Number Synchronicity Skot Jonz, 2004-09-27 Number

Synchronicity: A Beacon of Light for the Souls Journey stands as a definitive exploration of a phenomenon affecting millions of people around the world. In exploring the inexplicable, it becomes necessary to go beyond the amusement of numerology books that show how to gain insight from numbers in a name or birth date. Plenty of good books for that already exist. Bridging the gap between scientific objectivity and outrageous speculation, Number Synchronicity maintains the middle path. In pursuit of the truth, seemingly separate threads weave the fabric of a new understanding. Abundant facts and convincing evidence equate number synchronicity to a beacon of light in a storm, providing guidance and comfort during times of chaos, transition, and uncertainty.

The Heart of Numerology Lynn Buess, 2012 Perhaps you have read a little about numerology and wondered just how it manages to reveal so much. If you have been looking for more information to take you beyond the elementary texts and teachings of numbers, you have come to the right place. By choosing the study of this symbolic matrix, you have chosen a path that can take you into the most sublime heights and penetrating depths of human consciousness and beyond. Do you want to know a secret? Many of them can be revealed as you weave your way through a multidimensional journey of symbolic delight that numerology presents. Lynn Buess, MA, EdS, has served more than one half of a century studying, teaching, and counseling in the field of symbols, cycles, and numbers. Lynn is well qualified to be the one to outline this journey and help show you the way. He is the only practicing professional numerologist to have completed two accredited graduate degrees in which he specialized in the meaning of

numbers and symbols and the psychological application of these symbols to life. In his teaching, he reveals the psychology, cosmology, and spirituality of numerology. To him, numbers are not a static set of symbols; rather, they are like cosmic chords of sound and light that help make up the rhythms of the cosmic dance. Would you like to dance?

Numerology for the New Age Lynn Buess, 1978 Our own vibrations and cyclical patterns are numerologically determined by our dates of birth and given names. By understanding these cycles, we can learn to more efficiently express our potential, human and divine. This volume concentrates more on the experiential value of numerology than the historical. Lynn Buess has come into national prominence since the success of his first book *The Tarot and Transformation*. His popularity as a speaker and instructor has taken him across the country many times to universities, churches, professional organizations, and New Age Centers of Light. He has appeared on numerous television shows and on radio talk shows from coast to coast. Although his work with Tarot and Numerology causes most people to associate him with symbolical studies, Lynn spends most of his time today working with various alternative metaphysical healing methods. Since his gift of healing awakened years ago, he has demonstrated and taught numerous techniques of psycho-spiritual healing. He is also the author of *Synergy Session(R)*, which teaches an entirely new system of multiple-level wholistic counseling/healing. Along with his national tours, he has taught courses on parapsychology, healing, Tarot, meditation, and self-awareness at several colleges and one university within the University System of Georgia. As a tireless worker, Lynn is dedicated to bringing sincere seekers into a deeper awareness of the LIGHT

within.

Numerology: Spiritual Light Vibrations Jeanne Morris, 2014-07-08
JEANNE MORRIS, known in her field simply as Jeanne, first published *Numerology: Spiritual Light Vibrations* in 1984 after 35 years of research and teaching. She wrote the book for three reasons. First, to share the depth and full meaning of the “double numbers” and “triple numbers”, about which little had been written. Secondly, to provide a systematic chart which would be useful for both new and advanced students so that anyone could exercise this knowledge. Finally, Jeanne wanted interested students to have a means for understanding vibrations and spiritual purpose in their own lives at the dawn of the “new age” of Aquarius, with its “rush of new vibrations.” This is a rare book, with insights for anyone who wants to understand themselves and their life purpose at a deeper level. Jeanne Morris writes, “You are a powerful creator transmitting your thoughts into manifested form. You are a vast reservoir of energy, and the quality of your life depends upon your use of this energy and upon your accepted human belief system. The place where your attitude is focused is the control point and the indicator of how this energy is expressed. Numerology helps direct where your attention needs to be focused.” Inspired Wisdom Press is delighted and honored to bring this book back so everyone can once again have access to this unique and valuable information.

It is also the first book to present a thorough explanation of the numbers and letters, starting with their origins--the how and why of their design--and exploring their nature in names and language. In addition, it introduces the Inner Guidance Number, a powerful tool for accessing our inner knowing. Note: This is a repackaging of *The Secret Science of Numerology: The Hidden Meaning of Numbers and Letters* by Shirley Lawrence (New Page, 2001; ISBN: 9781564145291), which has until recently only been available via Lightning Source.

Mysteries and Secrets of Numerology Lionel and Patricia

Fanthorpe,2013-03-09 Do the secrets of life lie hidden in numbers? *Mysteries and Secrets of Numerology* investigates the ancient and

widespread belief that numbers have unexplained powers to influence our lives, everything we do, and everything around us, so that, as the brilliant scientist and philosopher Sir James Hopwood Jeans wrote, The Great Architect of the Universe now begins to appear as a pure mathematician. Numerology extends throughout the history of the world – from Pythagoras to the mysteries of ancient Babylonia and India, from Norse runes to Egyptian hieroglyphs and ancient Hebrew Gematria. Names, places, and dates all seem to have mysterious numerological significance. Some are positive and supportive; others appear to be negative and act as warnings. Where does the truth lie? In the face of so much global and historical evidence, and in the light of the power of numbers in nature, science, and technology, the secrets and mysteries of numerology are well worth investigating.

The Numerology Book Dayanara Blue Star, 2015-04-16 Basically, numerology is self-help, too. It helps people gain deeper insights into their true nature and inner-being. It is able to reveal certain parts of your personality and character in a new light. You get a whole new perspective about YOU. Self-knowledge has long been proclaimed as the key to freedom and success. Self-Discovery begins with good questions and honest answers to them. Numerology is a pathway to finding out these answers and gaining a better understanding of how our lives work and why things are the way they are. Some good questions are - Where is My Life Going? Who Am I Really? Why Don't Things Go The Way I Want? When Will I Make it to Where I'm Going? What Am I Doing Here? Why Do I Act Like I Do? People

often ask themselves these questions even though at times they don't even realize it. In Numerology, the keys for finding your life purpose are contained in two sets of extremely personal numbers, which are your birth date and your birth name. Numerology is a system based on the works of the ancient Chinese, Romans, Jews, Egyptians, and Greeks. It was then developed on by Pythagoras, who was a philosopher and mathematician back in the 6th century. Pythagoras, Buddha, and Confucius no longer explained the world from a standpoint of mythology, but turned to processes and physical forces for explanations. Pythagoras had a great theory and philosophy that simply stated says All is number. Take advantage of this great opportunity to learn more about how numerology can improve your life in ways you never expected!

Numerology of Astrology Lynn Buess,2013-12-25 Lynn Buess has

done it again! As an innovator in the consciousness and self-awareness field for over forty years, he has now contributed a decidedly unique perspective of the time-honored system of astrology, helping humanity further understand its relationship to the universe. With this latest contribution to self-growth, Lynn offers an original perspective of numerology ? this time with the combination of numerological characteristics and astrological influences. He not only writes from an intellectual viewpoint but as someone who has experienced glimpses of cosmic consciousness. Like most of his works, it is his hope that this volume will help seekers better connect to their cosmic memories of being both human and eternal in nature.

Experience all the signs of the zodiac in minute detail: Aries ? Taurus ? Gemini ? Cancer ? Leo ? Virgo ? Libra ? Scorpio ? Sagittarius ? Capricorn ? Aquarius ? Pisces It is my feeling that the sun degree serves a role of pinpointing just where the soul has the opportunity to make significant strides in personal growth or potentially stumble into a setback. A combination of the numerical value of the degree and the sun sign are blended together to offer insight about the nature of that commitment. ? Lynn Buess, MA, EdS

Numerology Lynn Buess, 1991 Since the publication of *Numerology for the New Age*, Lynn has come into national and international prominence. His combination of psychotherapeutic insight and esoteric knowledge have caused many to consider him the foremost world spokesman on the relationship between numbers and human behavior. In this volume, he turns his attention toward the age-old issue of relationships. With clear and direct style, he identifies the archetypal patterns of each numerical combination. By providing clues to conscious and unconscious issues, Lynn gives the reader choices of behavior in relationships. With choice comes the possibility

of recognizing and releasing patterns of victimhood, abuse, and dysfunction, allowing for growth, joy, fulfillment, and compatible sharing between partners.

The Sacred Numbers of Initiation Lars Muhl, 2023-06-13

Bestselling spiritual author Lars Muhl presents an effective system of numerology based both on secret teachings passed on in the remote Pyrenees and also on his extensive knowledge of the ancient Essenes. This book is a guide to using numerology for practical and spiritual guidance. It's attractive to look at with many diagrams showing how the different numbers relate to each other and where they fit on the Kabbalistic Tree of Life. Beautiful Hebrew letters are used throughout and, once you have worked out your own number, there is a wealth of information on the different nuances of meaning associated with it. Just reading each entry is a profound experience. The basic text for the 22 seed-numbers plus the quotations in this book reflect the numerological outlook and philosophy of the Essenes, the mystical cult in the Holy Land, to which belonged Christ and John the Baptist. Its traces are seen in the Old and New Testaments and in the so-called Gnostic Gospels. The purpose of The Sacred Numbers of Initiation is to inspire you and give you an idea of the spiritual qualities and potentials you are carrying with you in this incarnation. When you are aware of them, you can evolve and manifest them. Simply put, the words attached to the numbers inspire you to "walk the talk".
