Locating, Analyzing and Evaluating Real Estate Properties Dave Ravindra,2010-07-12 Success is something that we all wish to achieve. We all have potential to be successful, however potential is nothing if not realized and acted upon. We have all seen the infomercials, read the articles, and heard of people from all walks of life making hundreds of thousands of dollars through real estate. The key to their success in real estate is knowledge and action, not just understanding how to buy and sell property or how to word clauses. These are important, however true success will continue to elude you unless you truly understand the concepts involved in locating, analyzing and evaluating real estate properties. Within the context of these pages you will be enlightened on the concepts and techniques involved in properly locating real estate, analyzing your new found real estate and correctly evaluating that real estate. Any real estate investor, whether they are new to the field or have been active for many years will and can benefit from this book.

The Okanagan Wine Tour Guide John Schreiner,Luke Whittall,2020-04-28 The definitive guide to Interior BC wineries, covering the Okanagan, Similkameen, Thompson and Kootenays. With updated maps and travel tips, it's your ultimate glove-box guide, now in a newly expanded and updated edition. For nearly fifteen years Okanagan Wine Tour Guide has been the definitive companion for travelling the winding roads of BC's Interior wine region. In this, the 6th edition, John Schreiner and his new co-author—wine writer, podcaster, and instructor Luke Whittall—chart the latest developments at the oldest wineries and the very first vintages from the newest startups in a region that stretches along Okanagan Lake, west to the Similkameen, north to the Thompson, and east to the Kootenays. This edition includes 240 wineries (that's over 40 openings in five years!), revised and updated maps, contact information, tasting room information, and recommendations. From pioneers like Quail's Gate on Mount Boucherie to the newest arrivals like Cliff & Gorge in Lillooet, these stories are as varied as the personalities of the wines themselves—a few vines planted as a retirement project, a few acres purchased on a whim, or a gala grand opening underpinned by years of planning and consultation. What emerges across the guide is the sense of community and the room for wildly different philosophies on everything from growing to fermenting to naming. Whether you're paging through the aisles of the local liquor store, sorting your Viogniers from your Syrahs, or relishing a family vineyard's journey from its Quonset-hut years to international acclaim, John Schreiner's Okanagan Wine Tour is the ultimate guide to and celebration of Interior BC wine.

Okanagan Odyssey Don Gayton,2011-02-01 Okanagan Odyssey is a quirky and lyrical examination of British Columbia's Okanagan Valley. Sticking to the backroads and byways, Gayton gently pokes and prods local ecosystems, histories, vineyards and people. From Osoyoos in the south to Armstrong at the head of the Valley, the author revels in the biological and social diversity while sampling local wines and fruit along the way. In his unique version of wine pairing, Gayton matches up local books and landscapes with local vintages, giving terroir a whole new meaning. An ecologist by profession, Gayton deftly negotiates the tension between the Okanagan that is home to many endangered species and ecosystems, and the same Okanagan that is a mecca for developers and urban refugees. Okanagan Odyssey is not a travel guide, but represents travel writing at its idiosyncratic best. Please visit Don at www.dongayton.ca.

How to Live in the Woods on Pennies a Day Bradford Angier,2017-09-15 Bradford Angier did it, and now shows how anyone—even today—can find free or cheap land, build a home, find food, preserve it, keep warm, find employment, and even get a mail-order education out where the land is beautiful, game and fish abound, and man can reduce life to its essentials or live in great comfort on nature's credit card. Striking out for the northland is easy with this realistic look at the pros and cons of wilderness living and advice on where to write for specifics on transportation, local weather conditions, homesteading, and career opportunities. For a week or for years, food—and electric bills—are never a problem with instructions on building underground, running-stream, or river bank refrigerators. The food cache stays full with details on: Building a smoke house Making jerky, covered-wagon style Curing meat with salt and spices Curing bear hams and bacon Making wild game sausage Using bayberries for seasoning, candles, soap Building a log cabin is simple enough when a skilled woodsman explains how to: Peel, season, and preserve logs Lay out the floor plan Prepare the foundation Use pioneer ways of leveling, squaring Lift logs easily Make doors, windows, floor, roof Do the caulking and chinking Make basic furniture

Integrated Water Management in Canada Dan Shrubsole, Dan Walters, Barbara Veale, Bruce Mitchell,2018-12-07 This volume provides readers with an opportunity to learn from front line water managers of watershed-based agencies across Canada about integrated water management (or integrated water resource management). In common with practice in much of the world, the responsibility for implementing integrated watershed management in Canada is fragmented. Each province and territory in Canada has developed unique approaches or governance models to guide decision making in that regard. Thus, this edited volume enables readers from around the world to gain insight on the best practices in Canada for achieving success and addressing barriers to implement IWM. Although there remains non consensus about how to best approach river basin management, some of the main observations include: There is a need to balance a focus on the big picture, with scoping the scale and scope of planning activities in order that feasible and effective solutions can be implemented Three types of integration are popular among the agencies included in the book: (i) among environment, economy and society, (ii) interactions between people and the environment and (iii) integration (or coordination) of administrative activities. Much more attention is required to achieving effective engagement from Indigenous communities The chapters were originally published in a special issue of the International Journal of Water Resources Development.

Okanagan Slow Road Bernadette McDonald,2014-04-01 A compilation of the best of the region's food, drink, and recreation, the book reveals local culinary secrets: crusty double-baked bread, lavender-infused pepper, seasonal vegetables, dark red cherries, sinfully rich double-cream brie, and farm-fresh eggs with yolks so dark they will startle. And of course, the wines. What would delicious local food be without famous vintages from the unique Okanagan terroir? Although not a definitive guide to Okanagan wines, this book is a personal journey from southern desert wineries with their big reds through to the northern Okanagan where crisp whites rule, and includes a list of the many wineries worth visiting. Explore the entire length of the Okanagan Valley, with experiences such as spying a rare canyon wren, cycling the historic Kettle Valley Railroad across heart-stopping trestle bridges or among neatly planted vineyards, hiking through fields of spring flowers, paddling in a protected bay, and climbing on the world-famous gneiss of the Skaha Bluffs. Use the wonderful resource of Okanagan Valley farmers' markets at the back of the book to guide your shopping in the region. Eat local, buy local, cook the food yourself, pair dishes with local vintages, and have a lot of fun in the process. Take your time. Slow down. Taste. Smell. Those are the messages of Okanagan Slow Road.
