The Nova Chronicles S.J. Bryant,2019-07-25 Plasma pistols, busted ships, and space adventure. Nova is an adventurer with a heart of steel. All she wants is a quiet life and enough money to keep her ship flying. The universe has other plans. Between ancient aliens bent on universal destruction, and a government bent on universal control, Nova can't catch a break. Grab your space racer and strap in - this is going to be one wild ride! If you enjoy space-cowboys, misfit-crews, and adventure, then you'll love The Nova Chronicles. Get it now.

Nova Swing Michael John Harrison,2006-01-01 It is some time after Ed Chianese's trip into the Kefahuchi Tract. A major industry of the Halo is now tourism. The Tract has begun to expand and change, but, more problematically, parts of it have also begun to fall to earth, piecemeal, on the Beach planets. We are in a city, perhaps on New Venusport or Motel Splendido: next to the city is the event site, the zone, from out of which pour new, inexplicable artefacts, organisms and escapes of living algorithm - the wrong physics loose in the universe. They can cause plague and change. An entire department of the local police, Site Crime, exists to stop them being imported into the city by adventurers, entradistas, and the men known as 'travel agents', profiteers who can manage - or think they can manage - the bad physics, skewed geographies and psychic onslaughts of the event site. But now a new class of semi-biological artefact is finding its way out of the site, and this may be more than anyone can handle.

Chronicles of Epsilon Prime Nova Prime,2024 In Chronicles of Epsilon Prime: The Catalyst's Awakening, Jaxon Elara awakens in the futuristic city of Neo-Cyranthia with no recollection of his past, marked with a mysterious insignia. Guided by the enigmatic artificial intelligence AURA, he discovers his role as the Catalyst and embarks on a mission to Epsilon Prime. The narrative unfolds through Neo-Cyranthia's bustling streets, holographic displays revealing the planet's history, and encounters with fellow Catalysts, each possessing unique abilities. As Jaxon and his companions reach the heart of Epsilon Prime, they face trials that unveil the Nexus of Eons-a dormant force with the potential to reshape the cosmos. The Ascendant Council, guardians of cosmic destinies, introduces Jaxon to ancient prophecies, hinting at forgotten civilizations and a looming cosmic disturbance. Visions of the past and glimpses into possible futures create an atmosphere of uncertainty. The climax reveals the true nature of the Epsilon System's cyclical evolution and the Ascendant Council's motives, leading to a cosmic showdown that alters the galaxy's fate. The Catalyst's Awakening concludes with Jaxon contemplating the weight of his journey and the enduring legacy of the Ascendant Council, setting the stage for a new epoch in the Chronicles of Epsilon Prime.

Nova Samuel R. Delany,2001 The balance of galactic power in the 31st century revolves around Illyrion, the most precious energy source in the universe. The varied and exotic crew who sign up with Captain Lorq van Ray know their mission is dangerous, and they soon learn that they are involved in a deadly race with the charismatic but vicious leader of an opposing space federation. But they have no idea of Lorq's secret obsession: to gather Illyrion at source by flying through the very heart of an imploding star.

L'entreprise humainement responsable Bertrand Collomb,Samuel Rouvillois,Francis Mathieu,Marianne de Boisredon,2011-10-13 Dans un monde en mouvement, traversé par de violentes crises économiques et financières, quelle peut être la responsabilité sociale des entreprises (RSE) ? Au milieu de changements souvent brutaux, est-il possible d'humaniser la mondialisation et de donner un sens à l'activité économique, au-delà des seuls bons sentiments ? Car le marché n'est pas une fin en soi, il n'est qu'un moyen : c'est aux hommes d'insuffler des valeurs et de susciter un supplément d'âme dans les entreprises. Bertrand Collomb, qui a travaillé dans le groupe Lafarge puis l'a dirigé à une période de croissance passionnante, dialogue ici avec Samuel Rouvillois, philosophe et théologien, sur toutes ces mutations de la vie économique et sur le travail. Et si un autre avenir s'ouvrait, enfin, pour nos sociétés ?

Christ's Object Lessons—Illustrated Ellen G. White,2013-02-05 Heritage Edition—Over 100 illustrations of a century ago. Unabridged, original text consisting of inspiring and profound lessons from the stories and parables which Jesus told. Christ the Great Teacher gave much of His instruction as He walked with His disciples through the hills and valleys of Palestine or rested by the lake or river. In His parable teaching He linked divine truth with common things and incidents, as may be found in the experiences of the shepherd, the builder, the tiller of the soil, the traveler, and the homemaker. Familiar objects were associated with thoughts true and beautiful—thoughts of God’s loving interest in us, of the grateful homage that is His due, and of the care we should have one for another. Thus lessons of divine wisdom and practical truth were made forcible and impressive. The Scripture says, “All these things spake Jesus unto the multitude in parables; . . . that it might be fulfilled which was spoken by the prophet, saying, I will open My mouth in parables; I will utter things which have been kept secret from the foundation of the world.” Matt. 13:34, 35. Natural things were the medium for the spiritual; the things of nature and the life-experience of His hearers were connected with the truths of the written word. Leading thus from the natural to the spiritual kingdom, Christ’s parables are links in the chain of truth that unites man with God, and earth with heaven. In this volume the parables are grouped according to their subjects, and their lessons are developed and illustrated. The book is full of gems of truth, and to many readers it will give a richer meaning to the common surroundings of everyday life.

Did I Wake You? Beth Lapidés,2006-11-02 Did I Wake You? takes an eclectic mix of genres — haiku, humor, self-help, and anti-self-help — and rolls them into one whimsical, slightly hostile, and strangely inspirational volume. The book grew out of the L.A. live comedy series “Say The Word” in which, at monthly readings, Emmy-winning authors like Cindy Chupack and Alan Zweibel read true stories about their amazing careers. In this rarefied company, Lapidés wowed the audience with haiku about brand names and boyfriends, grocery stores and gynecologists.

Ciao Bella! Kate Langbroek,2021-11-04 Kate Langbroek's deliciously funny, irreverent and inspiring memoir about moving to Bologna with her family to seek la dolce vita is a glorious reminder of what we can learn from the Italians about living life to the full - and what really matters when the world goes to hell in a handbasket. 'I wasn't looking to fall in love. It just happened. There were moments, encounters as fleeting as feelings. Sometimes - tellingly - they emerged from chaos.' When Kate Langbroek first dreamed of

moving to Italy, she imagined a magnificent sun-drenched pastiche of long lunches and wandering through cobbled laneways clutching a loaf of crusty bread and a bottle of wine, Sophia Loren-style, while handsome men called out 'Ciao Bella!' In the stark light of day the dream Kate shared with her husband Peter after an idyllic holiday in Italy seemed like madness. They didn't speak Italian. They knew no one in Italy. They had four children. Kate also had the best job in the world on a top-rating radio show with her longtime friend, Dave Hughes. But the siren song of Italy was irresistible. This would be the adventure of a lifetime, a precious opportunity to spend more time with their children - Lewis, Sunday, Artie and Jannie - and it came from a deep well inside to seize life after they almost lost Lewis to leukaemia. Ciao Bella! is about having a dream and living it as Kate shares the sublime joys and utter chaos of adapting to a new life in Bologna, what you discover about yourself when you are a stranger in a strange land, and how she fell in love. With a country. Deliciously funny, irreverent, inspiring and often deeply moving, Ciao Bella! is Kate's love letter to Italy and her family. It is also a glorious reminder of what Italians can teach us about living life to the full - and what really matters when the world goes to hell in a handbasket.

Finally, the book closes by examining the ways developers can avoid XSS vulnerabilities in their web applications, and how users can avoid becoming a victim. The audience is web developers, security practitioners, and managers.
