Nationalism and Jewish Identity in Morocco Kristin Hissong, 2020-10-01 Moroccan Jews can trace their heritage in Morocco back 2000 years. In French Protectorate Morocco (1912-56) there was a community of over 200,000 Jews, but today only a small minority remains. This book writes Morocco's rich Jewish heritage back into the protectorate period. The book explains why, in the years leading to independence, the country came to construct a national identity that centered on the Arab-Islamic notions of its past and present at the expense of its Jewish history and community. The book provides analysis of the competing nationalist narratives that played such a large part in the making of Morocco's identity at this time: French cultural-linguistic assimilation, Political Zionism, and Moroccan nationalism. It then explains why the small Jewish community now living in Morocco has become a source of national pride. At the heart of the book are the interviews with Moroccan Jews who lived during the French Protectorate, remain in Morocco, and who can reflect personally on everyday Jewish life during this era. Combining the analysis of the interviews, archived periodicals, colonial documents and the existing literature on Jews in Morocco, Kristin Hissong's book illuminates the reality of this

multi-ethnic nation-state and the vital role memory plays in its identity.

Universal Rights, Systemic Violations, and Cultural Relativism in Morocco O. Glacier, 2013-11-06
Are universal rights bound to colonialism? Are they culturally imperialistic? By juxtaposing Morocco's practice of torture with its discourse of cultural relativism, this study links popular resistance to universal rights to a deliberate politics that delegitimizes those very same rights, requiring a new, more inclusive system of universalism.

Morocco in Depth Peace Corps, 2014-09-13 Berbers were the original inhabitants of Morocco, followed by the Carthaginians and Romans. Arabs conquered Morocco in 683, bringing with them Islam. By the 11th century, a Berber empire ruled over all of northwest Africa, including Morocco and most of Spain. Up until the 20th century, a succession of native dynasties ruled what is now Morocco. In 1904, French and Spanish colonists occupied parts of Morocco, establishing protectorates in 1912. Morocco became a sovereign country in 1956 when France and Spain recognized its independence. It was ruled by King Mohammed V until his death on February 26, 1961. His son, Hassan II, then ascended to the throne. On November 6, 1975, tens of thousands of Moroccans crossed the border, in a Green March into the Spanish Sahara to back their government's contention that the northern part of the territory was historically part of Morocco. Spain withdrew from the territory in 1975. King Hassan II was the second Arab leader to meet with an Israeli leader and was active in promoting peace in the Middle East. King Hassan II died in July 1999, after reigning for more than 37 years. He was succeeded by his son, Mohammed VI. The current king, born in 1963, has taken courageous measures to improve political, economic, and social conditions in the country. Dubbed the King of the Poor by the French and the local press, King Mohammed VI is keen on improving the quality of life in rural areas, raising the social and legal status of women, and

alleviating poverty. These reforms have gained him great popularity among the people and made the country attractive to foreign investment. In April 2002, the king married Salma Bennani, a computer engineer, who is perceived as a force for the promotion of women's issues. Their first child and son, the future successor to the king, Prince Moulay Hassan, was born in May 2003. A daughter, named Khadija, was born in March 2007.

In Morocco Edith Wharton, 2016-03-31 This early work by Edith Wharton was originally published in 1920 and we are now republishing it with a brand new introductory biography. 'In Morocco' is a travel journey in which Wharton details her observations and experiences while in colonial North Africa. Edith Wharton was born in New York City in 1862. Wharton's first poems were published in Scribner's Magazine. In 1891, the same publication printed the first of her many short stories, titled 'Mrs. Manstey's View'. Over the next four decades, they – along with other well-established American publications such as Atlantic Monthly, Century Magazine, Harper's and Lippincott's – regularly published her work.

Morocco Shana Cohen, Larabi Jaidi, 2014-06-03 Cohen and Jaidi trace the development of contemporary Morocco in the Islamic world of North Africa, which is currently at the forefront of the clash between Western-style development and the politicized Islam that now pervades the Arab world. By applying globalization theory to detailed accounts of everyday life in an Arab society, the book is uniquely suited to students. Morocco in particular is a good place to look at this extremely important confrontation. It is among the most liberalized Islamic states, yet it is also in the midst of a revival of politicized Islam, which has its own globalizing agenda. The authors detail how this clash pervades Moroccan culture and society, and what it can tell us about the effects of globalization on the Arab world. Morocco is extremely close to the West in terms of physical proximity, and it is a

favoured spot for Western tourists. Yet its closest neighbours in social terms are Algeria, Libya, and Tunisia, all of which have directly experienced the effects of politicized Islam in the last quarter century.

The Magic of Kitchen Lina Zahrae, 2021-02-02 In order to make exploring Moroccan cuisine more effortless than ever, the dishes are categorized according to when you eat them and what they contain. Return to Childhood Laylá Abū Zayd, 1998 Leila Abouzeid, whose novel *Year of the Elephant* has gone through six reprintings, has now translated her childhood memoir into English. Published in Rabat in 1993 to critical acclaim, the work brings to life the interlocking dramas of family ties and political conflict. Against a background of Morocco's struggle for independence from French colonial rule, Abouzeid charts the development of personal relationships, between generations as well as between husbands and wives. Abouzeid's father is a central figure; as a strong advocate of Moroccan nationalism, he was frequently imprisoned by the French and his family forced to flee the capital. Si Hmed was a public hero, but the young daughter's memories of her famous father and of the family's plight because of his political activities are not so idyllic. The memoir utilizes multiple voices, especially those of women, in a manner reminiscent of the narrative strategies of the oral tradition in Moroccan culture. *Return to Childhood* may also be classified as an autobiography, a form only now gaining respect as a valid literary genre in the Middle East. Abouzeid's own introduction and Elizabeth

Fernea's foreword discuss this new development in Arabic literature.

A House in Fez Suzanna Clarke, 2009-12-01 The Medina -- the Old City -- of Fez is the best-preserved, medieval walled city in the world. Inside this vibrant Moroccan community, internet cafes and mobile phones coexist with a maze of donkey-trod alleyways, thousand-year-old sewer systems, and Arab-style houses, gorgeous with intricate, if often shabby, mosaic work. While vacationing in Morocco, Suzanna Clarke and her husband, Sandy, are inspired to buy a dilapidated, centuries-old riad in Fez with the aim of restoring it to its original splendor, using only traditional craftsmen and handmade materials. So begins a remarkable adventure that is bewildering, at times hilarious, and ultimately immensely rewarding. *A House in Fez* chronicles their meticulous restoration, but it is also a journey into Moroccan customs and lore and a window into the lives of its people as friendships blossom. When the riad is finally returned to its former glory, Suzanna finds she has not just restored an old house, but also her soul.

Voices of Resistance Alison Baker, 1998-01-15 Providing new information on women's participation in the Moroccan independence movement, *Voices of Resistance* offers a rare opportunity to hear Moroccan women speak freely about their personal lives. Each woman is introduced in terms of her family background and personal style, and the interviews are given texture and context by references to Moroccan history and popular culture, including contemporary songs and poems. These women are storytellers, and they lived through stirring times. Their active struggle against French colonialism also challenged and redefined traditional Moroccan ideas about women's roles in society. The narratives reconstruct the little-known history of Moroccan feminism and nationalism, and probe the lives of a remarkable group of Islamic women whose voices have never been heard until now.

Moroccan Dreams Claudio Minca,Lauren Wagner,2016-08-02 Morocco has long been a mythic land, firmly rooted in the European colonial imagination. For more than a century it has been appropriated by travellers, explorers, writers and artists. It is just these images and imaginings that are now being reconstructed for nostalgic consumption. In Moroccan Dreams, Claudio Minca examines this aestheticised re-enactment of the colonial, exploring the ways in which Moroccans themselves have become complicit in the re-writing of their homes and lives. Richly illustrated, the book provides a fascinating journey that will engage and delight all those enamoured of Morocco and its extraordinary geographies.

My 1001 Nights Alice Morrison,2020-02-20 TV presenter, writer and adventurer Alice Morrison gives her own unique and personal insight into Morocco, the place she's made her home. When Alice Morrison headed out to Morocco, it was to take on one of the most daunting challenges: to run in the famous Marathon des Sables. Little did she expect to end up living there. But once she settled in a flat in Marrakech, she was won over by the people, the spectacular scenery and the ancient alleyways of the souks. Soon she was hiking over the Atlas mountains, joining nomads to sample their timeless way of life as they crossed the Sahara desert, and finding peace in a tranquil oasis. Despite more than 10 million tourists coming to Morocco each year, there are remarkably few books about its people, their customs and the extraordinary range of places to visit, from bustling markets to vast, empty

deserts. Alice makes sure she samples it all, and as she does she provides a stunning portrait of a beautiful country. As a lone woman, she often attracts plenty of curiosity, but her willingness to participate - whether thigh deep in pigeon droppings in a tannery or helping out herding goats - ensures that she is welcomed everywhere by a people who are among the most hospitable on the planet. Alice came to fame with her BBC2 series Morocco to Timbuktu, and now she joins the ranks of great travel writers who can bring a country vividly to life and instantly transport the reader to a sunnier place. If you're thinking of going to Morocco, or you want to recall your time there, Adventures in Morocco is the ideal book.
