Festival Places Chris Gibson, John Connell, 2011-01-25 Festivals have burgeoned in rural areas, revitalising old traditions and inventing new reasons to celebrate. How do festivals contribute to tourism, community and a rural sense of belonging? What are their cultural, environmental and economic dimensions? This book answers such questions - featuring contributions from leading geographers, historians, anthropologists, tourism scholars and cultural researchers. It draws on a range of case studies: from the rustic charm of agricultural shows and family circuses to the effervescent festival of Elvis Presley impersonators in Parkes; from wildflower collecting to the cosmopolitan beats of ChillOut, Australia's largest non-metropolitan gay and lesbian festival. Festivals as diverse as youth surfing carnivals, country music musters, Aboriginal gatherings in the remote Australian outback, Scottish highland gatherings and German Christmas celebrations are united in their emphasis on community, conviviality and fun.

Urban Australia and Post-Punk David Nichols, Sophie Perillo, 2020-02-25 Richard Lowenstein's 1986 masterpiece *Dogs in Space* was and remains controversial, divisive, compelling and inspirational. Made less than a decade after the events it is based on, using many of the people involved in those events as actors, the film explored Melbourne's 'postpunk' counterculture of share houses, drugs and decadence. Amongst its ensemble cast was Michael Hutchence, one of the biggest music stars of the period, in his acting debut. This book is a collection of essays exploring the place, period and legacy of *Dogs in Space*, by people who were there or who have been affected by this remarkable film. The writers are musicians, actors and artists and also academics in heritage, history, urban planning, gender studies, geography, performance and music. This is an invaluable resource for anyone passionate about Australian film, society, culture, history, heritage, music and art.

They Played Rugby for Australia 2023 edition Eric Lemon, Teejay Haar, 2024-04-12 Over 500 pages of facts, statistics, and records of every match and every player for the Australian national Rugby Union team from the first match in June 1899 up to December 2023.

Music Festivals and Regional Development in Australia Chris Gibson, John Connell, 2016-04-29 Throughout the world, the number of festivals has grown exponentially in the last two decades, as people celebrate local and regional cultures, but perhaps more importantly as local councils and other groups seek to use festivals both to promote tourism and to stimulate rural development. However, most studies of festivals have tended to focus almost exclusively on the cultural and symbolic aspects, or on narrow modelling of economic multiplier impacts, rather than examining their long-term implications for rural change. This book therefore has an original focus. It is structured in two parts: the first discusses broad issues affecting music festivals globally, especially in the context of rural revitalisation. The second part looks in more detail at a range of types of festivals commonly found throughout North America, Europe and Australasia, such as country music, jazz, opera and alternative music festivals. The authors draw on in-depth research undertaken over the past five years in a range of Australian places, which traces the overall growth of festivals of various kinds, examines four of the more important and

distinctive music festivals, and makes clear conclusions on their significance for rural and regional change.

The Encyclopaedia Britannica: Index ,1911 The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained with its volumes. It is especially strong in its biographical entries.
