Folk on the Delaware General Corporation Law Edward P. Welch,Robert S. Saunders,Jennifer C. Voss,2013-12-23 Because Delaware corporate law has virtually become national corporate law, its statutes and cutting-edge case law regarding corporations and alternative business entities have attracted practitioners nationwide to look to Delaware as the place of formation for corporations and other business entities. The definitive section-by-section guide to the country's most important corporate law, the Sixth Edition of *Folk on the Delaware General Corporation Law* is the place to turn for accurate, up-to-date, authoritative coverage of the Delaware statute. Its uniquely logical code section organization with penetrating and extensively annotated commentary brings you the best in: Effective strategies and options for specific business decisions and activities under the statute Detailed analysis of each key statutory provision and judicial decision Coverage of all the major cases, many of them unreported and unavailable in any other source Analysis organized by code section, with incisive and extensively annotated commentary Because it is a widely accepted authority in the field, *Folk on the Delaware General Corporation Law* is regularly cited by courts in states other than Delaware. Its section-by-section coverage makes it easy to quickly find the complete law text and analysis, including astute commentary on recent legislation and the most significant cases (including unreported opinions) with special attention to the more complex areas of practical concern.

Settlement Agreements in Commercial Disputes: Negotiating, Drafting & Enforcement, 2nd Edition Rosen, Velazquez,2019-06-16 With nearly all corporate disputes being resolved in settlements, drafting strong, enforceable settlement agreements is one of the most critical and challenging areas of corporate and commercial law practice today. Yet there has never been a single, comprehensive guide to the complex legal issues involved in negotiating, drafting and enforcing settlement agreements until *Settlement Agreements in Commercial Disputes*. Here, in two comprehensive volumes, including CD-Rom and forms, top experts offer insights gained from many years of litigation and dispute resolution experience to give you critical tools needed to prepare successful settlements: Sophisticated analysis of the law and its application Detailed planning of effective drafting techniques In-depth coverage of hot issues, such as multi-party settlements and tax considerations Strategies for handling special topics, such as tax and environmental concerns A time-saving library of model agreements on disk for a variety of disputes and jurisdictions Extensive case citations And much more Whether you are looking for the best way to handle a particularly troubling issue, or simply want to be sure you have anticipated every legal eventuality, *Settlement Agreements in Commercial Disputes* will give you the insights, information and guidance needed to prepare settlement agreements that meet your client's or company's objectives. Note: Online subscriptions are for three-month periods. Previous Edition: *Settlement Agreements in Commercial Disputes: Negotiating, Drafting and Enforcement* ISBN: 9780735514782

Benefit Corporation Law and Governance Frederick Alexander,2017-10-16 Corporations with a Conscience Corporations today are embedded in a system of shareholder primacy. Nonfinancial concerns—like worker well-being, environmental impact, and community health—are secondary to the imperative to maximize share price. Benefit corporation governance reorients corporations so that they work for the interests of all stakeholders, not just shareholders. This is the first authoritative guide to this new form of governance. It is an invaluable guide for legal and financial professionals, as well as interested entrepreneurs and investors who want to understand how purposeful corporate governance can be put into practice.

Computerworld ,2000-12-18 For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.

Comparative Contract Law Larry A. DiMatteo,Martin Hogg,2016 This book comprises the collected and revised papers from a conference on comparative British and American contract law, held at the University of Edinburgh Law School in September 2013--Preface.

The Law of American Health Care Nicole Huberfeld,Elizabeth Weeks Leonard,Kevin Outtersen,Matthew Lawrence,2023-02-20 Buy a new version of this textbook and receive access to the Connected eBook on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities, plus an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. A student-friendly casebook for the new generation of health lawyers in an evolving legal landscape, *The Law of American Health Care*

emphasizes lightly, carefully edited primary source excerpts, plain-language exposition, focused comprehension questions, and problems for concept application. It introduces key themes and uses them as a conceptual anchor so when the law inevitably changes, students have tools to nimbly move forward. These themes include: federalism; individual rights; fiduciary relationships; the administrative state; markets and regulation; and equity and distribution. The book engages topics in-depth, to give students a comprehensive understanding of the most important features of health care law and hands-on experience working through cutting-edge issues. New to the 3rd Edition: Current debates about government power among public health officials, legislatures, judges, and other state actors, including issues arising from the COVID-19 pandemic Public insurance materials reorganized so students can better absorb Medicare/Medicaid and apply lessons of the pandemic and litigation over various issues Solidification of ACA reforms, including surprise billing legislation and changes in the exchange subsidies that attempted to fill the Medicaid coverage gap Consolidated health care business organization materials New/revised materials and new cases in tax exempt entities and health care fraud/abuse, state action doctrine, and discrimination in healthcare/health insurance (including history of attempts to address health care discrimination, 1964 Civil Rights Act Title VI, ADA, HIPAA portability, ACA guaranteed issue, renewal, community rating, and Section 1557) Government enforcement's more aggressive approach to labor issues *Dobbs v. Jackson Women's Health* and ensuing state law chaos and federal/state conflicts Increased use of digital health care tools and telehealth driven by the pandemic Right-to-try movement and other features of biomedical research that became more relevant during the pandemic Benefits for instructors and students: Practice-oriented approach immerses students in primary source materials that include judicial opinions as well as statutory, regulatory, advisory, and empirical sources used in practice Focused on needs of students practicing health care law in a post-ACA, pandemic-impacted world First health care law casebook to reorient federal law as central authority for health care regulation (as opposed to state or common law) Exploration of two major public insurance programs provided before discussion of private insurance options, intentionally suggesting the increasing primacy of social insurance in the U.S. and underscoring even the most uniform coverage (Medicare) is complex Intro chapter with critical organizing themes and in-depth case studies which are woven throughout other chapters, including more prominent emphasis on equity and distributive justice Text boxes highlight key lessons and help explain/enhance material Directed Questions, hypothetical Problems, and end-of-chapter Capstone Problems support focused reading and clearer synthesis of major issues Manageable length Focused on topics encountered in the day-to-day practice of health law Essential connective narrative without overwhelming notes New co-author with deep health care legislative and regulatory experience

Make the Deal Christopher S. Harrison, 2016-01-21 A comprehensive introduction to today's M&A strategies *Make the Deal* is a direct and accessible guide to striking a powerful M&A deal. Merging business, finance, and law, this insightful examination of M&A strategy is designed to help you understand M&A negotiations and the ways in which the final outcome affects your financial future. A general overview of an acquisition agreement framework segues into a more detailed discussion of different deal structures, including stock sales, mergers, asset sales, and complex structures, giving you the information you need to know when each one applies best in practice. You'll gain insight into real-world negotiations and the delicate balancing act that occurs as each party attempts to maximize value and minimize risk, and learn the potential pitfalls that can occur. Negotiation statistics and samples from actual contracts back the war stories throughout, and reinforce the idea that there's no single perfect solution. As a topic of study, M&A is constantly evolving; in practice, it changes at the speed of light. Staying ahead of the market is the single most critical element of making the best deal, and the strategy that worked for one deal most likely won't work for the next. Instead of simply providing a list of strategies that have worked in the past, this book shows you why they worked, so you can tailor your strategy specifically to your next deal. Learn how M&A contract terms affect economic outcomes Examine the techniques and mechanics of today's acquisition agreements Develop a legal framework that supports your business strategy Follow the ups and downs that arise in real-world cases A successful M&A transaction requires both attention to detail and a big picture view, combined with skill, intellect, and ingenuity. *Make the Deal* brings it all together to show you how to run the table and come away with a win.

Limited Liability Entities Bradley T. Borden, Robert J. Rhee, 2012-05-17 The foremost authority on state laws governing limited liability companies, limited partnerships, and limited liability partnerships. This resource covers choice of entity, formation, admission, dissociation, dissolution, wind up, tax treatment; statutory and case sources are brought together in an accessible manner. By Bradley T. Borden, Robert J. Rhee *Limited Liability Entities: State by State Guide to LLCs, LPs and LLPs* is the country's foremost authority on the state laws governing limited liability companies, limited partnerships, and limited liability partnerships. It contains expert analysis and commentary by two of the nation's most renowned experts in this area of the law and compiles statutory and case sources in an accessible manner. Authors Bradley Borden and Robert Rhee provide seven annual updates to this product, making it the most timely and comprehensive work of its kind. Volume 1 provides a comprehensive overview of limited liability entities. It begins with a detailed review of the history and evolution of limited liability entities. It then provides an in-depth examination of the general state-law

principles that govern limited liability entities, using the uniform limited liability entity laws as a basis for the discussion. Volume 1 also provides comprehensive coverage of the tax treatment of limited liability entities. Starting with Volume 2, the treatise provides in-depth coverage of the respective state laws that govern limited liability entities. For each state, the treatise provides commentary about the state law, including discussion of relevant case rulings. In these commentaries and when appropriate, comparisons are made to other state law and the uniform laws. These volumes also reproduce the relevant state laws that govern limited liability entities. Volume 2 covers the states of Alabama through Colorado Volume 3 covers the states of Connecticut through Hawaii Volume 4 covers the states of Idaho through Kentucky Volume 5 covers the states of Louisiana through Minnesota Volume 6 covers the states of Mississippi through New Hampshire Volume 7 covers the states of New Jersey through Ohio Volume 8 covers the states of Oklahoma through South Dakota Volume 9 covers the states of Tennessee through Vermont Volume 10 covers the states of Virginia through Wyoming
