

Now Listening

Mrs. Henry Wood

Listening Now Anjana Appachana, 2024-02-12 The story of *Listening Now* takes place before the events of Appachana's 2023 critically acclaimed novel, *Fear and Lovely*. Mallika, a child given to weaving, is convinced that the lives of the mothers around her are dull and devoid of passion and fantasizes romantic love. The truth, which lies at the heart of this story, is completely different. Her mother, Padma, her mother's sister, Shanta, her mother's two friends, Madhu and Anu, and her grandmother, Rukmini, all hold wrenching secrets; their complex lives and longings are beyond the child Mallika's comprehension. Set in 1950s and 1960s, this story encompasses the lives of two generations of women in a small, New Delhi neighbourhood, where conventional lives are lived on the surface, while below, secrets seethe—threatening to destroy everything that has been so carefully constructed to accommodate society's structures and expectations. Rendered through six points of view, *Listening Now* captures the voices of these women; the spoken conversations as well as all that remains in the realm of silence. Shortlisted for the Crossword Prize when it was first published in 1998, *Listening Now* holds readers in its embrace from the very first line.

Listen Like You Mean It Ximena Vengoechea, 2021-03-30 “Full of revealing, instantly applicable ideas for leveraging your strengths and overcoming your weaknesses.” —Adam Grant, author of *Think Again* and *Originals*, and host of the TED podcast *WorkLife* For many of us, listening is simply something we do on autopilot. We hear just enough of what others say to get our work done, maintain friendships, and be polite with our neighbors. But we miss crucial opportunities to go deeper—to give and receive honest feedback, to make connections that will endure for the long haul, and to discover who people

truly are at their core. Fortunately, listening can be improved—and Ximena Vengoechea can show you how. In *Listen Like You Mean It*, she offers an essential listening guide for our times, revealing tried-and-true strategies honed in her own research sessions and drawn from interviews with marriage counselors, podcast hosts, life coaches, journalists, filmmakers, and other listening experts. Through Vengoechea's set of scripts, key questions, exercises, and illustrations, you'll learn to:

- Quickly build rapport with strangers
- Ask the right questions to deepen a conversation
- Pause at the right time to encourage vulnerability
- Navigate a conversation that's gone off the rails

Now more than ever, we need to feel heard, connected, and understood in a world that keeps turning up the volume. Warm, funny, and immensely practical, this book shows you how.

Listen, Here, Now! Inés Katzenstein, 2004 This book explores the intense, internationally significant developments in Argentine art of the 1960s through English translations of the original documents of the time.

He Still Speaks, Now Listen a Compilation of Parables Anthony Milton, 2011-12-30 *He Still Speaks, Now Listen* is a compilation of parables that focus on your inner being. It is from there you will be shown the real you from chapter to chapter, and page to page There will come a time in your life that you must comprehend questions such as What is life? Are you existing or just surviving? Where do you live? We all must die to the power of our negative thoughts. There is no more time left. When you awake, what is more important to you? *He Still Speaks, Now Listen* answers these questions and the ones that have entered your mind.
