Occupant Emergency Program Guide ,1980

Occupant Emergency Program Guide ,1990

Guide for All-Hazard Emergency Operations Planning Kay C. Goss,1998-05 Meant to aid State & local emergency managers in their efforts to develop & maintain a viable all-hazard emergency operations plan. This guide clarifies the preparedness, response, & short-term recovery planning elements that warrant inclusion in emergency operations plans. It offers the best judgment & recommendations on how to deal with the entire planning process -- from forming a planning team to writing the plan. Specific topics of discussion include: preliminary considerations, the planning process, emergency operations plan format, basic plan content, functional annex content, hazard-unique planning, & linking Federal & State operations.

Building Systems for Interior Designers Corky Binggeli,Taylor Lucas,2024-04-02 BUILDING SYSTEMS FOR INTERIOR DESIGNERS Make design decisions informed by technical and structural knowledge with this essential guide Professional interior design demands more than simply an understanding of aesthetic and artistic considerations; it also requires a detailed understanding of building systems and their interactions. Design decisions must account for mechanical and electrical equipment, building components, and structural elements, all of which can potentially shape a designer's work. Building Systems for Interior Designers has long stood as the key to understanding and evaluating these elements, particularly key building systems like HVAC and plumbing, and their impacts on interior design. This Fourth Edition is fully updated to fit the needs of the CIDA certified interior design program and the NCIDQ exam. The fourth edition of Building Systems for Interior Designers also includes: Updated information on sustainable and energy-efficient design Detailed coverage of topics including security concerns, fire safety, and designing secure spaces Classroom supplements including sample construction documents, chapter specific discussion questions, and more Building Systems for Interior Designers is ideal for students in interior design courses and new professionals studying for NCIDQ exams.
