Headlocks and Dropkicks Ted Kluck, 2009-06-22 Is it sport or is it entertainment? As presented by World Wrestling Entertainment, Inc., the most well-known promoter of professional wrestling, it is hard for the uninitiated to tell. A refuge for the very athletic, and often a breeding ground for the highly dysfunctional, professional wrestling is, in the truest sense, life on the fringes. Headlocks and Dropkicks: A Butt-Kicking Ride through the World of Professional Wrestling chronicles sportswriter Ted A. Kluck's effort to become a professional wrestler at a popular wrestling school in the suburbs of Chicago. In training to become a wrestler, Kluck was able to delve into the traveling-circus elements of the sport and talk to the people who make it work-promoters, bookers, and the wrestlers themselves. Wrestling has weathered manifold changes in American taste to survive and thrive as it does today. Kluck examines the tension between the good vs. evil tales that permeated wrestling in the early to mid 1980s, along with the seamy soap opera storylines that seem to drive it today. He also takes time to catch up

with the biggest stars the sport has produced—some of whom have parlayed their fame into financial security and others who are currently looking to reclaim their past glory.

Gears of War: Jacinto's Remnant Karen Traviss,2009-07-28 Based on the blockbuster Xbox game, this is the stunning story of the men and women who stood between a planet and total destruction—and now have to face the consequences of their actions. After a brutal fifteen-year war for survival, the Coalition of Ordered Governments is forced to destroy mankind's last city in a final bid to stop the Locust Horde. As the survivors flee Jacinto, they must contend with the last of the Locust, bent on vengeance, as they struggle to stay alive in an icy wilderness. Marcus Fenix, Dom Santiago, and their fellow Gears fight to get Jacinto's refugees to a safe haven, but find themselves in a lawless new world where the enemy is human—and as desperate and dangerous as any grub.

Gears of War: The Slab Karen Traviss,2012-05-08 An original novel based on the groundbreaking and award-winning military sci-fi-action video game series Gears of War—written by #1 New York Times bestselling author Karen Traviss! MARCUS FENIX. WAR HERO. LOYAL SON. TRAITOR. Ten years after Emergence Day, as the Locust Horde advances on humanity's last defended area—Ephyra—in a bloody war that has seen billions die, Marcus Fenix does the unthinkable: he defies orders and abandons his post during a critical battle in a bid to rescue his

father, weapons scientist Adam Fenix. But Adam is buried in the rubble during a ferocious assault on the Fenix mansion, and Ephyra falls to the enemy. Marcus, grieving for a father everyone believes is dead, is court-martialed for dereliction of duty and sentenced to forty years in the Coalition of Ordered Government's brutal maximum security prison, known simply as the Slab. But Adam is very much alive, snatched from the destruction by the elite Onyx Guard on Chairman Richard Prescott's orders. He's now a long way from home and in a prison of his own—a COG doomsday bunker on the tropical island of Azura, a place hidden from the rest of Sera since the Pendulum Wars. His own guilty secret has been exposed: Adam knew the Locust existed deep below the surface of Sera long before Emergence Day, and were being driven from their tunnels by a lethal parasite known as the Lambent. Now he has to find a way to destroy the Lambent while the dwindling COG forces fight to hold back a growing Locust army that's threatening to overrun the city. As Adam struggles to find redemption in his comfortable island jail, Marcus seeks his own atonement in the squalid, closed world within the Slab's granite walls. While Dom Santiago and Anya Stroud fight to get him released, ready to make any sacrifice to free him, Marcus gradually finds unexpected kinship among Sera's most dangerous criminals—and a way to carry on his personal war against the Locust.

Gears of War: Anvil Gate Karen Traviss,2010-08-31 Continuing the saga of the bestselling game series! In the third of three official tie-in novels to the hugely successful videogame from Microsoft and Epic Games, Marcus Fenix

and his Gears defend humanity's final city from the Locust horde. With the Locust Horde apparently destroyed, Jacinto's survivors have begun to rebuild human society on the Locust stronghold. Raiding pirate gangs take a toll—but it's nothing that Marcus Fenix and the Gears can't handle. Then the nightmare they thought they'd left behind begins to stalk them again. Something far worse, something even the Locust dreaded, has emerged to spread across the planet, and not even this remote island haven is beyond its reach. Gears and Stranded must fight side by side to survive their deadliest enemy yet, falling back on the savage tactics of another bloody siege—Anvil Gate.
