second ads and candidate Web sites, public speeches continue to play a crucial role in political campaigning. Of particular interest to scholars and students involved with political communication and political American campaigning.
