The Husbands Sharmila Chauhan,2014-07-23 It's Aya's wedding day. Her third. Her current two husbands aren't too fussed. In a society in which there are few women, that's just what happens. But as the household prepares for the wedding feast, a stranger arrives - one who threatens to challenge everything they believe in. Against a backdrop of modern rural India, Sharmila Chauhan weaves an extraordinary tale of love and wonder. From the preparation

of luxury food and the sacrifice of the lamb to the dressing of the bride and the dance to end all dances, this will be an exuberant, joyful and challenging piece of theatre. 'In parts of India, polyandry has become a necessity. Gendercide, as a consequence of the ancient preference for boys, the modern desire for smaller families and the increasing availability of ultrasound techniques to detect the gender of a baby still in the womb means that the number of females is declining. I wrote *The Husbands* both as a response to this but also as an exploration of the complexity of love, intimacy and trust between one woman and three men where gender differences and expectations are amplified. In a sense this play is as much a warning as an allegory for the fate of women in The West today.' - Sharmila Chauhan

Pediatric and Adolescent Obstetrics and Gynecology J.P. Lavery, J.S. Sanfilippo, 2012-12-06 This book covers a broad area-the problems associated with female development-from the appearance of gender abnormalities in the delivery room, through the trials of pubescence, early maturation, and precocious child bearing. Experts from many diverse fields of scholarship have contributed chapters covering a wide range of subjects. The contributors have concentrated on their areas of expertise. The broad range of this book is unique; no other textbook covers as many areas. The diversity of subjects covered will help the reader (gynecologist, pediatrician, nurse, health counselor, social worker, or psychologist) to understand both the physical and psychological problems which beset the female, from birth to adolescence. Because of the wealth of information presented, we hope that this volume will serve as a reference source and as a basis for further in-depth studies. The editors wish to express sincere thanks for the efforts above and beyond the call of duty on the part of many members of our staff. A special thank you to Carrie Marcell

R.N., our research nurse and University of Louisville coordinator for this project, for her time and effort in putting up with the vagaries of the editors; and to Betty Jones and Linda Grear for their fine secretarial work. Special recognition is due Sue Koenig, whose patience with us in adapting the text to our word processor made our job a great deal easier.

Khandan (Family) Gurpreet Kaur Bhatti, 2014-09-02 What happens when the legacy of a father collides with the dreams of his son? Widow Jeeto Gill has spent her life working hard and making sacrifices for her children. Now she looks forward to going back to her land in the Punjab, eating saag and roti on a verandah and letting her tired eyes rest on green fields. Her son Pal seems to have it all but he's restless. He's got big plans for his Daddy's business and a taste for Johnny Walker Black Label. However his kind-hearted wife Liz has her own ideas about what's best. Meanwhile Pal's sharp-tongued sister Cookie runs the tackiest beauty salon in town and harbours a dark secret. When their cousin's destitute wife, Reema, arrives

from back home, the Gills propose to take care of her. Little do they know that her arrival will change the course of their family's destiny forever.

Tiger Country Nina Raine, 2014 A brilliantly entertaining and exhilarating riff on the structure and format of a TV hospital drama.

Rubén Fontana Rubén Fontana, Jorge Frascara, 1993 This series explores architecture; furniture; and interior, graphic, and industrial design with the intention of reflecting the wealth and diversity found in the extensive panorama of contemporary design. Featured designers are chosen on the basis of their originality and their accomplishments. Each book starts with an introductory essay by a well-known critic or designer. The designers themselves stylize the presentation and decide what material will be included -- therefore presenting not only a reference text, but also exhibiting another aspect of the designer's creative vision.

Behzti (Dishonour) Gurpreet Kaur Bhatti, 2012-06-26 You think it is pleasant watching a fat virgin become infertile? I want to be seen and noticed and invited by people. I want anything... that is not this. Past her prime, Min joyfully spends her life caring for her sick, foul-mouthed mother, Balbir. Today, for the first time in years, they're off out. Mother and daughter head to the local Sikh Temple, but when Balbir encounters old friends, a past trauma rears its ugly head. Min and Balbir's illusions are about to be shattered as they become immersed in a world of desperate aspiration and dangerous deals. In a community where public honour is paramount, is there any room for the truth? *Behzti* was scheduled to open at The Door (Birmingham Rep) in December 2004 but was cancelled due to protests by some members of the local Sikh community.

Economies of Design Guy Julier, 2017-02-13 How are the

rise of design and neoliberalism connected? How does design change the way we operate as economic beings? What is the economic significance of design? Historically, design has been promoted for its capacity to add value to products and services. In contemporary capitalism, however, it assumes a more central and more complex role. Design today is both influenced by, and actively shapes, our economic systems. This ground-breaking book shines a spotlight on how design has become embedded in political economies. It reveals the multiple ways in which design has emerged as a vital feature of neoliberal economic systems, from urban strategies to commercial processes to government policy-making. Drawing on a range of global examples, Guy Julier: explains the economic processes of design explores the relationship between design and intellectual property discusses the role of design in the public sector highlights the impact of design in informal and alternative economies brings theory to life with case studies on home improvements, fast fashion, shopping centres and more. Economies of Design provides a thought-provoking new way of understanding and talking about the meanings of design in contemporary capitalism. It is an essential companion for students of design and the creative industries across the arts, humanities and social sciences.

Cor Hydræ (Heart of the Snake) Jono

Borden,2023-10-17 ((Short Story Collection). Constellating around the hermit Alphard, from the Arabic al-fard, meaning The Solitary One, named for the brightest star within the constellation Hydra-the largest in the night sky-which Tycho Brahe called The Heart of the Snake, these twisted tales are stitched together by questions of immortality and temptation.Spanning vast geographies, centuries, and psychologies, the gothic grit and desolate dissonance of these absurd stories would best be classed among those

defying classification, better exiled than at home alongside Horace Walpole's eccentric Hieroglyphic Tales, yarns defying definition by rewriting it, if not exceeding expectations then conflating them with adrenaline-adulating anticipation. These succinct curiosities weave in and out of Borden's well-known, labyrinthine psyche, not so much consolidating but extrapolating on Jono's many and varied esoteric interests which thread and pepper the book with a dark flavour those seeking to scorch an alternate path toward the light will savour.
