The Routledge Companion to Philanthropy Tobias Jung, Susan D. Phillips, Jenny Harrow, 2016-05-17

Philanthropy – the use of private resources for public purposes – is undergoing a transformation, both in practice and as an emerging field of study. Expectations of what philanthropy can achieve have risen significantly in recent years, reflecting a substantial, but uneven, increase in global wealth and the rolling back of state services in anticipation that philanthropy will fill the void. In addition to this, experiments with entrepreneurial and venture philanthropy are producing novel intersections of the public, non-profit and private spheres, accompanied by new kinds of partnerships and hybrid organisational forms. The Routledge Companion to Philanthropy examines these changes and other challenges that philanthropists and philanthropic organisations face. With contributions from an international team of leading contemporary thinkers on philanthropy, this Companion provides an introduction to, and critical exploration of, philanthropy; discussing current theories, research and the diverse professional practices within the field from a variety of disciplinary perspectives. The Routledge Companion to Philanthropy is a rich and valuable resource for students, researchers, practitioners and policymakers working in or interested in philanthropy.

Auf Grundlage einer transdisziplinären Lektüre der Debatten zu »Gefühl« und »Kritik« analysiert Frederik Metje Ansätze, die beide Begriffe miteinander in Beziehung setzen. Diese Kritiken politischer Gefühle führen zu einem Ansatz der Selbst-

*Coercive Diplomacy of NATO in Kosovo* Enver

Bytyçi,2015-04-01 This book represents a detailed and comprehensive examination of the developments of NATO's engagement in Kosovo, and the related policies of western countries. In addition to offering an in-depth analysis of historical developments in the relationships between Albanians and Serbs, the book also provides a constructive discussion of the events of the Kosovo conflict, which constituted one of the main concerns in the international agenda towards the end of the twentieth century. The basic theme set forth in this book is the reasoning behind NATO's intervention in Kosovo during the spring of 1999, namely to end the conflict between Albanians and Serbs and to aid the Kosovo Albanians in achieving their freedom from the jurisdiction of the Serbian state. Based on extensive evidence, the author analyzes the contradicting stances conveyed at the Security Council regarding the conflict, NATO's military intervention and the issue of Kosovo's future. The book provides useful information for any scholars, students and readers interested in gaining a more detailed understanding of Kosovo's historical developments on an international level. It offers the reader detailed insights into, and descriptions of, the events that took place in the military conflict in Kosovo; it provides various facts and figures, evidences and counterarguments in response to what happened in this politically volatile region.

**Christians or Jews?** Réka Tímea Újlaki-

Nagy,2022-09-05 Transylvanian Sabbatarianism emerged from the aspirations of the Reformation, without direct contact with the Jews. Although the most frequently asked question about them concerns their identity – were they

Christians or Jews – the answers of the literature are superficial, biased, and take only an external point of view. The aim of this book, therefore, is to move closer to the 16–17th century Sabbatarian manuscripts and to examine how much they were still connected to Christianity in their biblical interpretations, doctrines and religious practices, how they adapted to Judaism, and how they saw themselves in relation to the two world religions. The analysis of Réka Tímea Újlaki-Nagy shows that although they still held some Christian beliefs, these were considered to be incidental and unnecessary to salvation. Sabbatarians followed the ideal of an age preceding Christ, consequently the Reformation effort to reconstitute apostolic Christianity disappeared from their religious thought.
