E-Man Al Sheppard; Jerry Schmetterer, 2009-03-13 "Al Sheppard was on the front lines of the most difficult job in police work. E-Men risk their lives every day in many different ways. They are great cops, and Al's memoir is right on the mark." —Detective Sgt. Joseph Coffey, NYPD, Ret., Author of *The Coffey Files* "Sheppard served in the NYPD during the 'urban warfare' years and received his 'Baptism of Fire' at the 'Williamsburg Siege.' He was a decorated hero of the NYPD and member of the elite Emergency Service Unit (ESU). In his book *E-Man*, Al takes the reader on a non-stop roller coaster ride of emotions as he reveals life on the streets through the eyes of a combatant during the turbulent times and the work of the Emergency Service Unit—the same unit that the police call when they need help." —Detective Lt. Vern Gelbreth, NYPD, Homicide Commander "Al Sheppard is the REAL DEAL, and *E-Man* chronicles his years in the NYPD's Emergency Service Unit with heart-pounding excitement. Sheppard was on the front lines during the era of Vietnam, Black Power, and the Urban Drug Wars, and he survived it all to tell the tale in a book rich with insider's detail and a wry sense of humor. *E-Man* is the best New York cop book to come down the pike since *The French Connection*." —T.J. English, Author of *Paddy Whacked* and *The Westies* *E-Man* is the breathtaking and sometimes heartbreaking memoir of one of New York's legendary emergency service cops. For 10 years Al Sheppard sped through the crowded New York streets to come to the aid of civilians and other police officers, always putting their needs ahead of his. *E-Man* is a story of adventure, courage and love.

Special Police Vehicles Larry Shapiro, Most of today's law enforcement agencies maintain or have access to Critical Incident Response Teams (formerly SWAT) and their specialized vehicles. Some of the contraptions featured in this all-color, on-scene look at CIRT vehicles include SUVs, buses, motorcycles, and ATVs. Shapiro explains the functions of each vehicle and relates true stories of dangerous law enforcement tasks such as hazardous-material transportation and drug enforcement.

An Unlikely Union Paul Moses, 2015-07-03 *An Unlikely Union* tells the dramatic story of how two of America's largest ethnic groups learned to love and laugh with each other after decades of animosity. They came from the poorest parts of Ireland and Italy and met as rivals on the sidewalks of New York. Beginning in the nineteenth century, the Irish and Italians clashed in the Catholic Church, on the waterfront, at construction sites, and in the streets. Then they made peace through romance, marrying each other on a large scale in the years after World War II. The vibrant cast of characters features saints such as Mother Frances X. Cabrini, who stood up to the Irish American archbishop of New York when he tried to send her back to Italy, and sinners like Al Capone, who left his Irish wife home the night he shot it out with Brooklyn's Irish mob. The book also highlights the torrid love affair between radical labor organizers Elizabeth Gurley Flynn and Carlo Tresca; the alliance between Italian American gangster Paul Kelly and Tammany's "Big Tim" Sullivan; heroic detective Joseph Petrosino's struggle to be accepted in the Irish-run NYPD; and the competition between Frank Sinatra and Bing Crosby to become the country's top male vocalist. In this engaging history of the Irish and Italians, veteran New York City journalist and professor Paul Moses offers a classic American story of competition, cooperation, and resilience. At a time of renewed fear of immigrants, *An Unlikely Union* reminds us that Americans are able to absorb tremendous social change and conflict—and come out the better for it.

Anytime Anywhere Samuel M. Katz, 1997 From the Empire State Building slaughter to the crash of TWA Flight 800, follow the front line action of the New York Police Department's

Emergency Services Unit--in a riveting eyewitness account of the ESU's intrepid Truck-Two, the squad that patrols Manhattan North. Eight-page photo insert.

New York City Police Joshua Ruff, Michael Cronin, New York City Police Museum, 2012

New York City, one of the world's premier urban centers, is also home to the world's most famous and storied municipal law enforcement service: the NYPD. Policing in New York is as old as the city itself, although much has changed since the first Dutch rattle watch patrolled streets in the 1620s. Technological improvements, advancing professional standards, and historical moments like the 1898 consolidation of New York City and the terrorist attack of September 11, 2001, have each profoundly changed the way New York City police officers do their jobs. Still, as New York City Police emphasizes, certain elements of the job remain true through the decades and centuries. Being a police officer in New York City has always involved a certain amount of danger, sacrifice, and public coordination.

Through the Lens Lauren Walsh, 2022-03-10 2020 was a period of groundbreaking social and political upheaval, in combination with a colossal epidemiological crisis—and it urgently redefined the working conditions of photojournalists. The historic 2020 Black Lives Matter protests and the devastating Covid-19 pandemic presented unique challenges for photojournalism, forcing photographers into a terrain defined by new ethical, technological, and safety (emotional and physical) concerns, as well as innovative attacks on press freedom. Through a series of interviews—with top photographers who covered 2020's biggest crises, as well as key photo editors who grappled with these unprecedented obstacles inside the newsroom—*Through the Lens: The Pandemic and Black Lives Matter* unpacks the industry's most critical debates as it sheds light on the experiences and thought processes of the visual journalists themselves. Importantly, this book encourages readers to consider the efforts behind the camera lens: the challenges and risks visual journalists face to bring us the news in pictures. Richly illustrated with evocative photos, *Through the Lens* is a timely and vital look at the role photojournalism serves in a world of crisis. It is a powerful follow-up to Lauren Walsh's previous title, *Conversations on Conflict Photography*, which offers a crucial exploration of the visual documentation of war and humanitarian crisis.

The Acoustics of the Social on Page and Screen Nathalie Aghoro, 2021-09-09

Sound positions individuals as social subjects. The presence of human beings, animals, objects, or technologies reverberates into the spaces we inhabit and produces distinct soundscapes that render social practices, group associations, and socio-cultural tensions audible. *The Acoustics of the Social on Page and Screen* unites interdisciplinary perspectives on the social dimensions of sound in audiovisual and literary environments. The essays in the collection discuss soundtracks for shared values, group membership, and collective agency, and engage with the subversive functions of sound and sonic forms of resistance in American literature, film, and TV.

New York Magazine, 1972-03-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Walking and Mapping Karen O'Rourke, 2016-02-12 An exploration of walking and

mapping as both form and content in art projects using old and new technologies, shoe leather and GPS. From Guy Debord in the early 1950s to Richard Long, Janet Cardiff, and Esther Polak more recently, contemporary artists have returned again and again to the walking motif. Today, the convergence of global networks, online databases, and new tools for mobile mapping coincides with a resurgence of interest in walking as an art form. In *Walking and Mapping*, Karen O'Rourke explores a series of walking/mapping projects by contemporary artists. She offers close readings of these projects—many of which she was able to experience firsthand—and situates them in relation to landmark works from the past half-century. Together, they form a new entity, a dynamic whole greater than the sum of its parts. By alternating close study of selected projects with a broader view of their place in a bigger picture, *Walking and Mapping* itself maps a complex phenomenon.
