Revisões Historiográficas / Historiographical Revisions Ruth Verde Zein,2021-12-27 Como ensinar e aprender história da arquitetura? Para responder essa inquietação de maneira certa, são revisitados oito importantes livros panorâmicos sobre a arquitetura brasileira, produzidos em diferentes momentos do século XX e início do XXI. A organizadora e sua equipe de pesquisa exploram a possibilidade de combinar a medição quantitativa com interpretações de natureza mais subjetiva, revelando paradoxos complexos, não intuitivos, e talvez inesperados, dando forma a alguns dos vazios do cânon Este livro apresenta um conjunto metodológico de ferramentas para a revisão crítica de ideias repetidas e axiomas convertidos em cânones, possibilitando questionamentos e a abertura de novos caminhos. As tabelas e gráficos produzidos no livro são livremente interpretados e contraponteados pela visão de dezoito autores e autoras que contribuíram para o livro, desde jovens pesquisadores a renomados especialistas convidados/as. How to teach and learn architectural history? To answer this question, eight important panoramic books on Brazilian architecture, produced at different times in the twentieth century and early twenty-first, are revisited. The organizer and her research team explored the possibility of combining quantitative measurement extracted from these books with interpretations of a more subjective nature, revealing complex, non-intuitive, and unexpected paradoxes, shaping some of the canon's voids. The book presents a methodological set of tools for the critical revision of repeated ideas and axioms converted into canons, allowing for questioning, and opening new paths. The tables and graphs produced in the book are freely interpreted and counterpointed by the views of eighteen contributing authors, ranging from young researchers to renowned guest experts. Voices from an Empire Russell G. Hamilton,1975-07-24 Voices From an Empire was first published in 1975. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. The literature of the various regions of Lusophone Africa has received relatively little critical attention compared with that which has been focused on the work of writers in the English- and French- speaking countries of Africa. With the profound changes which are occurring in the social and political structures of Lusophone Africa, there is particular need for the comprehensive look at Afro-Portuguese literature which this account provides. Professor Hamilton traces the development of this literature in the broad perspective of it social, cultural, and aesthetic context. He discusses the whole of the Afro-Portuguese literary phenomenon, as it occurs on the Cape Verde archipelago, in Guinea-Bissau, on the Guinea Gulf islands of Sao Tome and Principe, in Angola, and in Mozambique. In an introduction he discusses some basic questions about Afro-Portuguese literature, among them, the matter of a definition of this body of writing, the implications of the concept of negritude, the role of Portugal and Brazil in Afro-Portuguese literature, and the social and cultural significance of the dominant literary themes found in the various regions of Lusophone Africa. Because he sees the regionalist movement in Angola as the most significant in terms of a neo-African orientation, he begins the book with an extensive study of the literature of that country. Many examples of afro-Portuguese poetry are given, both in the original language and in the English translation. There is a bibliography, and a map shows the African regions of study.

Crossroads of Freedom Walter Fraga,2016-04-29 By 1870 the sugar plantations of the Recôncavo region in Bahia, Brazil, held at least seventy thousand slaves, making it one of the largest and most enduring slave societies in the Americas. In this new translation of Crossroads of Freedom—which won the 2011 Clarence H. Haring Prize for the Most Outstanding Book on Latin American History—Walter Fraga charts these slaves' daily lives and recounts their struggle to make a future for themselves following slavery's abolition in 1888. Through painstaking archival research, he illuminates the hopes, difficulties, opportunities, and setbacks of ex-slaves and plantation owners alike as they adjusted to their postabolition environment. Breaking new ground in Brazilian historiography, Fraga does not see an abrupt shift with slavery's abolition; rather, he describes a period of continuous change in which the strategies, customs, and identities that slaves built under slavery allowed them to navigate their newfound freedom. Fraga's analysis of how Recôncavo's residents came to define freedom and slavery more accurately describes this seminal period in Brazilian history, while clarifying how slavery and freedom are understood in the present.

Reply of the Portuguese Government to the Case in Support of the Claim of Great Britain to the Island of Bolama on the Western Coast of Africa Portugal,1869 The United States had been asked to adjudicate between Britain and Portugal in the dispute between these two countries over the ownership of the island of Bolama, now part of Guinea-Bissau. This is the Portuguese government's statement of its case. In 1870 the United States commission of adjudication, chaired by Ulysses S. Grant, awarded Bolama to Portugal.
