Old Masters and Young Geniuses David W. Galenson, 2011-06-27 When in their lives do great artists produce their greatest art? Do they strive for creative perfection throughout decades of painstaking and frustrating experimentation, or do they achieve it confidently and decisively, through meticulous planning that yields masterpieces early in their lives? By examining the careers not only of great painters but also of important sculptors, poets, novelists, and movie directors, *Old Masters and Young Geniuses* offers a profound new understanding of artistic creativity. Using a wide range of evidence, David Galenson demonstrates that there are two fundamentally different approaches to innovation, and that each is associated with a distinct pattern of discovery over a lifetime. Experimental innovators work by trial and error, and arrive at their major contributions gradually, late in life. In contrast, conceptual innovators make sudden breakthroughs by formulating new ideas, usually at an early age. Galenson shows why such artists as Michelangelo, Rembrandt, Cézanne, Jackson Pollock, Virginia Woolf, Robert Frost, and Alfred Hitchcock were experimental old masters, and why Vermeer, van Gogh, Picasso, Herman Melville, James Joyce, Sylvia Plath, and Orson Welles were conceptual young geniuses. He also explains how this changes our understanding of art and its past. Experimental innovators seek, and conceptual innovators find. By illuminating the differences between them, this pioneering book provides vivid new insights into the mysterious processes of human creativity.

Old Masters Thomas Bernhard, 2019-08-15 In this exuberantly satirical novel, the tutor Atzbacher has been summoned by his friend Reger to meet him in a Viennese museum. While Reger gazes at a Tintoretto portrait, Atzbacher—who fears Reger's plans to kill himself—gives us a portrait of the musicologist: his wisdom, his devotion to his wife, and his love-hate relationship with art. With characteristically acerbic wit, Bernhard exposes the pretensions and aspirations of humanity in a novel at once pessimistic and strangely exhilarating. Bernhard's . . . most enjoyable novel.—Robert Craft, *New York Review of Books*. Bernhard is one of the masters of contemporary European fiction.—George Steiner

Modern Painters, Old Masters Elizabeth Prettejohn, 2017 *Le revers de la jaquette indique* : With the rise of museums in the 19th century, including the formation in 1824 of the National gallery in London, the art of the past became visible and accessible (in Victorian England) as never before. Inspired by the work of Sandro Botticelli, Jan van Eyck, Diego Velazquez, and others, British artists transformed contemporary art through a creative process that emphasized imitation and emulation. Elizabeth Prettejohn analyzes the ways in which the Old Masters were interpreted by artists, as well as critics, curators, and scholars, and argues that Victorian artists were, paradoxically, at their most original when they imitated the Old Masters most faithfully. Covering Victorian art from the Pre-Raphaelites through to the early modernists, she vividly traces the ways in which artist such as Dante Gabriel Rossetti, Edward Burne-Jones, and William Orpen engaged with the art of the past to produce some of the greatest art of the late nineteenth and early twentieth centuries.

What Great Paintings Say Rose-Marie Hagen, Rainer Hagen, 2003 These are the kinds of question Rose-Marie and Rainer Hagen ask when faced with world-famous masterpieces. In the language of today they comment on the fashions and attitudes, trends and intrigues, love, vice and lifestyles of past times. Book jacket.

All for Nothing Walter Kempowski,2018-02-13 A wealthy family tries--and fails--to seal themselves off from the chaos of post-World War II life surrounding them in this stunning novel by one of Germany's most important post-war writers. In East Prussia, January 1945, the German forces are in retreat and the Red Army is approaching. The von Globig family's manor house, the Georgenhof, is falling into disrepair. Auntie runs the estate as best she can since Eberhard von Globig, a special officer in the German army, went to war, leaving behind his beautiful but vague wife, Katharina, and her bookish twelve-year-old son, Peter. As the road fills with Germans fleeing the occupied territories, the Georgenhof begins to receive strange visitors--a Nazi violinist, a dissident painter, a Baltic baron, even a Jewish refugee. Yet in the main, life continues as banal, wondrous, and complicit as ever for the family, until their caution, their hedged bets, and their denial are answered by the wholly expected events they haven't allowed themselves to imagine. All for Nothing, published in 2006, was the last novel by Walter Kempowski, one of postwar Germany's most acclaimed and popular writers.

Old Masters Rock M. Nottebohm,2017-05 This book demystifies western art and demonstrates that it is accessible to all of us--adults and children alike ... It introduces the type of questions that help us discover things about a work of art and how we feel about it ... Throughout, the emphasis is on looking at the paintings and drawing one's own conclusions about what one is seeing. Grouped into thirteen themes, ... 50 paintings from the fourteenth century through to the early twentieth century are featured--Publisher's website.

Old Masters Memory Game Mieke Gerritzen,2015-08 Old Masters Memory Game collects the most famous and beloved portrait painters from the 16th and 17th centuries in one game that is fun to play, educational, and a feast for the eyes. The task, as always, is to collect two cards that make one set- in this case, two portrait paintings by the same painter. The sets are clearly recognizable by the posture of the figure, facial expression, the style of painting, and attributes like clothes and hairstyle. To help, there is always the brochure with all the paintings in pairs and a little explanation on the painters. This is a wonderful gift item for gift shops and all museums that collect the old masters. The game consists of 50 cards of 25 sets featuring world-famous portraits by the likes of Rembrandt van Rijn, Johannes Vermeer, Leonardo da Vinci, Sandro Botticello, Titian, Frans Hals, Albrecht Durer, Goya, and many others.

Classic Still Life Painting Jane Jones,2004 Henry is generally well-behaved, but he is occasionally arrogant and vain. Henry is at heart a hard worker, but his frequent bouts of illness hinder his work.
