Chesty Jon T. Hoffman, 2007-12-18 Featured on the Commandant of the Marine Corps' Reading List and the Chief of Naval Operation's "Naval Power" Reading List The Marine Corps is known for its heroes, and Lieutenant General Lewis B. Puller has long been considered the greatest of them all. His assignments and activities covered an extraordinary spectrum of warfare. Puller mastered small unit guerrilla warfare as a lieutenant in Haiti in the 1920s, and at the end of his career commanded a division in Korea. In between, he chased Sandino in Nicaragua and fought at Guadalcanal, Cape Gloucester, and Peleliu. With his bulldog face, barrel chest (which earned him the nickname Chesty), gruff voice, and common touch, Puller became—and has remained—the epitome of the Marine combat officer. At times Puller's actions have been called into question—at Peleliu, for instance, where, against a heavily fortified position, he lost more than half of his regiment. And then there is the saga of his son, who followed in Chesty's footsteps as a Marine officer only to suffer horrible wounds in Vietnam (his book, *Fortunate Son*, won the Pulitzer Prize). Jon Hoffman has been given special access to Puller's personal papers as well as his personnel record. The result will unquestionably stand as the last word about Chesty Puller.

Marine Mustang Martha Callaway, Noble Callaway, 2021-09-08 In the first book, a seventeen year-old high school drop out joins the Marine Corps and becomes among the first Marines to enter Vietnam. Because of the influence from his first sergeant to see the mission through he stays to the bitter end. In the second book, he achieves his dream of being a Marine officer by becoming a Warrant Officer. In this book he achieves his ultimate dream when he is commissioned to the rank of Captain. In the twilight of his career, he is

sent on some of his most strange and unique missions in such places as Somalia, Haiti, Bosnia, Honduras, and Kosovo.

Surprising Facts About Being a Marine Kristin J Russo, 2019-05-01 Marines are a prestigious branch of the military who dedicate themselves to honor, courage, and commitment. In times of conflict, these values turn Marines into the heroes we know them to be. But what are their everyday lives like? What does their rigorous training involve? And what makes being a member of this military branch unique? The answers in this eBook may surprise you.

Blacks in the Marine Corps Henry I. Shaw, Ralph W. Donnelly, 1976

The United States Marine Corps Michael Green, 1998 Provides an introduction to the history, function, weaponry, and future of the United States Marine Corps.

Underdogs Aaron B. O'Connell, 2012-10-29 Exploring the growth of the Marines from disadvantaged to elite force, this history "offers an excellent analysis of how the marines became the Marines." (Publishers Weekly) The Marine Corps has always considered itself a breed apart. This undying faith in its own exceptionalism is what has made the Marines one of the sharpest, swiftest tools of American military power. Aaron O'Connell focuses on the period from World War II to Vietnam, when the Marine Corps transformed itself from America's least respected to its most elite armed force. Venerating sacrifice and suffering, privileging the collective over the individual, Corps culture was saturated with romantic and religious overtones that had enormous marketing potential in a postwar America energized by new global responsibilities. Capitalizing on this, the Marines curried the favor of the nation's best reporters, befriended publishers, courted Hollywood and Congress, and built a public relations infrastructure that would eventually brand it as the most prestigious military service in America. But as O'Connell suggests, the Corps' triumphs did not come without costs, including a culture of violence that sometimes spread beyond the battlefield. "A significant and original contribution to both the military history of the Cold War and the ongoing conversation about the militarization of American culture." –Beth Bailey, author of *America's Army: Making the All-Volunteer Force* "Takes readers inside the culture of the Corps." –Nathaniel Fick, author of *One Bullet Away: The Making of a Marine Officer* "Insightful." –Library Journal "A powerful account of the relationship between fighting war and preserving peace, viewed through the lens of the stories that built support for both." –Kirkus Reviews "Absorbing." –The Wall Street Journal

Second Platoon: Call Sign Hades First Lieutenant Mark A. Bodrog, 2013-11-14 The war in Afghanistan is considered by most to be America's longest and least talked about war to date. After terrorists attacked the United States on 9/11, less than one percent of America's population answered our nation's call to serve in the Armed Forces. Even fewer Americans made the life choice to become United States Marines. During this war, two Marine Corps platoon's were selected by their Battalion to fully integrate with two platoons of Afghanistan National Army Soldier's in order to create a Combined Action Company (CAC) capable of conducting sustained Counterinsurgency (COIN) operations throughout their Area of Operation's (AO) and adjacent

battlespaces. Inside of this book, you will learn about one of those platoons and how they fought the Taliban during their deployment to the Helmand Province, Afghanistan. In this memoir, Bodrog recalls how his platoon of Marines, Sailors and Afghan Soldiers lived, operated and fought in the Helmand Province, Afghanistan as part of the Combined Action Company. In doing so and translucently through the men under his command, the author attempts to immortalize every Marine, servicemen and civilian who sacrificed everything they had to ensure the survival of our great nation, while asking for nothing in return. The missions and stories mentioned in this memoir must never be forgotten or become a lost chapter in our nation's history. Discover what it's like to be one of the bold few who still fight for freedom and gain a deeper appreciation of the Marines and Sailors who served this great nation with Second Platoon: Call Sign Hades.

Reluctant Warrior Michael Hodgins,1997-10-29 ONE OF THE BEST VIETNAM WAR STORIES I'VE EVER READ, one damn good, compelling read. It's almost something out of a Clancy novel, yet it's true. The best thing I can say about it is I didn't want it to end. --Col. David Hackworth, New York Times bestselling author of *About Face* By the spring of 1970, American troops were ordered to pull out of Vietnam. The Marines of 1st Reconnaissance Battalion, commanded by Lieutenant Colonel Wild Bill Drumright, were assigned to cover the withdrawal of 1st Marine Division. The Marines of 1st RECON Bn operated in teams of six or seven men. Heavily armed, the teams fought a multitude of bitter engagements with a numerically superior and increasingly aggressive enemy. Michael C. Hodgins served in Company C, 1st RECON Bn (Rein), as a platoon leader. In powerful, graphic prose, he chronicles his experience as a patrol leader in myriad combat situations--from hasty ambush to emergency extraction to prisoner snatch to combined-arms ambush. . . . THIS MEMOIR IS GRIPPING. --American Way

Greatest U.S. Marine Corps Stories Ever Told Iain Martin, 2007-08-01 On Friday, November 10, 1775, the Continental Congress approved a resolution for the organization of the Corps, creating what would become the hallowed few, the proud--the Marines. Since then, the men and women of the United States Marine Corps have created the finest traditions of service and honor, and supplied a pantheon of heroes who have upheld them. In *The Greatest U.S. Marine Stories Ever Told*, editor Iain Martin has accumulated these marines' most amazing true tales of service and sacrifice, from the Halls of Montezuma, to the shores of Tripoli, to the conflicts where they serve today.

Con Thien James P. Coan, 2004-08-10 Con Thien is a memoir/history of a much-beleaguered Marine outpost of the DMZ Throughout much of 1967, a remote United States Marine firebase only two miles from the demilitarized zone (DMZ) captured the attention of the world's media. That artillery-scarred outpost was the linchpin of the so-called McNamara Line intended to deter incursions into South Vietnam by the North Vietnamese Army. As such, the fighting along this territory was particularly intense and bloody, and the body count rose daily. Con Thien combines James P. Coan's personal experiences with information taken from archives, interviews with battle participants, and official documents to construct a powerful story of the daily life and combat on the red clay bulls-eye known as The Hill of Angels. As a tank platoon leader in Alpha Company, 3d Tank Battalion, 3d Marine Division, Coan was stationed at Con Thien for eight months during his 1967-68 service in Vietnam and witnessed much of the carnage. Con Thien was heavily bombarded by enemy artillery with impunity because it was located in politically sensitive territory and the U.S. government would not permit direct armed response from Marine tanks. Coan, like many other soldiers, began to feel as though the government was as much the enemy as the NVA, yet he continued to fight for his country with all that he had. In his riveting memoir, Coan depicts the hardships of life in the DMZ and the ineffectiveness of much of the U.S. military effort in Vietnam.
