Gary A. Smith

Live Nude Girl Kathleen Rooney, 2010-07-01 Collects essays about the years the author spent as a professional nude model.

**Vampire Films of the 1970s** Gary A. Smith, 2017-02-06 The 1970s were turbulent times and the films made then reflected the fact. Vampire movies—always a cinema staple—were no exception. Spurred by the worldwide success of Hammer Film's *Dracula Has Risen from the Grave* (1969), vampire movies filled theaters for the next ten years—from the truly awful to bonafide classics. Audiences took the good with the bad and came back for more. Providing a critical review of the genre's overlooked Golden Age, this book explores a mixed bag from around the world, including *The Vampire Lovers* (1970), *Dracula Versus Frankenstein* (1971), *Scream, Blacula, Scream* (1973), *'Salem's Lot* (1975), *Dracula Sucks* (1978) and *Love at First Bite* (1979) and many others.

Henry James Goes to the Movies Susan M. Griffin, 2021-10-21 Why has a nineteenth-century author with an elitist reputation proved so popular with directors as varied as William Wyler, François Truffaut, and James Ivory? A partial answer lies in the way many of Henry James's recurring themes still haunt us: the workings of power, the position of women in society, the complexities of sexuality and desire. Susan Griffin has assembled fifteen of the world's foremost authorities on Henry James to examine both the impact of James on film and the impact of film on James. Anthony Mazella traces the various adaptations of *The Turn of the Screw*, from novel to play to opera to film. Peggy McCormack examines the ways the personal lives of Peter Bogdanovich and then-girlfriend Cybill Shepherd influenced critical reaction to *Daisy Miller* (1974). Leland Person points out the consequences of casting Christopher Reeve—then better known as Superman—in *The Bostonians* (1984) during the conservative political context of the first Reagan presidency. Nancy Bentley defends Jane Campion's anachronistic reading of *Portrait of a Lady* (1996) as being more authentic than the more common period costume dramas. Dale Bauer observes James's influence on such films as *Next Stop, Wonderland* (1998) and *Notting Hill* (1999). Marc Bousquet explores the ways *Wings of the Dove* (1997) addresses the economic and cultural situations of Gen-X viewers. Other fascinating essays as well as a complete filmography and bibliography of work on James and film round out the collection.

**Biker Gangs and Transnational Organized Crime** Thomas Barker, 2014-10-17 *Biker Gangs and Transnational Organized Crime*, Second Edition, describes and analyzes a rapidly expanding global problem: criminal acts committed by motorcycle gangs. Thomas Barker, one of the world's top experts on outlaw biker gangs, offers fascinating details about the Bandidos, the Vagos, the Mongols, and other one percenters (criminal biker gangs, as opposed to the vast majority of motorcycle enthusiasts). He combines this data with a strengthened conceptual framework that makes sense of this complicated picture. U.S.-based motorcycle gangs like the Hells Angels have proliferated, especially in Canada and Europe, to the point where these gangs have more members in other countries than in the United States. Increasingly more often in recent years their crimes are not limited to rumbles or drug use—these gangs challenge the dominance of organized crime, leading to violent conflicts between the rivals. Germany, Scandinavia, the UK, the Netherlands, and Canada are particularly hard-hit by this rising violence. One of Barker's unique contributions is his Criminal Organization Continuum, building on the groundbreaking network approach to organized crime proposed by Klaus von Lampe. Introduced in the first edition, Barker elaborates his continuum tool and makes it more multi-dimensional to help refine the definition of adult criminal gangs. The product of years of research, this book lays the groundwork for further study by offering students, police, and researchers the most thorough account available of outlaw motorcycle gangs.

**Victorian Vogue** Dianne F. Sadoff,2010 Ranging from cinematic images of Jane Austen's estates to Oscar Wilde's drawing rooms, Dianne F. Sadoff looks at popular heritage films, often featuring Hollywood stars, that have been adapted from nineteenth-century novels. Victorian Vogue argues that heritage films perform different cultural functions at key historical moments in the twentieth century. According to Sadoff, they are characterized by a double historical consciousness-one that is as attentive to the concerns of the time of production as to those of the Victorian period. If James Whale's Frankenstein and Tod Browning's Dracula exploited post-Depression fear in the 1930s, the horror films of the 1950s used the genre to explore homosexual panic, 1970s movies elaborated the sexuality only hinted at in the thirties, and films of the 1990s indulged the pleasures of consumption. Taking a broad view of the relationships among film, literature, and current events, Sadoff contrasts films not merely with their nineteenth-century source novels but with crucial historical moments in the twentieth century, showing their cultural use in interpreting the present, not just the past.

*Stone Nudes* Dean Fidelman,2020-02-25 The art of climbing dis-robed and disrobed. Twenty years ago, Dean Fidelman asked a rock climber to take off her shoes and boulder nude, and his famous series Stone Nudes was born. The stunning black-and-white images of athletic figures captured in motion on cliffs in breathtaking wild landscapes have made Fidelman famous within the climbing community. Fidelman followed his nomadic muses around North America and the world, framing them in the picturesque landscapes of Yosemite Valley; Joshua Tree; Moab, Utah; Patagonia; Europe; and coastal Thailand. The sensual photographs uniquely capture the stark beauty of athletes on the stone, their muscular bodies camouflaging with the formations of the rocks they are poised on. This book will appeal to those interested in climbing, lovers of nude photography, as well as anyone who appreciates breathtaking images of improbable physical feats across stunning landscapes.

*Controlling Sex in Captivity* Matthias Reiss,2018-06-14 *Controlling Sex in Captivity* is the first book to examine the nature, extent and impact of the sexual activities of Axis prisoners of war in the United States during the Second World War. Historians have so far interpreted the interactions between captors and captives in America as the beginning of the post-war friendship between the United States, Germany and Italy. Matthias Reiss argues that this paradigm is too simplistic. Widespread fraternisation also led to sexual relationships which created significant negative publicity, and some Axis POWs got caught up in the U.S. Army's new campaign against homosexuals. By focusing on the fight against fraternisation and same-sex activities, this study treads new ground. It stresses that contact between captors and captives was often loaded with conflict and influenced by perceptions of gender and race. It highlights the transnational impact of fraternisation and argues that the prisoners' sojourn in the United States also influenced American society by fuelling a growing concern about social disintegration and sexual deviancy, which eventually triggered a conservative backlash after the war.

*Kathy The Nudie Girl* Ardor,2013-06-01 Kathy was a normal, shy girl. Then one day she started to experiment with her wardrobe. Before she knew it Kathy was doing all sorts of unusual things. You might say that Kathy enjoys the great outdoors in a way most nature lovers haven't even thought of. At first it started out in the privacy of her own home. Then, somehow, it got out of control. It got waaaaay out of control. Before long Kathy found herself doing things in public that she never, ever, thought she'd do. Thankfully Colleen is there to keep lookout for her. Of course when the two of them got caught one day, in the mall, by another friend of Kathy's things jump to an entirely different level. The problem is the more trouble Kathy finds herself in, the more Colleen embarrasses and humiliates her, the more Kathy likes it. Kathy is exposed to things, and places, she's never even considered before. Kathy is exposed to all sorts of new things in the mall, in the park, in her very own neighborhood and then for the grand finale her old friend introduces her a brand new way to work. Try the free sample chapter for a true feel of what Kathy is really about. The entire story is 54,337 words that will expose you to a whole new way to see the world.

**An Old Man Remembers the Depression, Sex and War** Harvey W. Gladhill,2016-07-30 This is the story of a boy born during the Depression. He was ashamed of being raised by two different sets of aunts and uncles for twelve years. He moved from his hometown to Philadelphia just as he was starting school and was on welfare those six years. Then he returned to his hometown and worked for the last six years of school to earn money for his keep and future life. After graduation, he moved to Detroit, where he went to Dodge trade school for four months. He was then transferred to Chrysler Highland Park plant, into the tool room. While there for two years, he went to Chrysler Institute of Engineering three nights a week for three hours. In January of 1943, he went into the armed

forces. After basic training, he then joined an all-voluntary unit during WWII and fought at twenty to one hundred miles behind the German lines in teams of four in eight armored cars (M-8s). Their missions were to blow up ammo and fuel depots and cut communication lines. Each team had a separate area to cover in front of the Third Army. They raised so much havoc that the Germans assigned eight squads of SS troops to hunt them down and kill them. He had sex with German girls to gain information. To complete his missions, he did not care if he lived or was killed. It is a must to read this telling story of an abused child and a crazy soldier.
