The Right Set Caryl Phillips,2010-04-28 From stately lawns and gentlemen players to Andre Agassi and Venus Williams: 65 great writings on tennis that chronicle the transformation of the sport. Since its inception, tennis has embraced traditions more patrician than plebeian. But times--and tennis--have changed. The game once reserved for royalty has moved from estate lawns to the concrete courts of the city. Old guard amateurs have given way to prodigies plastered with corporate logos. And while barriers of gender, race, and class have been shattered, the modern plagues of self-promotion, the paparazzi, and challengers of ever-escalating talent loom large. In *The Right Set*, award-winning novelist and editor Caryl Phillips presents a collection of writings on the remarkable evolution of a gentleman's pastime into a sport of jet-set players of athletic and psychological genius. Here are the stories of champions, from the Renshaw twins to ghetto Cinderella Venus Williams. Here, too, are volleys between tradition and innovation--debates on everything from etiquette and earnings to André Agassi's rejection of the customary tennis whites. Insightful, informative, wonderfully entertaining, *The Right Set* is as colorful and surprising as the game itself. John McPhee on Ashe vs. Graebner David Higdon on Venus Williams James Thurber on Helen Wills Martina Navratilova on Bad Losers Martin Amis on Smashing the Rackets and more

The Nelson Touch Terry Coleman,2002-04-11 Admiral Horatio Nelson captures our imaginations

like few other military figures. A mixture of tactical originality, raw courage, cruelty, and romantic passion, Nelson in action was daring and direct, a paramount naval genius and a natural born predator. Now, in *The Nelson Touch*, novelist Terry Coleman provides a superb portrait of Britain's most revered naval figure. Here is a vivid account of Nelson's life, from his childhood and early career at sea--where a high-placed uncle helped speed his advancement to post captain--to gripping accounts of his greatest sea battles. Readers will witness the Battle of the Nile, where Nelson crushed a French squadron of thirteen ships of the line, and the Battle of Trafalgar, where he died at the moment of his greatest triumph. What emerges is a man of strength of mind amounting to genius, frequently generous, always fascinated with women, often uneasy with his superior officers, and absolutely fearless. Nelson was a ruthless commander, whose instinct was not just to defeat the enemy but to annihilate him. Sure to appeal to readers of Patrick O'Brian and other seafaring fiction, as well as all military history and naval history buffs, this is a superbly written biography that gives readers the texture and feel of this magnificent life.
