**New York Marriages Previous to 1784** New York (State),1968 This work embraces as complete a collection of early New York marriage licenses as could be put together from official sources. With its various supplements, it comprises records of about one-fourth of all marriages that took place in New York prior to 1784, when the practice of issuing marriage licenses fell into disuse. In brief, it contains approximately 25,000 entries arranged alphabetically under the names of both brides and grooms, each giving the date of the license and a reference to the precise location of the original record.  
*Persuasion in Advertising* John O'Shaughnessy,Nicholas O'Shaughnessy,2004-08-02 Effective advertising is, almost always, persuasive advertising, and while not all advertising seeks to persuade, in a competitive situation those who best persuade are those most likely to win. This exciting new book seeks to explain the precise ways in which advertising successfully persuades consumers, setting out the strategies for advertisers to adopt and illustrating the theories at work. Offering not only a conceptual and theoretical grounding in persuasive techniques, this book also provides concrete empirical research that is uniquely incorporated into a marketing textbook format. The authors cover topics including: difficulties of persuasion, rationality and emotion in persuasion, positive reinforcement techniques and cognitive approaches to persuasion. To illuminate these theories, the authors include original case-studies on campaigns as diverse as Death Cigarettes, Mecca Cola, The Oxo Family and Renault Clio, as well as recent advertisements from BMW, McDonalds, Omega and Silk Cut. A genuinely fresh text on the art of persuasion in advertising, this book is essential reading for all marketing students and academics.
